DEMOCRATIC

Mass-Meeting

A Democratic Mass Meeting will be held IN CHESTERTOWN,

Friday, October 20, 1911

The State candidates—

HON. ARTHUR P. GORMAN,
EMERSON C. HARRINGTON,
EDGAR ALLEN POE,

and other speakers, will be present. Speaking in the afternoon at 3, and in the evening at 7.30.

A BRASS BAND will furnish music at the meetings.

THERE is not a white Democrat in Kent who will vote the Republican ticket. He can't afford to do it. His every interest is in the election of Gorman, Harrington and Poe.

THIS speaks well for prohibition. There are a half million young men and women in Kansas over 21 years old who have never seen a saloon in that State; there is not a Kansas newspaper which publishes a liquor advertisement; one-third the counties of Kansas have not a prisoner in their jails nor a pauper in their poor houses; one-half the counties of Kansas did not send a convict to the penitentiary last year. Kansas stands first in the capital valuation of assessed property.

BOTH CANDIDATES FOR GOVERNOR DECLARE FOR LOCAL OPTION.

The Anti-Saloon League announces that it has received written pledges from Messrs. Goldsborough and Gorman, Republican and Democratic candidates for Governor, that if elected they will sign the local option bill if passed and will not interfere with its passage. They also declare their belief that the people have a right to vote upon all such questions. This takes the local option question out of the Governorship contest, and leaves the League free to center upon the Legislature.

The League does not indorse or support either candidate for Governor, but leaves every voter in its constituency free to vote in his own judgment.

Questions will be sent to the Legislative candidates this week and the declaration in favor of self government by the heads of both tickets will practically force the legislative candidates to do the same in self-defense.

CORN GROWING CONTESTS.

In several Maryland counties there have been inaugurated this year contests among boys in growing the largest possible fields of corn to the acre. The NEWS has recommended the plan to our efficient Examiner who has been working on the very same thing and will no doubt be heard from.

These contests possess an immense educational value; they are good not only to teach the boys, but also the farmers intensive farming methods. An acre of wornout soil, with a clay substratum, might yield without care or extra effort only 25 bushels to the acre. But this same acre of land can be made to produce 100 bushels, and it is not stretching the possibility to say that in the second or third year the yield could be increased to 200 bushels to the acre. This latter result could not, of course, be attained except by extraordinary use of commercial fertilizers and by the most careful sort of planting and tillage and, if the season happened to be drouthy, by the employment of artificial irrigation. But it is well worth while on every farm to take an experimental acre and ascertain just what, by intensive methods, it can be made to yield. By keeping an account of the exact cost of raising such an experimental acre to the highest stage of productiveness the farmer can find out whether it would be profitable to raise the whole of his farm to such a high acreage. In the use of artificial fertilizers it is, of course, easy to overdo matters: to kill, by putting on too heavy. Farming is a science demanding a constant use of sound judgment and accuracy of knowledge.

It is thought proper to suggest that each boy entering the contest should have an agreement with his father or guardian by which he will receive the net proceeds of the acre of corn grown by him. We venture to predict that in nine out of ten cases the boy will beat the father.

Now is the time to arrange for good seed.

An Idle Threat

MR. JOHN B. HANNA, Chairman of the Republican State Central Committee, is alleged to have said in an interview published in Baltimore papers on Wednesday. "That if the Election Supervisors and what are known as the Wilson ballot law counties, try to arrange the ballots so that they will be difficult to vote that prosecution will be instituted against the Supervisors in the U. S. Courts, basing his threats on a decision of Judge Morris in what is known as the Annapolis case, which case is about as near to the Wilson ballot law as the moon is to green cheese, the Annapolis case was one, where in acting under State status the Registers of Voters refused to register Annapolis negroes. This statute afterwards was decided by Judge Morris to be in conflict with the fifteenth amendment of federal constitution, therefor, became a dead letter. The Wilson ballot law in no way conflicts with federal statutes and has been upheld by the courts whenever questioned. Mr. Hanna's threat is buncombe of the rankest kind and is intimidation pure and simple.

MURRAY VANDIVER,
Chairman Democratic Central Committee.

EDGAR ALLEN POE,
Democratic Candidate for Attorney General.

"VOTE FOR A MAN AND NOT A FIGUREHEAD."

To the Editor of The Sun—Sir: So much has been said lately regarding the candidacy of Hon. Arthur P. Gorman for Governor—several letters even impeaching his character as a statesman—let me impress the Democratic voters at large that I challenge anyone, Democrat or Republican, to produce before the State of Maryland a man his equal in intellectual power, moral character, honesty, fairness, love and justice toward his fellowmen. Arthur P. Gorman is a man who cannot be bought. His aim has always been honesty to everybody, and that is why some one is kicking him. No one can better fill the position which he seeks and to which he was nominated by the people at large, and not behind the Custom House doors like the other fellow was. Therefore stand by him. His record shows who Arthur P. Gorman is.

Some one signing himself as "Pat" in a recent letter talks about knifing him. Does he know what Democracy means? No, I don't think he does; for if he did he wouldn't talk that way. But I guess he isn't the only one.

Vote for a man and not a figurehead.

JOHN W. BARTON.
Hillendale, Towson, Md., Sept. 29.
Baltimore Sunday Sun, Oct. 1, 1911.

A GARRULOUS FOREMAN.

Question? Is Mr. Dodson the foreman of the Baltimore City Grand Jury, the new Republican Campaign Manager. Never before has a Foreman of a Grand Jury publicly threatened what his fellow-Jurors would do. The doings of the Grand Jury under their oath are secret. In this case it seems "a little power makes one mad," and this Foreman lays aside all the sanctity of his oath for campaign purposes. In an interview as reported in the Baltimore Sun, he is alleged to have said: "Before this Grand Jury goes out of business, the Democratic ring in Baltimore City will be out of business."

Another question—Mr. Dobson. How about the Republican ring for whom you are working so industriously?

Miss Clara Smith has just been elected a fellow of the American Association for the Advancement of Science, partly because she has solved a problem in mathematics which has puzzled college professors for more than a century. Miss Smith is an instructor of mathematics in Wellesley College.

THE decision noted elsewhere means that Wm W. Beck, Esq., goes on the Democratic ticket as the candidate for State Senator as well as Mr. James Bramble for Judge of Orphans' Court.

THE Kent Circuit Court on Thursday rendered a decision in the case of A. W. Woodall vs. James E. Woodall over the ownership of the "Colchester Farm" in favor of James E. Woodall.

POINTS TO VOTERS.

In order to vote it is necessary that you be properly REGISTERED.

The remaining registration day this year is October 10. Revision day, October 17.

Every male person of twenty-one years or over who has been a resident of the State for one year and of the county or Legislative district for the preceding six months is entitled to vote in the precinct and district in which he resides.

This year there is an Intermediate registration on the day above mentioned. This is for the purpose of registering those who are entitled to be registered, but who for some reason are not already on the books of the precinct or district in which they now reside.

Those persons who now reside in the same locality in which they voted last year and whose names are still on the registery are not required to register again this year.

Are you sure you are properly registered in the place where you now reside? If not, then be sure and take a look at the registration books on October 10.

Have you moved your residence from the district or precinct since last election? If so, apply to the Board of Registration of your last voting place and get a transfer.

Have you moved into the county from another portion of the State more than six months prior to the next November 7th? If so, be sure to procure a transfer from your last voting place and have your name properly registered where you now reside.

Have you moved into the State from elsewhere and not yet appeared before the Clerk of the Circuit Court for your county to make affidavit to the fact that you intend to take up your residence here? It is necessary to do this at least one year before the election for which you wish to be registered as a voter.

Do not forget that although the Boards of Registry still sit two days, to wit: October 10 and 17, only on October 10 can you apply for registration or transfer. October 17 is for revision and correction only and no new names can be added to the books on that day. UNLESS YOU ARE REGISTERED YOU WILL NOT BE PERMITTED TO VOTE.

Is Your Child "Backward" at School?

POSSIBLY the whole trouble lies in defective eyes—the brain may be waiting and willing, but the eye CANNOT feed it with knowledge. Thousands of "backward" pupils have been able to "go ahead" when their eyes were corrected by proper lenses. Or your child may be making progress, but under an eye STRAIN that will soon tell on its nervous system. Better bring the child to me so you may KNOW there is nothing the matter with its eyes—or have what IS wrong made right.
