OLD ST. PAUL'S REOPENED

Divine Services In Historic Edifice After Being Closed Seven Months

Old St. Paul's P. E. Church, Kent County, Md., was formally opened for divine service on Sunday, Jan. 2, after having been closed for seven months. The church has been thoroughly repaired, painted, heated and carpeted, and a splendid pipe organ installed, the gift of Mrs. Helen Kenly Granger, as a memorial to her husband, John Victor Granger, who died in the service of his country. And as its rich tones filled the church, our hearts throbbed with a gratitude that was beautifully expressed in the dedication hymn, written for the occasion by the rector, Rev. Dr. W. F. Dickinson. It was also the occasion of the first visit of Bishop Davenport to the church. The charm of his personality and the power of his eloquence reached every heart with the earnestness of his appeal that we should begin the new year with a resolve to do everything in the name of Christ. The reawakening of the church spirit was shown in the splendid singing of the choir and congregation, under the directorship of Mrs. Julian Bird, who has been untiring in her zeal and efforts. Mr. Conlin (at present) of Baltimore, a singer and composer of national prominence sang beautifully the tenor solo in the offeratory anthem. Several members of the church came over from Baltimore for the day and the congregation was well represented by the different churches from Kent and Queen Anne's county, who attested their interest by a substantial offering. Dr. S. S. Hepburn of I. U. parish, and a former rector of St. Paul's, was in the chancel and assisted in the service. A class of three was presented to the Bishop for confirmation. After the service, a glad reunion was held, and a greeting of old friends, and new, and as one by one the cars rolled away the people of St. Paul's Church realized the day had been a most enjoyable one and forgetting the privations and discomforts of the past seven months, their hearts were filled with "Praise the Lord, oh my soul, and forget not all his benefits."

BUSINESS CONDITIONS FAIR ON PENINSULA

R. G. Dun & Co. Says Business Here About The Same As Balance Of The Country

According to R. G. Dun & Co., business conditions on the Delmarvia Peninsula, comprising the state of Delaware, nine counties of the Eastern Shore of Maryland and two counties on the Eastern Shore of Virginia, are about on a par with conditions as reported in other sections of the country. The first six months of the year just closing was featured by unusually high prices for practically all commodities, but since about July 1 prices have been on the decline until at the present time a number of articles, particularly all food, are being sold at quite a loss to the producer, and while wholesale and retail business is dull at the present time a large number of merchants and manufacturers report that the gross sales for 1920 are about equal the past previous years, although the last few months have been decidedly below the average.

The acreage of white potatoes in this section was much larger than usual, the yield about normal. The acreage of sweet potatoes was lighter than previous year and the yield of this crop about normal. One of the largest produce shippers in this section reports their gross sales for the year at $19,000,000 as compared with $13,000,000 for 1919.

Strawberries and early white potatoes appear to have paid well in lower Delaware and on the Eastern Shore of Maryland, but nearly all other crops with the exception of peaches and apples were a failure in regard to financial returns.

The past season has been a disastrous one for a number of canners, a large number of whom stil have a part, if not all, of their 1919 pack on hand and a number of canneries were not operating this season. It is reported that, generally speaking, the farmers' purchasing power has greatly depreciated and since this peninsula is primarily an agricultural section, all lines of industry are thereby affected. Money in most sections is reported scarce and at a premium.

Conditions in the lumber business at the present time are reported to be very poor. There are practically no orders and the prices that have recently prevailed are below cost of production.

In the lower part of the peninsula it is reported that the crop of wheat was below the average, although the yield and quality of corn was good.

In most of the seafood centers on the peninsula the past year has been reported as a favorable one.

Failures for the year show that the community as a whole is in better shape financially than was previously estimated. There were twenty-three failures in Delaware; seventeen in Maryland and eight in Virginia. In 1916 there were 32 failures in Delaware; 27 in Maryland and 4 in Virginia. In 1914 there were 43 in Delaware; 6 in Maryland and 3 in Virginia. The first quarter ending March 31, 1894, appears to have been the "banner" quarter for failures in this section. During this quarter there was a total of 50 failures in this district.

Ethel Leopold Krause, plaintiff,
vs.
Albert B. Krause, defendant.

In the Circuit Court for Kent County, In Equity No. 3013.

The object of the Bill filed in the above entitled case is to procure a divorce, "a vinculo matrimonii," for the plaintiff, a resident of Kent County, Maryland, from the defendant and the custody of her child, Theresa Krause.

THE BILL STATES:

1. That on the 31st day of January, 1914, she was married to her husband, Albert B. Krause, with whom she resided in the City of Philadelphia, in the Commonwealth of Pennsylvania, until on or about the first day of August, 1916.

2. That, though the conduct of your Orator towards her husband, the said Albert B. Krause, has always been kind, affectionate and above reproach, the said Albert B. Krause has, without any just cause or reason, abandoned and deserted her, and has declared his intention to live with her no longer, and that such abandonment has continued uninterruptedly for at least three years, and is deliberate and final, and the separation of the parties beyond any reasonable expectation of reconciliation.

3. That at the time of the filing of this bill your Orator is a resident of Kent County, in the State of Maryland.

4. That one child, Theresa Krause, five years of age, has been born to your Orator and the said defendant, Albert B. Krause, and is now, and has been since said separation, in the custody and care of your Orator.

It is thereupon, this 5th day of January, A. D., 1921, ordered by the Circuit Court for Kent County, Maryland, in Equity, that the plaintiff, by causing a copy of this order to be inserted in some newspaper published in said Kent County, once in each of four successive weeks before the 7th day of February next, giving notice to the said Albert B. Krause, non-resident defendant, warning him to appear in this Court in person, or by Solicitor on or before the 23rd day of February next to show cause, if any he has, why a decree ought not to be passed as prayed.
