SATURDAY, DECEMBER 2, 1911.

WASHINGTON COLLEGE, by its splendid victory last Saturday over St. John's College, gains the foot-ball championship of the Maryland colleges.

THE loss of over 1100 in the last ten years in the population of the county is attributed to various causes. However, it is generally believed that the decrease is due mostly to the migration to coast resorts of colored servants where they get better wages. Many farm laborers go to New Jersey and Pennsylvania, where they remain.

THE Baltimore Sun in its news column advocates a repeal of the Wilson Ballot Law and in its editorial advocates this very law. It says, "If the form of ballot now used in Baltimore were changed so as to omit party designations and be made to apply to the whole State, that would be fair to all, and would be a reasonable educational test." That is just what the Wilson ballot is precisely. The only difference between the ballot used in Kent and that used in Baltimore is the omission of the party designation and alphabetical order of candidates.

## XMAS HOLIDAYS.

This is not a Thanksgiving editorial, but we are reminded to write it because the Christmas holidays are near at hand, and our people have been so blessed, in comparison with others, that we feel it our duty to remind them of it, and to suggest that we make everybody around us happy Christmas day and during the Christmas festivities. There is one class of people that have not felt your prosperity. It is the merchants. The men who help you cut when times are hard, and who carry you on their books for months when the Chicago merchant would not carry you fifteen minutes. You should remember that your county cannot have that degree of prosperity that it is entitled to if you make your money here and spend it in Chicago and New York. You may have to pay a few cents more sometimes, but you are face to face with the merchant and you can see what you are buying. It reminds us that one of our farmers recently sent to Chicago and bought enough paint as he thought to cover his house. He just had enough for half of it, and he was in a hurry he had to come to town and buy enough to finish the job. Now listen! It took him much less than one half as much of the paint he bought in Chestertown to cover the same surface as the Chicago mixture that he bought because he thought it was cheap.

The fact is, that most of the goods coming from these catalogue houses is shoddy and in some way deceptive. They wear out in a short while, leaving you poorer for having bought them. We don't mean to say that you do not sometimes get good bargains, put out as feelers for your trade, but as a rule you would do better at home, and at the same time keep your money in circulation in your own community where some of it would come back to you. You should take pride in your nearby town and help to build it up in prosperity. Your property will increase in value as the town prospers. Your products will find a more ready market and better prices. It is a duty you owe to yourself and to your children to spend every dollar that you possibly can at home rather than with strangers.

## MILLINGTON ITEMS.

Miss Emma Gillespie and Miss Metcalfe, of Sudlersville, and the Rev. C. R. Birnbach, of Massey, were guests last Sunday of Miss Vic Power.

Miss Mary Hackett returned to her home in Wilmington, Del., last Saturday, after spending two weeks with her nephew, Mr. F. C. Numbers.

Mr. Brown Duling moved on Friday of last week to Marcus Hook, Pa. The house vacated by Mr. Duling will be occupied next year by Mr. Harry Wiest.

The school teachers of our town attended the Kent County Teachers' Association, which was held in the High School building at Chestertown on Wednesday of this week.

Johnnie Wood, who was taken to the Maryland General Hospital, Baltimore, with typhoid fever, eight weeks ago last Wednesday, returned home on Wednesday of this week very much improved.

## SOME NEEDED REFORMS

The white voters of Kent county have for some time complained of the ballot as presented to them, and the NEWS, as their representative, asks for a change. The ballot as heretofore voted has served its purpose and outlived its usefulness. The colored voter, who for a few years was unable to mark his ballot, has either died or been so educated as to accomplish that feat, while, on the other hand, many white men have either become disgusted or too sensitive to be taught how to vote, so that instead of being a benefit to the Democrats it has become the opposite.

It is about time the will of the people should be learned by a method which should be simple and expeditious, bereft of all trickery or semblance of same. We think there would be more white men to vote and the real sentiment of the people ascertained.

This is an era of education—when the State is lavishing money upon free schools for both white and black, when magazines and newspapers are filled with information within reach of everyone, and no one can have an excuse for being too ignorant to cast his ballot. Therefore, these are the changes we would suggest:

Place all names of candidates in alphabetical order.

Publish *fac simile* of ticket two weeks before election.

No ticket to be thrown out because of misfolding.

Only one group of candidates to be thrown out when more than the proper number is voted.

Any man because of physical disability to be allowed assistance.

## STATE POLITICS.

It is to be regretted that Senator Lee in announcing his candidacy for President of the Senate did not consult his friend, Hon. Fred. Talbott, as to some of the things he advocated. He was, as far as we can learn, the unanimous choice, of the party, but today he has serious opposition in the candidacy of Senator Jesse D. Price, of Wicomico, and all because of an unwise and unjust attack.

Gen. Murray Vandiver will no doubt be re-elected State Treasurer, says ex-Gov. Brown, Congressman Fred Talbott and others. City and county Democrats are for him and as yet no other man has announced his candidacy for the office. With the election of General Vandiver the Democrats will continue in control of the Board of Public Works, the most important board in the State Government. In addition to having many duties to perform this board makes many appointments, its members will be Mr. Goldsborough, General Vandiver and Comptroller-elect Harrington. Among the important places filled by the board are the Tax Commissioner, Insurance Commissioner, Bank Commissioner and the members of the Shellfish Commission and the Fishery Force. Democrats will be elected to these places as Messrs. Vandiver and Harrington will act in unison. Mr. Harrington is at present Insurance Commissioner, but he will resign. In some quarters it is not believed that he will resign until just before his inauguration as Comptroller. He will then take part in the election of his successor. Should he resign now the place would be filled by the present board which consists of Governor Crothers, General Vandiver and Comptroller Stanley. There are many Democrats who are anxious to get this place. Strenuous efforts will be made by the city people to land it for a local man.

For Speaker of the House the leading candidates are Mr. Ogle Marbury, of Prince George's county, and Mr. Harry A. Osborn, of Harford county. Both were members of the last House, and their records are unassailable. The candidacies of these two men it is also feared will raise factional lines. In the recent primary fight Mr. Osborn supported Senator Lee while Mr. Marbury worked for Senator Gorman. There is no doubt that if a factional fight developed in the House between these two men Mr. Marbury would be nominated in the caucus, but much soreness would develope. As far as Governor Crothers is concerned it is thought that he would be perfectly satisfied to support either Mr. Marbury or Mr. Osborn. They were two of his most ardent supporters at the last session of the Legislature.

THERE are 7,593 cases of tuberculosis in Baltimore city registered with the State Health Department. These figures were characterized by Dr. Martin L. Price, of the State Board of Health, as startling. He said: "They indicate that out of the population of Baltimore about one person in 75 is sufficiently infected with tuberculosis to have come to the attention of the physicians or the city nurses. The records indicate also that 6,100 of the cases are among the white population, 1,487 among the colored, and six among the Chinese.

## THE AUDITORS' REPORT.

It was indeed a pleasure to read in our contemporary, the Enterprise, an honest criticism of the Auditors' Report as published in the NEWS. It proves that the audit is carefully weighed and examined by some of our tax-payers and that public officials must act circumspectly, otherwise they will be open to criticism.

If we mistake not, the criticism of the report was inspired by our esteemed friend and fellow citizen, Mr. Wilbur Eliason, who takes pleasure in ferreting out such matters and who is so well versed in Kent's finances that he could also have told exactly wherein the *alleged* discrepancy occurred! But since he wanted the NEWS to do it, we readily accede to his desires.

The editorial in brief is as follows:

In the levy of 1910 the sum of $80,296 83 was levied as "cash levy"—that is, to provide for the cash payment of certain fixed and incidental expenses during the year from June, 1910, to June, 1911. Now the Auditors' Report shows that within this period there was issued certificates aggregating $27,097.20. This is in addition to the $80,790.83 cash levy provided in levy of 1910.

Thus the levy of $80,296.83 levied in June, 1910, to provide for cash expenditures for the succeeding twelve months and the certificates issued during that period shows the actual expenses of the year just closed and which the Auditors' Report is supposed to cover. These items aggregate $107,374 17.

Now take Exhibit No. VI of the Auditors' Report just published. This purports to show the "total" expenditures of Kent county for the year ending June 13, 1911. The total is given as $97,384.71 As the actual levy in cash and certificates covering this period was $107,374.17, as above shown, there should have been a balance on hand of $9,984 46, whereas the Auditors' Report (Exhibit No. VI) shows a cash balance of only $1,024.19. By deducting this actual cash balance from $9,989 46, there remains the sum of $8,965 27 unaccounted for.

The cash levy provides money *to be* spent, and no statement heretofore published shows exactly the part included. We think, however, that an audit in order to be perfectly correct should include these amounts. For instance, in 1904, when Mr. Eliason was a member of the committee, the assets showed $12,000 above the expenditures! In 1895 it showed about $3,000, and last year the assets were $10,000 more than actual expenses. This $10,000 and the $8,000 unaccounted for, as mentioned above, is included mostly in the cash levy and in certificates.

We are confident that the Auditing Committee, Messrs. Edw. W. Hepbron, Thomas G. Wroth and Henry Brown, assisted by the clerk to the commissioners, Mr. Samuel Hicks, will issue a statement making clear the above seeming inaccuracy.

## ROCK HALL NOTES.

Capt. J. E. Apsley was beset with a remeniscent spirit a week ago and to gratify it he took a jaunt down through Piney Neck visiting old timers who were grown men and women when "Ned" was quite a shaver. Among these he found Uncle Dave Ashley, a 96 year old veteran, quite feeble, but buoyant; Capt. "Bill" Crouch and wife also were in a state of poor health, and Capt. "Bill" Coleman, too, was confined to the house by illness. Many others he found in good health and doing well. Many improvements in the Neck were noted, but he recognized a number of old familiar land marks of his boyhood days.

Mr. Frank Hartman has moved from the property occupied by him for several years in S. R. H. to a property a few lots above.

Mr. Frank Joiner has moved to the Quick property near Greys Inn.

Five days heavy wind and one day rain last week made it very uncomfortable and unprofitable for our watermen. A number of the oystermen on account of so much loss time in their oystering efforts on the bayside have gone into the river where they can find a lee shore to work under let the wind be where it may so long as it doesn't come with the force of a gale.

The Odd Fellows conduct a very interesting Thanksgiving entertainment in the Hall of their Lodge on Wednesday evening, the following program being finely carried out: Opening ode of the Order by choir, under the direction of Mr. W. T. Downey; Prayer by Rev. A. B. Dupuy; chorus, ladies; introductory remarks, W. L. Finkelstein; solo, A. A. Tolson; dialogue, Misses Olevia Clayton and Catherine Davis; roll call of members with appropriate responses; trio, Miss Anna M. Ayres and Messrs. W. T. Downey and A. J. Andrews; recitation, Miss Ethel Rodney; song, Messrs. Downey and Andrews; dialogue, Frances and Bennie Coburn; trio, three girls; address, Rev. A. B. Dupuy; song, W. T. Downey and A. J. Andrews; recitation, Miss Blanch Hersch; refreshments; Song, Messrs. Downey and Andrews; closing ode.

Mr. Brown, ex-merchant at Edesville, has moved to the O. P. Leary property on Allen's lane.

Insurance Agent R. A. Shallcross, is first in the field in the distribution of 1912 calendars and his selections show extremely fine taste.

On Sunday morning between 1 and 5 o'clock some one made an attempt to break into the R. H. home and shoe store of Mr. H. C. Lake, but it seems evident that he or they were frightened off as very little damage was done.

Bro. Killian and the city press are in the forefront in whooping it up in behalf of the Haman Oyster Law amendments to be submitted to the coming General Assembly of Maryland. Oysters scarce? Bah, that's a poor slogan for the Hamanites.

I HAVE rented the Room under the Voshell House formerly occupied by Mr. Warren C. Hurlock and will be glad to serve the public. Will be open next Monday.
