SUNDAY'S BOSTON CAMPAIGN ENDS

Picturesque Revivalist Makes Another Big Record—Has A Remarkable Windup.

Billy Sunday last Sunday closed his 10 weeks' campaign in Boston by smashing all records for trail-hitting and collections.

"I have pleaded, I have entreated, but I cannot compel," he shouted tonight as he wound up his fourth meeting of the day. "Until the Judgment Day breaks I bid you farewell.".

Sunday brought the total number of Boston trail-hitters up to 60,509, the largest number he has ever brought down the sawdust path in any campaign. The trail-hitters ranged from such men as ex-Governor Eugene N. Foss, who today gave Sunday $1,000 at the free-will offering, down through all classes of society.

Today Sunday could have preached to 100,000 persons if the tabernacle would have held them. As early as 6 o'clock this morning people came to the tabernacle for the first meeting, but the 62,000 who gained admittance at the four meetings numbered little more than half those who were on hand eager to get into the tabernacle.

Most Trail-Hitters.

Of these 5,195 hit the trail today, the biggest day's trail-hitting Sunday has ever known. Tonight's meeting established still another record, when, 2,514 hit the trail, the biggest bunch of trail-hitters Sunday has ever had in one meeting The total attendance for the 10 weeks, during which Billy preached 133 times, was 1,320,000.

Sunday received four big free-will offerings today totaling $51,800, exclusive of offerings made in many churches which will not be known for a day or two. For several days also mail contributions have been flowing into the tabernacle. Philadelphia gave Billy $51,135; Baltimore's free-will offering was $40,000

Collections for the campaign expenses stopped here when $90,436 75 was collected. This was the most expensive campaign Billy has yet had, The campaign contributions in Philadelphia were $57,291; in Baltimore $48,290

Boston Not Cold.

The number of trail-hitters was 19,000 more than in the Philadelphia meetings and over 37,000 more than in the Baltimore campaign.

"The others thought Boston would be cold," Billy said tonight. "But I knew differently. I had played baseball here and knew that Boston always has a square deal for the visiting club."

Billy was nearly exhausted when he finished his last sermon tonight.

On the 12.30 train tonight he starts on a flying trip to Lawrenceville, N. J., to see "Billy, Jr.," who is in school there. Tomorrow night he goes to Winona Lake, Ind., for rest before opening an eight-week campaign at Buffalo next Sunday.

DIETING AND HEALTH

The interesting experiment conducted by Chicago's health commissioner with a diet squad is a revelation of what can be accomplished by a wise choice of food at very moderate cost. The squad was fed for 31 cents a day per person, and they gained an average of 3.8 pounds.

The modern dinner table is loaded with food that is not nourishing. Cereals with vital elements refined out and pies and cakes are the backbone of our diet. People may be principled against eating much candy, but they make it by sweets served three time a day and eaten at lunches.

Meals are bolted so rapidly that little of the nutriment can help build up the body People eat, bread, meat and vegetables until they have had enough, and then pile on top of it a hearty dessert of confections. Overeating can't be nourishing. But when a man's chief end in life is the fun he has with knife, fork and spoon, it isn't much use to preach to him about the results of diet squads.

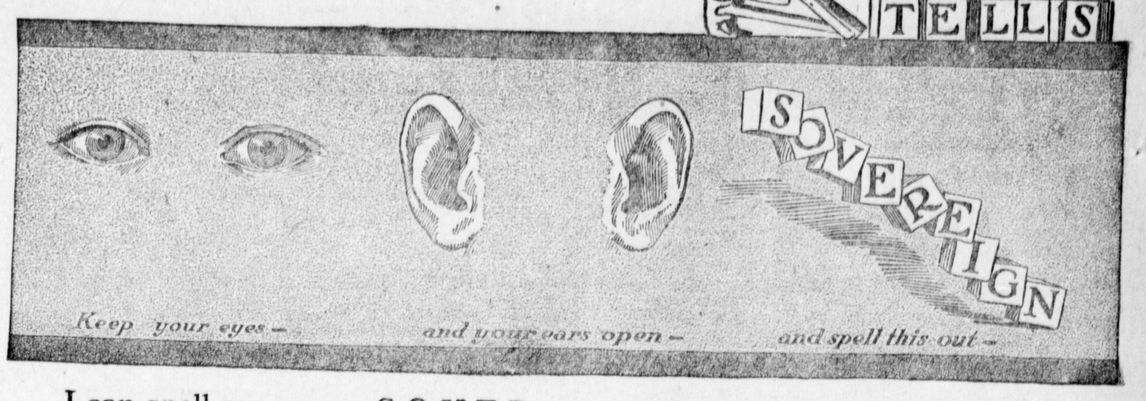
ROCK HALL WATERMEN WINTER FISHING

Several of the winter fishermen with their house boats, have arrived and located on the shore of M. A. Tanner, Kent Island, for the winter fishing in Bay, near Bloody Point. There are about 30 motor boats engaged in this winter fishing in the bay. They use the regular gill net, with 4 inch mesh, and each boat has from 600 to 800 fathoms of this net and often has it all set at one time.

The fishing ground extends from Love Point to Poplar Island and they sometimes go down the Bay as far as Sharps Island, where they have made several good catches. This winter fishing is done by sounding out the deep places in the Bay and then they sink their nets to the bottom, often to the depth of 125 feet. They sink their nets across the tide so they can drift over these deep places where the fish have settled for the winter. The colder the weather the better it suits the fishermen, when the Bay is full of drifting ice the fish settle close to the bottom and are easily caught. The catch consists principally of Rock, Perch and occasionally a shad.

This winter fishing in the Bay is now a profitable business; it equals the spring shad fishing, yet there are but few people who know anything of this winter fishing. All of the men now engaged in [illegible] are from Rock Hall, this

Down South We Learn To Spell



I can spell my name: S-O-V-E-R-E-I-G-N. And I know what it means—good blood and right stock—the finest ever!

My! Isn't there a lot to learn? Have to keep your eyes and ears open. And the Governor says you can't get it all out of *books*.

My folks keep telling me: "Remember you are a Southern gentleman. Be clean; be sweet; be good. A good cigarette burns to a smooth, even ash—it *never* parches the tongue nor dries the throat."

So I'm saying to you—it doesn't matter how you spell cigarette, if you pronounce it—SOVEREIGN. You can rely on real old, smooth, mellow Virginia and Carolina tobacco. Quality tells—and

You Folks of the South KNOW good blood!
You Folks of the South KNOW good tobacco!

Now let's all us good folks stick together. Let us be friends—and you bet I, SOVEREIGN, will never fail you. And besides, just keep this always in your mind—

I am guaranteed by The American Tobacco Co. Incorporated —Buy me. If you don't like me return me to your dealer and get your money back. I have said it. A Southern gentleman is known the world over for keeping his word, and I have given you mine.
