THE TRANSCRIPT

Entered at the Postoffice at Chestertown, Md., as Second Class Matter.

A CAREFUL perusal of the report of Grand Jury of the April term of Court presents food for thought. It shows a large increase in petty criminal violation of law. This may be accounted for in two ways—by a more careful and zealous duty of our present sheriff and other officers of the county or it may be that violations of law are becoming more frequent. At any rate the fact remains that a larger number of presentments were made by the April Grand Jury than at any past term in the history of the county. There is a large number of undesirable non-workers in this and other counties and they seem to prefer petty larceny to work as a means to get what they want. Let's get a law passed at the next term of our legislature to use the prisoners in the county jail as street and road workers instead of star-boarders at the expense of our tax-payers. We believe such a plan can be made practical and our streets and roads kept in good condition at a nominal cost to the county.

PEOPLES COLUMN

An INQUIRY FROM MASSEY

Will you tell us, Mr. Rasin,
While you're making facts so plain,
Why the Concrete Road to Massey
Has been set back once again.

Cannot build but half this season,
Though we waited all last year,
"We are cutting down expenses,"
Is the reason, so we hear.

But they said in last week's paper
The money was levied months ago,
Could not use it down at Rock Hall,
Could not, would not, let it go.

It was promised to old Massey,
And to them it sure must go,
Nowhere else in old Kent County
Could this money ever go.

Now just tell us as a favor,
If it's not already spent,
Where's our other half the money
That belongs to Northern Kent?

Has the Still Pond Road been walloped,
Or is it only our part?
Do they use the Ford and Dodge Car,
While we get the Mule and Cart?

If the OLD FORD resurrected,
Or a new Dodge Car in line?
Are the "Gas Bills" still increasing,
In that Chestertown of thine?

Can you tell us, Mr. Rasin,
Where our other half did go?
We'll admit to being hoodwinked,
But all the same we want to know.

Rally Day Events Held

In spite of the inclement weather, which kept many of the children and older people at home, the Rally Day exercises were held. The Washington College gymnasium was used to stage many of the events. The result of the contests was as follows:

Remember, taxpayers, that the $1.49 includes everything except items listed above. It includes the 18½ months that they say they had to levy for. It includes all the waste, extravagances, mistakes and anything else they can talk about. It includes the Betterton-Still Pond Road. It includes all the back debts, unpaid bills and certificate levy. Is it any wonder that the Democratic political workers are asking the question, "Why did they ever start the argument?

Taxpayers, remember, that the Republican Board managed the affairs of the county for four years with an average tax rate of $1.38½, with war prices.

Now, Messrs. Commissioners, did you say something about politics and the schools?

Will you tell us who asked the teachers to pass resolutions and why were they published without any signatures?

Be still, Commissioners, and cease your letters,
For all your words won't break the fetters,
That bind you to YOUR high tax rate,
And the public won't bite your "POLITICAL BAIT."

A FINE FARM

By virtue of authority given by the Orphans' Court for Kent County as executors of the estate of Elmina A. McCauley, the undersigned will offer in front of the Court House Door, in Chestertown, Md., on

Tuesday, May 17, 1921

Between the hours of 11 a. m. and 12 o'clock

All That Farm

located in Second Election District of Kent County, Md., and on the north side of State Road leading from Galena to Chestertown, adjoining the lands of Mrs. Hurtt and the Black heirs, and containing

500 Acres

MORE OR LESS

This farm is generally known for its fertility and productiveness. It is medium loam with red clay sub-soil and will respond to any and all improvements. It will grow grains, fruits and grasses.

There are 325 acres tillable and about 175 acres in woodland, etc. Has a fine ducking shore which rents readily. The timber consists of oak, poplar, chestnut and walnut. The assistant State Forester, Karl E. Pfeffer, estimates 1,310,000 feet of board measure, 1600 cords of wood, 13,000 feet of walnut board in this tract of woodland.

A good muskrating shore is also located on the farm.

The improvements consist of a THREE-STORY FRAME BUILDING in thorough repair. The outbuildings are ample for use of farm.

It is 2½ miles from milk station and convenient to schools, churches and depot.

One of the advantages of the location of this farm is the fact that labor in plenty may be found near by.

This farm would make a fine investment for real estate seekers and also a splendid home for one who contemplates living in the country.

TERMS OF SALE.—The terms of sale are one-third of purchase money cash and the residue in two equal instalments, payable with interest in six and twelve months from the day of sale, or all cash at option of purchaser. One-half interest in wheat and all growing crops. The purchaser will pay taxes for 1921, all title papers and revenue stamps.

Campaign is Founded on Business and Common Sense

Combined With Systematic Co-operation and Judgment Will Be Power

Ten reasons why persons living in Chestertown's trade district should buy in Chestertown.

First. "The buy in Chestertown movement" is founded on a logical business basis, being reasoned out by the laws of common sense and business science.

Second. "In union there is strength" and combined with systematic co-operation and the display of good judgment becomes a titantic power for good.

Third. "The buy in Chestertown movement," in other words, "patronize home industry." That is the community of interest spirit which forms the basic principle of "the buy in Chestertown movement," has for its object the betterment of all the people, the allied industries and business interests, which brings together the whole people under two general classes, viz: The producer and the consumer.

Fourth. The producer and consumers are brought closer together and in closer touch with this movement which has for its aim the general betterment of the combined interests of the whole people.

Fifth. "The buy in Chestertown movement," if carried out in spirit, gives us a community of broad-minded people, which means better government, better and more improved industries of every kind.

Sixth. When you can secure the concerted efforts of the whole people of a certain trade district, along lines looking to their mutual welfare and protection, you can accomplish wonderful results along progressive lines.

Seventh. "The buy in Chestertown movement" implies the betterment of the home, which is most beautiful and commendable, and when studied and considered from every viewpoint, must appeal to every true man who loves his home.

Eighth. The combined efforts of the citizens of the trade district, by boosting "the buy in Chestertown movement," will secure the most beneficial social and financial results.

Ninth. Hence it behooves each and every one of us to enter into the movement with the spirit and understanding, and the success of "the buy in Chestertown movement" is assured.

Tenth. Then a great combined movement by great people will secure a phenomenal boost for Chestertown.

KEEP UP THE EDUCATIONAL STANDARDS

We believe the greatest asset of Kent county to be its boys and girls and that education is Kent county's biggest business. Girls and boys are Kent county herself. Without them there would be no Kent county, no homes, no farms. They cannot be measured in per cent of taxes or in terms of gold.

Yet they are assets only when trained and educated. Ignorance does not create, it destroys.

In 1920 a forward looking School Budget was passed by the Board of County Commissioners for Kent Co. These gentlemen, Mr. Cannan, Mr. Walters and Mr. Brice, saw that unless able men and women were retained in service and sufficient inducements offered to attract qualified young people into the profession, Kent county faced a shortage of teachers.

We admire their great interest in the advancement of education and ask a continuance of the same.

We also deeply deplore and resent the fact that the appropriation for the teachers' salaries is being made a political issue.

To the School Board and the Board of County Commissioners we pledge our enthusiastic and loyal support.

Therefore, Be It Resolved, that we, as citizens and teachers of Kent Co., in meeting assembled, respectfully ask the Board of County Commissioners for said county to appropriate in full measure for the maintenance of educational standards in this county and to pass the School Budget as it is presented.

Be It Further Resolved, that we hereby pledge to the said Board of Education and to the said Board of County Commissioners our whole and unanimous support in carrying out the excellent educational program of 1920.

We believe it to be the best known means of building a county that will be a credit to its builders and a blessing to its inheritors.
