KENNEDYVILLE

Mr. Geo. Pennington and Miss Mabel Cleaver motored to Smyrna, Del., one day last week.

Elizabeth Hurlock, the little daughter of Mr. and Mrs. Wm. Hurlock, who has been very ill, is improving at this writing.

Miss Mary Gordon, of Millington, spent the week-end with Mr. and Mrs. E. T. Othoson.

Miss Nellie Jones spent a few days in Chestertown with her cousin, Miss Lillian Hicks.

Mrs. Grantlin, near Kennedyville, met with a severe accident while shelling corn for her chickens.

We are sorry to state that Harry, the son of the Mrs. Rachel Hill, has been sick white on a visit to his mother. We hope to see him out again soon.

Mr. and Mrs. Wm. Jewell and daughter spent Sunday with Mr. and Mrs. Howard Rasin, of Still Pond.

The Pomona Grange met at Kennedyville Saturday. A very good meeting was held. The Tomato question was discussed. Some thought the tomato grower should get $15 a ton for his tomatoes. About two hundred and twenty-five ate dinner.

Mr. Chas. S. Hague spent Sunday with friends in Morgnec.

Chicken Notes.—Miss Elizabeth Wickes has a little flock of early birds.

Ohio boasts of having the oldest chicken in the United States, with a present record of laying past the 6000 mark early in September, and she is still on the job. This remarkable old hen is the property of A. E. Stephens, of North Bend, O , and she has been in his possession for twenty-one years. She was four years old when he got her, being the mother of a brood of chicks. Every year since then she has mothered two broods of chicks averaging ten chicks each, so in all those years she is known to have hatched out 420 chickens and mothered them, so that nearly all of them grew up to good and useful chickenhood. Mr. John S. Vandegrift says the way to keep a hen well is to feed them medicines. Don't wait until they get sick.

Dr. L. C. Hess is developing a remarkable breed of chickens at his yard on High street The birds lay a white egg. This is something that poultry breeders have been attempting for years because of the higher price of white eggs. The birds are mixtures of black Minorca and Brahma blood and weigh around eight and nine pounds.

GRANGE ITEMS

The Pomona Grange of Kent county was entertained by the Kennedyville Grange Saturday, January 27.

The sessions were held in the new school building, which was splendidly adapted for accommodating the large number present and also for the serving of the meals, which was done in the basement

In the business session the Grange went on record as favoring the proposition "that all persone convicted of criminal offences sentenced to jail shall be compelled to work on county roads a sufficient time to pay the costs of trial and sustenance."

It was resolved that the Grange go on record as favoring the giving of a grade to wheat containing garlic, in opposition to the ruling of the Department of Agriculture that it be classed as sample wheat.

The Grange advocated not growing tomatoes for less than $15 per ton.

At the afternoon session the new officers for the year were installed. A musical and literary program was rendered as follows: Recitation, Mrs. Mattie Gale; reading, Mrs. Herbert McCauley; instrumental music, Mr. and Mrs. Andrew McCauley; recitation, Mrs. Ida Lee.

Miss Keller, who recently came from the West as assistant to Miss Pritchett, State Superintendent of Home Economics, gave a talk on the work of her department.

Mrs. Herbert McCauley, lecturer of Kennedyville Grange, presided over the evening program, which was as follows: Instrumental solo, Miss Bessie Jewell; recitation, Regina Rasin; duet, Mrs. Ralph Shallcross and Miss Alta Price.

A talk was then given by Miss Comstock, County Agent of Home Economics, who outlined the requirements for the first and second year periods of the work of her department in the canning, gardening and sewing branches. She stated that first quality then quantity was encouraged, and asked for the co-operation of the neighborhood.

"Take Me Back to Old Virginny" was then sung by Mrs. Herbert McCauley, Miss Alta Price and Rev. Peter Schauer.

The closing number on the program was a spirited debate, subject: "Resolved, that energy is a greater factor toward success than education." Mr. Harry Willis and Mr. Wm. G. Smyth, of Fairlee Grange, represented the affirmative, and Mr. Wm. T. Hague and Mr. John Medders, of Kennedyville Grange, represented the negative side of the question. No judges were selected.

All the granges of the county were represented and there was a record-breaking attendance and a very delightful mingling socially.

An invitation was accepted from Worton Grange for the entertainment of the next Pomona meeting.

THERE will be a special meeting of Chestertown Grange next Wednesday at 2 P. M , at which time an election of officers and other important business will come before the Grange. A full attendance is requested.

THE Fischer-Schipp Concert Company, scheduled for performance at the Lyceum Wednesday night, were unable to give concert because of death of Miss Schipp's father. This concert has been postponed until Monday evening, Feb. 12th, at which time the fourth member of the company will join them. This company is composed of thorough musicians. The public can be assured of a splendid program, among the numbers being "Hail, Bright Abode" from Tannhauser, "Sex ette from Lucia de Lammermoor," and several beautiful arrangements in trio form for violin, piano and viola, and character songs in costume by Miss Schipp—a feature of the evening.

THE W. C. T. U. will meet at Chestertown M. E. parsonage next Tuesday afternoon at 2.30.

THE PEOPLE'S BANK
CHESTERTOWN, MD.

IF you are a business man, if you are a professional man, if you are employed at a daily wage, make up your mind to deposit weekly a certain sum of money in the bank. You'll be surprised how the sum will grow. Cash in bank gingers up the man who has it there. He has more confidence in himself. The business man is ready for a dull season. He is ready for an opportunity.

So is the professional man. The man who is working for a daily wage and who hasn't any money in bank frequently is fearful of a loss of his situation. He does not work as well or with the confidence in himself as does the man with something laid aside for a rainy day.

Reasons Why You Should Cultivate Your Own Farm

EVERY IMPROVEMENT you make on your own land is like depositing funds on interest in Bank. You annuall profit by those improvements. Where a tenant farmer does not give attention to buildings fences, and the land, the yield of the farm will soon diminish and pauperize the tenant.

LOOK OVER THE COUNTY and see if the vast majority of successful farmers are not on their own lands. And now that Banks and individuals offer such unlimited credit it is time to buy a farm for a Home.
