GOV. RITCHIE is much improved and is expected to well enough to be at his office next week.

THE Bolshevik government in Russia have turned loose firing squads to clean out corrupt officials in that country and it is stated the squad will keep on shooting until bribery ceases. We wonder how many shots it would require in America to break up bribery.

THE citizens of Easton are making a fight to secure an armory for that town. Every town on the Eastern Shore would like to have an armory building, but where would they get recuits to justify the expenditure of so large a sum of money by the government

POPE BENEDICT DEAD

Noted Prelate Succumbs At Vatican, In Rome, Sunday Morning At Six O'clock

Pope Benedict XV, head of the Roman Catholic Church, died at the Vatican, Rome, Sunday morning, at six o'clock.

His death removes from the head of this great ecclesiastical body a gentle, kind, pious soul, who disliked controversy, who assumed the duties of his great office in the spirit of one who accepts a call that is not to be disobeyed, but who, when given a great office, performed his duties with all the vigor and judgment which he was capable of giving to the place.

He ascended the throne on Sept. 6, 1914, when the war had been in progress six weeks. Frail in body, enormously depressed by the vastness of the conflict of which Catholic countries bore the brunt on both sides, there is little doubt that his vitality was sadly undermined. In a time that must have been particularly trying to one so situated, he bore himself well and did all a Pope could do to lessen the horrors of the conflict.

His exhortations to the belligerents were spread broadcast and when men were in frame of mind to reason at all, his efforts must have had good results even though at the moment their effect was not notable.

His broad tolerance and fellowship, his Christian spirit, his interest in the welfare of all men, give reason to deplore his death by all mankind.

Serious Gunning Accident—Mr. Arthur Legg, aged about 30 years, of Quaker Neck, suffered a serious injury in a gunning accident on Tuesday afternoon, when a gun in the hands of his companion, Chas. Kirby, was accidentally discharged. The load struck young Legg just about the right knee causing a compound fracture of the femur. He was brought to Chestertown where Dr. H. B. Simmons gave all the attention possible and hurried his patient to the Homoepathic Hospital in Wilmington. Advices from the attending physician and surgeon confirmed Dr. Simmons' diagnosis as a compound fracture of a serious nature, but giving some hope that the limb might be saved.

To Each of Our Subscribers You Are One of Our Customers

WE would like you to be a partner in the telephone business.

If you become an owner of one or more shares of the American Telephone and Telegraph Company you become a partner in the Bell Telephone System.

An investment in the stock of the American Telephone and Telegraph Company does not depend solely upon the earnings of any one Company in any one State. A stockholder in that Company becomes a part owner in the Nation's telephone service.

The number of shareholders is now over 175,000; an increase of more than 35,000 since January 1, 1921. More than 75,000 of our employees are now making payments for stock purchased by them on an easy payment plan and over 23,000 of these hold shares already paid for.

It would be to the interest of all concerned if every telephone user and every employee also were a shareholder in the American Telephone and Telegraph Company.

We believe that there is no stock issued by any corporation which, considering safety and the return on the money, is a more attractive investment than American Telephone and Telegraph Company shares.

The stock can be bought, at the prevailing market price, through any bank or banker in the country. Each share has a par value of $100, a property value of more than $185, can be purchased for about $115 and pays a dividend of $9.00 each year, payable quarterly.

If you can pay for the stock only gradually we are prepared to make arrangements by which you can, through a reliable bank or banker, pay in installments.

We shall be glad to send you, upon application, the full details as to the management, financial position, earnings, and history of the American Telephone and Telegraph Company, and the details of the means to be taken by you to purchase the stock, either outright or in installments.
