Supreme Triumph of the Screen

Paramount Feature

"The Eternal City"

A Mammoth, Elaborate Photo-Production of Hall Caine's Immortal Drama of Modern Rome, with the incomparable

Pauline Frederick

in the role of Donna Roma.

A Photo-Play Revelation of the Age

PRODUCED amid the grandeur and beauty of modern Rome, under the direction of Edwin S. Porter and Hugh Ford, this amazing photo-spectacle marks a new era in dramatic picturization. For the first time in the history of motion pictures the Vatican Gardens, the Coliseum, St. Peter's, the Castle of St. Angelo's, and many other historic and impressive spots in the Imperial City have been used as settings for a screen production. No summary of bare facts can adequately describe the astounding power and charm of the subject. The pictorial version of Hall Caine's thrilling romance presents the stirring incidents and climaxes, the nobility and tragedy, the elements of love and betrayal and the beautiful ideals and humanities of the original plot, with a wider range, in true colors and with bolder strokes than were possible in the novel or play, and will therefore render the inspiring story its greatest measure of immortality.

Top Dress Your Wheat and Grass

It is the experience of a great many farmers who have top dressed Wheat with a special top dresser Fertilizer, that it not only makes a larger yield, but produces a better quality af grain and insures a good catch of grass and clover.

The readily available plant food in our top dresser Fertilizer gives the young Wheat a splendid start and enables it to send out strong vigorous roots and the increased yield in consequence is marvelous.

We are manufacturing for this purpose a Special Top Dresser Fertilizer that contains some Nitrate of Soda, Fish and Dissolved Bone, the price of which is $26 per ton and an application of 150 lbs. to the acre would only cost about $2 the acre the result of which would prove to be eminently satisfactory.

A few years ago one of our customers claimed that an increased yield from an application of 200 lbs was thirteen bushels more Wheat and when you think of the present price of Wheat, it certainly would pay handsomely. Mr. James T. Dixon always top dresses his hay crop and says that it certainly pays him.

If therefore you want a substantial and profitable increase in the yield of your Wheat, or to greatly increase your Hay crop, be sure to apply some of our Top Dresser as early as possible in February.

Yours respectfully,
THE PEERLESS FERTILIZER CO.

FARMERS' INSTITUTE

Dr. Richard S. Hill, director of institute work in the State and a corp of assistants have been spending this week in Kent, holding meetings for farmers. They were at Massey Monday where neighborhood folks gave dinner to all visitors. It was a fine spread enjoyed by more than 75 persons.

Chestertown was visited Tuesday. Senator Collier spoke on tomatoes and preparations for big crop yields this season. G. E. Walcott, of the United States Agricultural Department at Washington spoke on the dairy cow, while D. G. Harry, of Harford, lectured on breeding a dairy herd and a dairy organization. Dr. Hill spoke on farm manure.

Galena was visited Wednesday, D. G. Harry, Frank Blackford and W. E. Temple made addresses. An institute was held at Sudlersville, Queen Anne's county, at which Senator Collier, G. H. Alford and Dr. Hill spoke.

TRYING TO RELIEVE FOOD CRISIS

Drastic measures of precaution were taken this week by the chief railroads of the East to meet emergency needs for coal and foodstuffs.

Unless action adequate to solve the car shortage situations, which is said to threaten the entire country with food riots, is taken by tomorrow, the Chicago Board of Trade will ask President Wilson to take the situation out of the hands of the railroads and Interstate Commerce Commission.

Grain dealers in Chicago have estimated that there are now at least 40,000,000 bushels of grain in Chicago elevators awaiting shipment.

A shortage of 109,000 freight cars existed February 1, reports the Car Service Commission of the American Railway Association showed yesterday. This is an increase of 47,000 cars, or approximately 75% within 30 days.

A federal grand jury in Boston is to make an investigation of the high cost of food.

TOMATOES $13.50

At a meeting of canners held in the office of C. H. Whitby & Son on Tuesday evening, it was decided to contract for tomatoes for the coming season at $13.50 per ton. The canners have been offering $12, and it is reported, have written some contracts at that price. The price last year was $10.—Denton Union.

MARTHA WASHINGTON SOCIAL

The Martha Washington Social on Thursday evening in the lecture room of the M. E. Church given by the young ladies of Mrs. F. H. Russell's Sunday school class, was a splendid affair in every way and enjoyed by nearly two hundred persons. The room, tastefully decorated with American flags, bunting and cut flowers, was a credit to the committee in charge. The program in charge of Prof. Creasy, was an interesting one and much enjoyed. Prizes for the evening were won by Mrs. Polk Bramble, Foster Cannan and Harry Newsome. The music in charge of T. K. Bordley, with an orchestra of eight pieces was a delightful feature of the evening.

The ladies of the class, Misses Avis Sheppard, Aldie Clemente, Sue Dunbracco, Ethel Ringgold, Estelle Anthony, Helen L. Comstock, Miss Pennington, Miss Jones, Mrs. Fred Robinson, and Mrs. J. S. Kreeger comprised the receiving committee, and were handsomely dressed in the colonial style of ye olden times, with painted cheeks and powdered hair and received much praise. At the conclusion of the program the ladies served hot chocolate and waifers. The silver offering taken at the door is for the missionary cause.

NO "ENGLISH CAPITALIST"

"Harry" Blackiston, Lord Furness Right Bower, is a Kent countian.

When Lord Furness, the titled head of the great British steamship line, visited Baltimore Monday, he was accompanied by H. C. Blackiston, one of the high officials of the line. Contemporary accounts of his Lordship's visit referred to Mr. H. C. Blackiston as an "English Capitalist," which made a lot of old Kent countians who knew Harry Blackiston when he was a lad laugh heartily.

Blackiston, who is only 38 years old, is said to be one of the best steamship men in America. He is a Kent county product, and began working for the Furness Company for $3 a week. And it is said now that his salary will match that of the President of the United States.

Harry is a son of the late S. H. Blackiston, of Chestertown. He is a half-brother of Mr. P. A. M. Brooks, of Chestertown. He attended the public schools of Chestertown and his many friends here are highly pleased at his success and wish him still higher honor and emoluments.

DEATHS

L. D. NORTHAM.

L. D. Northam died at his home in Broad Neck on Thursday last after an illness of several weeks of neuritus and heart trouble. He was 40 years of age and leaves a widow who was Mrs. Lydia Lusby, and three step sons. He was a son of J. W. Northam, of Solomon's Island, in Southern Maryland, who also survives him as well as several brothers and sisters who live in Southern Maryland. Mr. Northam was engaged in farming and represented a Baltimore firm of tomato buyers. He was a most estimable citizen and since coming to Kent several years ago has endeared himself to everyone with whom he has come in contact with. He will be missed in lower Kent very much.

The funeral will take place today at noon from his late home with interment in Chester cemetery. Rev. J. L. Ward will officiate; C. L. Dodd, undertaker. The bearers will be Charles M. Vickers, Charles Jessop, J. F. Kelley, Stockton Startt, J. R. Luroy, Frank Skirven.

JOHN H. ALDRIDGE.

John H. Aldridge died at Mercy Hospital, Baltimore, on Thursday last. He was taken to the hospital several days ago by his nephew, Mr. J. Kennard Aldridge, and had improved so much that he left there and went to the steamboat wharf to come home, but there was no boat. He was sitting on the wharf waiting for the boat when some one came up and asked him what he was waiting for. John said, "I am waiting for the boat to take me home." He was taken sick again with pneumonia and died as above stated.

He was a son of the late John K. Aldridge, of Chestertown, and about 50 years of age. He had lived here all his life and was unmarried. He leaves one sister, Mrs. George Brice, and several neices and a nephew. The funeral will be held from the home of his sister-in-law, Mrs. Wm. R. Aldridge, Chestertown, to-day, at 4 p. m., with interment in Chester cemetery. Rev. J. L. Ward will officiate; C. L. Dodd, undertaker.

No boat at Chestertown yet. The river is full of ice yet, particularly at the mouth and it is doubtful if one will be sent here today.
