# To Save Is to Have

Suppose you save 25 cents a day. That does not mean much to the average man. You won't miss it.

Yet that 25 cents a day in ten years grows to nearly a thousand dollars. And the interest, which we pay you for saving your money, brings the total to well over eleven hundred dollars.

Think of what you can do with this.

## Realize Your Dreams

Just a few years of small but steady savings will bring you many of the things you are longing for. Perhaps you want a car. Perhaps you want to buy the farm next to you. Perhaps you want to start a son in business, or to go traveling, or to educate yourself or your children.

Saving will do all these. And best of all, you will have formed the saving habit and will never be one of the nine men out of every ten who pass their last years penniless—in the poorhouse or dependent on others.

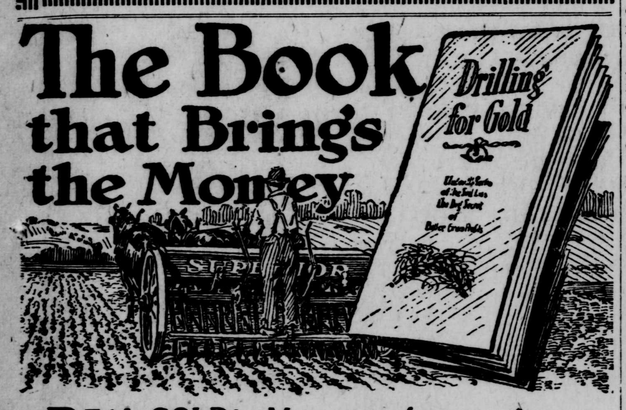
# The Book that Brings the Money



REAL GOLD! More money from your farm—this year. And this free book tells how to get it! Bigger grain harvests—and far better grain profits—invariably follow the use of

Superior Grain Drills

For Team or Any Tractor

The reason is that the Superior Drill does—instantly and automatically—with *all* your grain, exactly what you would do if you were to plant each seed by hand. It makes a roomy trench. It deposits each seed at precisely the right depth. It spaces evenly—to the fraction of an inch. And then it carefully covers every seed—leaving miniature furrows to hold snow and moisture and to provide for harmless soil-expansion when the spring thaws come.

The whole story is well told in the booklet which is yours for the asking.

### HOW NEWSPAPERS HELP

The newpaper starts in
When you are born;
Relates about your excellence
And tells about your sweetness
It follows you to school,
And prints the honor roll
If your name is found there,
It tells of your graduation
And speaks of the excellence
Of your magnificent essay;
It tells of your progress
During your college career
And then dilates much about
The choice of your location.
Then it gives a nice notice
About your marriage
And praises up the blushing bride
Then, in due course of events,
It tells about the bouncing baby
That happens in your family—
Thereby beginning its life work
All over and over again,
The newspaper does all this
And it does also much more.
It tells of the progress
Made by city and county
And boosts all enterprises;
Gives free advertising
Worth thousands of dollars
To its own home town.
There are scads of things
That all good newspapers do
For which they cannot be paid.
That is why every citizen
Should do his darndest
To support the newspaper
In every possible way
And all the time.
Yassum.
I thank you.

### INTERNAL REVENUE BUREAU TO CONDUCT INVESTIGATION

With a view of prosecution and dismissal from Government service where the offender is a Federal employee, investigation is being made by the Bureau of Internal Revenue of reports that persons authorized to administer oaths are not, in all cases, performing such duty properly and in accordance with the law.

Section 106 of the United States Penal Code provides a penalty of $500 fine or imprisonment for one year, or both, for "whoever, being a public officer or other person authorized by any law of the United States to make or give a certificate or other writing, shall knowingly make and deliver as true such a certificate or writing containing any statement which he knows to be false."

Such misconduct, it is declared by the Commissioner of Internal Revenue, D. H. Blair, in addition to the penalties prescribed by law, will be deemed sufficient reason for requesting the cancellation of the oath-administering authority of any officer guilty of the offense, and in the case of Bureau officers, for dismissal from the service.

### A Story That Helped

A banker with wide experience in pulling firms out of the difficulties into which the late deflation had brought them says that his best aid was a certain story. Whenever he said a thing must be done and the owners of the crippled business said they couldn't do it—which happened often—the banker would tell the following story:

"A man was telling his son a bedtime story about an alligator. It was creeping up behind a turtle, with its mouth wide open. Finally it was within reach, but just as its great jaws were snapping shut the turtle made a spring, ran up a tree and escaped."

"Why, father," said the boy, "how could a turtle climb a tree?"

"By gosh," replied the father, "he had to."—Wall Street Journal.

# DO YOU WANT THE NEWS??

If you want the NEWS, then YOU WANT

*THE AMERICAN UNION*

for it has more news of Caroline County and the Eastern Shore in it than any the paper published in Caroline County.

Examine carefully the papers of Caroline County, count the number of columns of local news in each and see for yourself that the above statement is true. Our aim is to give the news, ALL the NEWS of the county.

We have each week two columns of news for the house wife, which are written by a specialist in her line. These two columns are well worth the price of the paper themselves.

On the first page of The American Union each week is an article written in prose-poetry, taking up some thought along life's highway which is very interesting and well were a little afterthought.

Another section of the paper is devoted to items from all over the Eastern Shore, which gives an idea of what is going on among our neighbors.

For those who like to smile we have a joke column under the heading "Chips" which we endeavor to keep filled with sayings worthy a smile.

All through the paper you will find columns of news from the various sections of the county, giving the comings and goings of your friends and neighbors.

As this section is primarily devoted to farming, we print each week much news of interest to farmers, poultrymen, hog raisers, etc., which comes either from the government, College Park, or some other approved source, and is calculated to save you time, money and energy. Here again we outrun the other papers, in the amount of such news printed each week.

We are glad to receive suggestions at any time. If there is something you want to know, some question you want to ask, some way in which we can help you, just let us know, and we will do our best to help you.

**SUBSCRIBE NOW—THIS WEEK—TODAY—Let us send you this paper which has the most news and the most helps for the farmer and his household.**
