HEARN MOTOR OILS

Are Uniform and Dependable because they are tested before they are sold

A test to which each grade of Hearn Motor Oil is subjected before it is offered for sale is the Acid and Alkali Test. YOU can make this test if you desire, for it requires neither instruments nor technical knowledge.

A small quantity of motor oil is mixed with six times as much denatured alcohol. In applying some of this mixture to blue litmus paper, should the litmus paper turn red, the presence of acid in the oil would be indicated. If you apply the same mixture to red litmus paper, and the paper should turn blue this would indicate the presence of alkali.

Each grade of Hearn motor oil is subjected to this test to detect whether it contains any acid or alkali, for the presence of either in a motor oil interferes with its maintaining the proper film on frictional surfaces; as a result metal rubs on metal and you have scored cylinders and worn bearings. The acid or alkali corrodes the metal parts of the motor and carbon forms more quickly and in greater quantity.

There are six grades of Hearn motor oil prepared to meet all requirements. You can secure the proper grade for your car for this season of the year.

There is a Hearn filling station convenient to you. The man at that station knows, and he will see that you get the correct grade of oil for your car.

Hearn "Y" Motor Oil is specially prepared for use in most makes of cars all-the-year-around.

Hearnoleum Products

The Hearn Oil Company manufactures tractor oils, greases and fuel oil.

Hearn Gasoline is reliable

When you buy Hearn Gasoline, you get a gasoline that has been rigidly tested before it is offered for sale. It is tested for ready vaporization, power, purity, mileage, uniformity and non-carbonizing qualities.

USE HEARN GASOLINE AND MOTOR OILS and you will get maximum service from your motor.

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions.

HALL'S CATARRH MEDICINE consists of an Ointment which Quickly Relieves by local application, and the Internal Medicine, a Tonic, which assists in improving the General Health.

Sold by druggists for over 40 Years.
