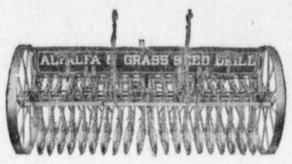
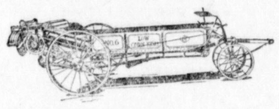
Grass Seed Drills



By using a Grass Seed Drill you can get as good a stand of grass as you usually do from half the seed you usually sow.

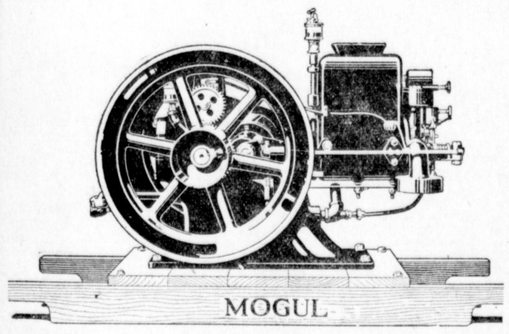
New Low Corn King Manure Spreader



The draft of this machine is not increased a noticeable amount by being thrown in gear. The weight of the tongue is carried by a spring and not by your team.

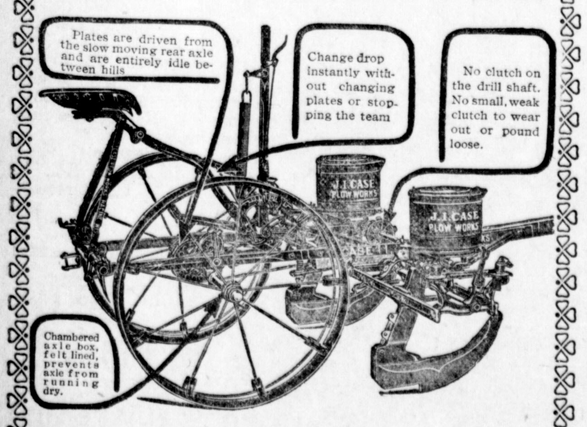
The Most Reliable

Pumping Engine Made



Starts and runs on magneto. Uses only 1 pint fuel per hour. Very economical.

THE J. I. CASE CORN PLANTER



The most accurate Corn Planter on the market.

No Clutch on Drill Shaft.

Direct Drive from Axle.

Plants Butts, Tipps and Middles.

Has Tilt-Over Hoppers.

We will supply you with REPAIRS for any machine you have.

F. B. HARPER

Still Pond, Maryland

We've gone through life together and whenever I've felt a cold coming on, Dr. King's New Discovery stopped it.

The healing balsams soothe the irritated membranes, the mild laxative quality expel the cold germs, the raw cough—strained throat is relieved, the tight chest loosened, the rasping cough eased, the cold is stopped.

For nearly half century Dr. King's New Discovery has been the standard remedy for coughs and colds, for old and young. At all druggists.

THE GOOD OLD EASTERN SHO'

Sing your songs of any land, of any spot or clime,
There's not a song that can be sung that can compare with mine,
For mine is of an Eden bower,
It's of a birth-right grand—
The dearest spot in all the world
A part of Maryland.

CHORUS:

The Eastern Shore of Maryland,
Is grand and grandly great,
The Paradise you read about
Where brains originate,
It's southern hospitality
Will set your heart aglow;
The garden spot of all the world
Is the good old Eastern Shore.

If you doubt what I am telling you, just happen down some day,
The hand clasp on the Eastern Shore will win you right away,
The lakes and lovely rivers,
The fields of yellow grain,
The bountifulness of all its yields
Will bring you back again.

WASHINGTON WINS!

Defeats St. John's College At Basket Ball By Score Of 28 to 23.

VERY EXCITING GAME

There is joy at Washington College. Coach Tom Kibler's fast basket ball team played Capt. Carey Jarman's St. John's team off their feet at Washington College last Saturday night. Several weeks ago St. John's defeated Washington at Annapolis, as Kibler's team was then in a crippled condition. The game last Saturday night resulted ust as many anticipated it would be, that is a red hot contest from beginning to end. Though the Washington team did not play up to what they are capable of doing, still they put up a good game. Carey Jarman, the swift Chestertown Athlete was the best on the St. John's team, but he was very much handicapped by the great game that Capt. Young played and was able to get but one long basket.

The playing of Cain and Caldwell was fine and Brown also did well, but not up to his usual game. Bill Wallace was on the sick list last week, still he was in the game.

The score at the end of the first half was 14 to 11 in favor of Washington. In the second half the Washington boys were going good, but Coach Kibler thought it best to substitute Spedden and Wilmer and the team eased up, though the latter two players were getting in the game with a vengeance when time was called.

The St. John's team was very much surprised at their inability to defeat Washington and during the latter part of the game were inclined to be very rough.

The attendance was the largest of the season. The two teams were to play last night in Baltimore when the championship of the State was decided.

The following was the line-up:

St. John's.	Position.	Washington.
Jarman (capt.)	Forward	Brown
Cook	Forward	Caldwell
Freeny	Center	Cain
Lentz	Guard	Wallace
Watson	Guard	(capt.), Young

Substitutes—St. John's, Weaver for Cook. Washington, Spedden for Brown, Wilmer for Wallace. Referee, Rigney.

The fast Loyola team, of Balto., will play Washington College tonight in Chestertown at 8 15.

HICKS' FORECASTS FOR MARCH

Stormy Weather Predicted During The Month To Extend Into April.

A reactionary storm period is central on the 13th, 14th and 15th. The regular reactionary tendencies to change of weather and renewal of storm forces will, on and touching these days, be greatly quickened and prolonged by the dominating influence of the Vernal equinox, intensified by the growing Venus disturbance. The chances are that unsettled, threatening, stormy conditions may be prolonged from the preceding period, but as this may be, we may expect that on and touching Tuesday, Wednesday and Thursday, the 13th, 14th and 15th, it will be clearly noticeable that forces are at work in the elements producing reactionary changes in weather conditions. Falling barometer, warmer, cloudiness, quickened squalls of rain and snow, all followed by rising barometer, colder, clearing weather, are things to be expected.

A regular storm period is central on the 19th, extending from the 16th to the 23rd. The regular Vulcan disturbance is coincident with the center of the Venus period, the Vulcan center being on the 19th, and the Venus center being on the 20th. The Moon is in perigee on the 21st, and on the celestial equator, in conjunction with Earth and Sun, on the 22nd

A reactionary storm period is central on the 24th, 25th and 26th. This period is still under the combined strain of Earth and Venus, with the Mercury period at the center of its perturbing influence. The tendency will be to prolonged cloudiness and threatening weather throughout this part of March, but on the 24th, 25th and 26th, look for increase of storm conditions, with increase of rain, sleet and snow, followed by rising barometer, colder westerly wind and fair weather.

A regular storm period is central on the 30th, extending from the 28th to April 2nd. The Moon is at its extreme north declination and first quarter at this period, with the combined influence of Mercury, Venus and Earth, all in full force. Low and falling barometer, renewed and increasing storms of rain, wind, sleet and snow will develop to the westward and be in progress to the east, as we pass from March into April.

Found Paralyzed in Baltimare.—Found semi-conscious in the alley behind 620 North Gilmore street, Baltimore, early Sunday morning, Edwin P. Graham, of Booker's Wharf, was taken to Hahnemann General Hospital, where physicians said he had been paralyzed. He was seen lying in the alley by a passer by, who notified the police and the Northwestern district ambulance was sent. Graham told the physicians that he came to that city on Friday. He was unable to explain how he got into the alley or to throw any light on his condition. It was at first thought that he was intoxicated, but a later diagnosis brought the statement that he was suffering from paralysis.

THERE are 13 Republican and 10 Democratic Clerks of the Court in Maryland. There are also 13 Republican State's Attorneys.

WOMAN COULD HARDLY STAND

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Fulton, N. Y. — "Why will women pay out their money for treatment and receive no benefit, when so many have proved that Lydia E. Pinkham's Vegetable Compound will make them well? For over a year I suffered so from female weakness I could hardly stand and was afraid to go on the street alone. Doctors said medicines were useless and only an operation would help me, but Lydia E. Pinkham's Vegetable Compound has proved it otherwise. I am now perfectly well and can do any kind of work."—Mrs. NELLIE PHELPS, care of R. A. Rider, R.F.D. No. 5, Fulton, N. Y.

We wish every woman who suffers from female troubles, nervousness, backache or the blues could see the letters written by women made well by Lydia E. Pinkham's Vegetable Compound.

If you have bad symptoms and do not understand the cause, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free.
