PEACE WORK

It's time for the folks to wake up and take the business of peace work out of the hands of faddists, tea servers and politicians. A good way to begin would be to get together and arrange for a real, all-round peoples' demonstration for peace, say on next Armistice Day. Keep hobby riders and notoriety seekers and propagandist commmittees out of it. Bar from it anything and everything that might be twisted into seeming disloyal to America. Have mayors and other public officiols as local heads of the business. Make it a patriotic, popular affair through and through—an expression of America's universal horror of war, and desire to kill war. The size and force of such a demonstration would overwhelm the enemies of peace and shut the mouths of even the irreconcilable friends of war. —Collier's.

THIS IS WRIT SARCASTIC

Wheat is raised by a lot of dirt farmers, each working on his own. Coal is produced by great corporations, managed by highly efficient captains of industry. The solution is very simple. Turn the coal industry over to the farmers. Put the coal operators in charge of the wheat farms. In less than a year there will be a great surplus of coal and prices will drop 50 per cent; wheat supply will be less than demand, and the price will go up to $2 per bushel.—Collier's

The Symbol of Service

That Wonderful "Land of the Sun"

8000 Square Miles of Picturesque Peaks

Nature has been exceedingly lavish with its majestic handiwork in Western North Carolina.

Within a radius of 50 miles of Asheville there are more than sixty forest crowned peaks over 6000 feet high, and over a hundred mountains exceeding 5000 feet in height.

Among these superb peaks is Mt. Mitchell, 6711 feet high, the highest point in Eastern America, and easily accessible by motor road. Here also are Mt. Pisgah overlooking Asheville; Chimney Rock, the towering sentinel of Hickory Nut Gap, with its marvelous outlook; Hickory Nut Falls, 900 feet high; Kanuga Lake; unique Blowing Rock and Grandfather Mountain; Lake Toxaway and the beautiful "Sapphire country."

In this great mountain playground the angler, the camper, the hiker, the golfer, the motorist and the eager lover of nature in her virgin forms will find their fondest desires abundantly met. It is an ideal country for a mountain vacation. The golf courses are numerous and excellent. The roads are good for motoring, and one-day trips may be made to numerous scenic points, passing wonderful views on the way. Mountain bridle paths invite horse back riding, a popular recreation.

Through sleeping car service is provided by the Pennsylvania Railroad in connection with the Southern Railway from New York, Philadelphia, Baltimore and Washington to Asheville.

Write to D. N. Bell, Passenger Traffic Manager, Pennsylvania Railroad, Broad Street Station, Philadelphia, for most interesting descriptive and illustrated literature of the "Land of the Sky."
