. . . SERVICE . . .

From our opening day this will be a store of real service.

Goods purchased here must give satisfaction—as you see it. We shall not question.

We shall be very painstaking with every customer, every phone call, every delivery.

Our friends and customers will receive every possible courtesy at our hands and we shall be glad to have any one, whether they be customer or not, to tell us where we can make our service even better.

Service, we know, is a much worn and much abused word—but the deed is a very, very worth-while thing.

You'll find it here—always.

TOMATO CONTRACTS AT $15

Big Canning House at Fredericktown to Can Sugar Corn at $14.50 per Ton—Corn $1.15 per Bu.

A dealer in seed was at Worton Station this week contracting with farmers to corn at $1 15 per bushel. This dealer furnishes the seed and wants a limited supply which has been nearly arranged for.

While some of the big packers are hesitating about paying the price asked by the farmers other canneries are coming in and getting the acreage. Messrs. James Harris and J. T. Baxter have contracted for 400 acres of tomatoes at $15 per ton for the Grollman cannery. The proprietors of the Lambson cannery have contracted at $15 per ton. Mr W. B. Willis is contracting for a Baltimore canner at $15 per ton, tomatoes to be freighted from Gale's wharf.

The owners of Fredericktown cannery are installing new machinery preparatory to putting up sugar corn. About 500 acres will be engaged in Kent and an equal amount in Cecil at $14 50 per ton

Turner & Son, at Betteron, have contracted for local canners for about 375 acres at 25 cents a basket.

Mr. William Kirwan will contract for 400 acres of tomatoes to be shipped from Broad Neck and Riverside, Quaker Neck. He was in the Neck Thursday and, as usual, made satisfactory arrangements with the farmers.

FOR SALE.

About 100 BUSHELS GOOD BRIGHT OATS, weight standard, suitable for seed.

Also WANTED—About 10 THRIFTY SHOTES weighing about 40 or 50 pounds, Chester White preferred.

Top Dress Your Wheat and Grass

It is the experience of a great many farmers who have top dressed Wheat with a special top dresser Fertilizer, that it not only makes a larger yield, but produces a better quality af grain and insures a good catch of grass and clover.

The readily available plant food in our top dresser Fertilizer gives the young Wheat a splendid start and enables it to send out strong vigorous roots and the increased yield in consequence is marvelous.

We are manufacturing for this purpose a Special Top Dresser Fertilizer that contains some Nitrate of Soda, Fish and Dissolved Bone, the price of which is $26 per ton and an application of 150 lbs. to the acre would only cost about $2 the acre the result of which would prove to be eminently satisfactory.

A few years ago one of our customers claimed that an increased yield from an application of 200 lbs. was thirteen bushels more Wheat and when you think of the present price of Wheat, it certainly would pay handsomely. Mr. James T. Dixon always top dresses his hay crop and says that it certainly pays him.

If therefore you want a substantial and profitable increase in the yield of your Wheat, or to greatly increase your Hay crop, be sure to apply some of our Top Dresser as early as possible in February.

Yours respectfully,

THE PEERLESS FERTILIZER CO.

A BRANCH OFFICE will be opened at Kennedyville next Tuesday by the Chestertown Bank of Maryland for the convenience of that community. The branch will be in the office of Shafer, Redmile & Co., with Miss Emma Shafer as cashier in charge.

Fine Home Purchased. — Mr. W. Irving Walker, of Queen Anne's, has purchased the Foster home and farm in Queen Anne's, on the Chester river, opposite Chestertown. This farm has a fine modern residence on it and is beautifully situated. Mr. Walker will remove to his new purchase shortly. The price paid was not made public.

Co-Operative Road.—A number of interested citizens of near Betterton, have just completed one mile of improved gravel road in that section. The county furnished the mule teams, the citizens the labor to drive teams, load and spread the sand and gravel and the material was given free. It took about twelve days to do this mile of road and the labor cost a little over $200. It makes a big improvement over the old road. Why can't other sections of Kent do the same thing?

Still Pond Farmers Club

The Still Pond Farmers Club met at the home of Mr F. H. Cornelius Feb. 22. Due to bad roads and sickness, there was only a fair attendance. After a sumptuous dinner, with favors appropriate to the day, the business meeting was called to order by President Carson Harris. The principal question discussed was the "The Dairy Cow." Bros. Cornelius, Hepburn, Roseberry and others gave instructive talks. The discussion of "The Charge Account" was carried over to the next meeting, with the same speakers. After some fine music, we bid farewell to meet at the home of Mr. Harry T. Williams March 29, 1917.

ONE HUNDRED YEARS is said to be the age of Emory Hynson, a well-known colored man living at Morgnee, a short distance from Chestertown. Emory's birthday was March 10, and it was celebrated by a number of his neighbors coming in and enjoying a pleasant time together.

Real Estate Salesman

We are desirous of securing the services of a reliable resident of Chestertown to act as our local representative; the capital, business methods and reputation of the largest farm agency in the world will be behind you and your success assured; unless you have been successful in other ventures, and have the respect and confidence of your townsmen, do not apply. Experience not necessary, but must own either an automobile or a good team. The business should pay a capable man $2,000 to $3,000 yearly. State all particulars in first letter regarding your age, business experience, and if you are a property owner; all communications treated confidentially.
