POULTRY

NOTES CONCERNING THIS MUCH-TALKED OF INDUSTRY DISCUSSED FROM SEVERAL ANGLES

The object of all of our poultry raisers in Kent County is how much can we make from the business, and, leaving out a few poultrymen in many in the entire country, this is the object of everyone—in every line of human endeavor. Consequently the interest in better methods of marketing eggs is a great problem and one which should be borne in mind by all raisers of poultry. The achievements of the California organizations in topping the New York market with Petaluma eggs and the successes of other co-operative egg marketing associations on the east and west coasts have aroused the interest of egg producers in Illinois, Iowa, Missouri, Indiana and the other heavy producing sections, but up to the present no satisfactory plan has been evolved for handling the great bulk of the commercial egg crop in other than the regular routine channels, where the producer loses all control of the product as soon as it leaves his farm. A great many attempts at co-operative marketing through egg circles and similar local organizations have been made in the corn belt, but the history of such attempts is one of almost universal failure. Consequently the best way that we know of to market your eggs is to send them to that market which offers the best inducements in a fire-class condition, clean and uniform in size as possible.

During the past five years the hatching industry has developed considerably in the United States. The mammoth incubator has revolutionized the poultry business until there is some danger that it might be overdone. But the increasing demand for products of the poultry yard, the amount of money required to make a big profit from the raising of poultry and the hazard and losses of the business make it a business likely to stand the test of time rather than one to be engulfed in the overrush that comes from the success of a few.

The Pekin duck is another fowl that is profitable to those along the water courses especially and to those who have good meadows in which the ducks can secure a great part of their food. To the person who lives in limited quarters we don't believe there is a great deal of profit in the raising of them.

Hot weather is hard on chickens. Give them plenty of fresh, cool water, and give them the advantage of shade whenever possible.

Keep your eggs in a cool place, so that they will not become overheated. Heated eggs means a lower price.

IN MEMORIAM

In sad but loving remembrance of our dear husband and father, who departed this life one year ago, June 28, 1921.

I never knew the pain you bore,
I did not see you die,
I only knew you passed away
Without telling us goodbye.
One year has passed since I saw your dear face,
And heard your sweet voice
In my home circle.

BY HIS DEVOTED WIFE.

The dear one now is sleeping,
No care is on his brow,
Oh blame us not for weeping,
For we have no father now.

BY HIS DAUGHTER AND SON, FANNIE AND GLANVILLE.

Rest on, dear father, thy labor's o'er,
Thy willing hands will toil no more.
A faithful father, both true and kind,
A truer father you could not find.
From this world of pain and sorrow
To the land of peace and rest,
God has taken you, dear father,
Where you have found eternal rest.

BY HIS DAUGHTER MILDRED.

—The tomato crop in Kent county is looking exceptionally good at this time and there is quite a large acreage planted. There is probably no single garden crop so easily grown and at the same time playing so large a part in the winter supply of canned goods as the tomato. Therefore, more attention will likely be given this vegetable as time progresses. Successful tomato growing is largely dependent upon judicious soil selection, fertilizer application and cultural methods.

—Cecilton is arranging for another of its fourth of July celebrations, which the promoters hope to make the best yet held there.

EVER HAVE IT?

If You Have, the Statement of This Chestertown Citizen Will Interest You.

Ever have a "low-down" pain in the back?
In the "small," right over the hips?
That's the home of backache.
If it's caused by weak kidneys,
Use Doan's Kidney Pills.

Chestertown people testify to their worth. Ask your neighbor! Read a case of it:

Oliver W. Stoops, 634 W. High St., says: "I had an attack of kidney trouble and my back got so lame and stiff I could hardly keep at my work. When I stooped it was all I could do to straighten up again. The action of my kidneys was irregular and for two or three weeks I was almost past going. I heard of Doan's Kidney Pills helping others and I bought some at Toulson's Drug Store. They were what I needed and soon fixed me up. I have had no return of the trouble."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Stoops had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. adv.

Indigestion

Many persons, otherwise vigorous and healthy, are bothered occasionally with indigestion. The effects of a disordered stomach on the system are dangerous, and prompt treatment of indigestion is important. "The only medicine I have needed has been something to aid digestion and clean the liver," writes Mr. Fred Ashby, a McKinney, Texas, farmer. "My medicine is

Thedford's BLACK-DRAUGHT

for indigestion and stomach trouble of any kind. I have never found anything that touches the spot, like Black-Draught. I take it in broken doses after meals. For a long time I tried pills, which griped and didn't give the good results. Black-Draught liver medicine is easy to take, easy to keep, inexpensive."

Get a package from your druggist today—Ask for and insist upon Thedford's—the only genuine.

Bake things he likes with FLAVO FLOUR. It's healthful and tissue building. There is more nutrition and a sweeter taste in FLAVO FLOUR. It is made with a new process by the most modern mill in the world. Nature's food values and the delicious flavor of the wheat are not milled out as they are by other methods. FLAVO FLOUR is milled at home from home wheat. It is good. Buy it and patronize Home Industry.
