Careful Readers Will Respond to These Suggestions!

When buying merchandise of any character always select a good, reliable house and you will get a square deal. When you happen to get an article that isn't just what you expected, go back to that dealer and tell him. Don't go to your neighbor or some one else and expect to get an adjustment.

When we opened this store, we had a purpose in view that we mean to live up to—give all our friends and customers a dollar's worth of merchandise for every dollar left with us—with an extra service added for good measure.

We want your EGGS, Mr. Farmer, and will pay as much or a little more than the market value elsewhere in the county at this time. BRING THEM TO US!

—Lightning struck the home of Mr. Joshua Davis, of Hanesville, recently, but the damage was only slight. Two cows were, however, killed on the John D. Welch farm in upper Kent last week. Batimore had a most disastrous fire which was started by lightning recently and destroyed property well up into the millions.

—While on his way to Chestertown one night recently, Mr. R. W. Eddins, of Centreville, had the misfortune to meet one of those reckless drivers that infest the state roads. After forcing Mr. Eddins off the road the two cars sideswiped, the latters car being somewhat damaged.

—A Chestertown joker sent Mr. Harry Lambert, superintendent of the M. D. and V. wharf here,what was supposed to be a most acceptable present on July 4th, in the shape of a neatly packed freezer of cream. Mr. Lambert's "gang" prepared to make a feast upon the contents of the freezer, but, upon opening it, they found that the contents consisted of a brick bat!

—The Third National Bank was the successful bidder for the $21,000 bonds offered by the Board of County Commissioners. The bonds sold at the rate of $102.39 per hundred and will net the Commissioners about $1000 above par. The proceeds of the issue will be used by the Commissionesr to built lateral state roads in the county, connecting with the main system and affording adequate shipping facilities for the farmers to the water fronts and railroads.

—A visit to the Peerless Fertilizer Works, of Chestertown, recently by a representative of the Transcript, disclosed the fact that they have a most up-to-date and stupendous plant, filled with modern machinery and up-to-date equipment. The size and capacity of the machinery, the magnitude of the business and the amount of materials stored therein is almost startling to the average person. Mr. Laurence E. Duyer is superintendent of this large concern.

SPORTS

ITEMS OF INTEREST TO OUR LOVERS OF SPORTS GATHERED HERE AND THERE

Chestertown failed to give its support to its baseball team on Saturday, in spite of the fact that one of the best games for two years was contested on the Washington College field. Consequently, Manager Russell and the officials cancelled the games for the 4th of July and Chestertown was without sport of any kind. In the future the Chestertown team will play a "return-game" schedule.

An exchange says: "The baseball clubs of the Peninsula do not measure up to the aggregations of last season. The old Snow Hill team could play all around the clubs of the Eastern Shore League." This we doubt, however. If Snow Hill could play all around the teams of this league, why is it that hardly any of them are able to make good in the league.

Those who esteeem highly the nip-and-tuck struggle down the stretch are likely to draw their share of thrills from the flag race in the American League between now and closing time, when October leaves begin to toss their visiting cards into your front yard. This now looks like an old-fashioned tangle, with the outcome hidden up to the last few hours of the year.

In spite of the fact that they are playing under organized baseball rules, it seems that there are quite a good many wrangles and disputes with the officials in the Eastern Shore League. The sooner these players learn that the umpire is the boss of the game the better for all.

The Chestertown baseball team lost a hard-fought and interesting game of baseball Saturday with the Tiger Athletic Club, of Baltimore, the score being 6 to 2. The game was knotted until the sixth, when, with three on, the best batter of the visitors' outfit found the bleachers for the second time with a homer. After that the game was continued as before. The crowd was extremely small. Mr. Webster McIntire officiated. The Chestertown team had a few new faces. Robinson was back of the bat. Loller was on the hill. H. Usilton played first; Armstrong, 2b; Bartley, ss; Perry, 3b; Seigenfuse, cf; Mason, lf.

The playing of Barber Bartley at short stop this year for the Chestertown team marks his as one of the best baseball players seen on the local field in many years. Mr. Bartley is fast and sure at short, has a good throwing arm and is good for from two to four hits a game. Sufficient practice and training would likely, even at this stage of life, develop him into a player who would write his name large on the base ball page.

[illegible]r proved himself an "iron man" on July 4, pitching a no-hit, no-run game for Massey against Ridgely, at the latter town. The score was 5 to 0. The game was unusually fast, both teams playing in professional form. The fielding of the Ridgely team was of the sensational nature, while the pitching of Pryor and the batting of the visitors featured for Massey. Brittingham was on the mound for Ridgely and was hit hard and often until relieved by White in the fourth inning. Pryor held the home team in the palm of his hand at all times, pitching a no-hit, no-run game, allowing only 29 men to face him. This establishes Pryor as one of the foremost pitchers of the Peninsula, as he had defeated the strong Sudlersville team 9 to 2 in the morning.

Massey proved too much for Sudlersville on the morning of July fourth, defeating them 9 to 2, Sudlersville being unable to do anything with Pryor's delivery.

DEATHS

Mrs. E. M. Bonwill, Sr., died last Friday at the home of her husband, near Still Pond, aged 75 years. She is survived by her husband and four children: E. M., Jr., William H. and Raymond B. Bonwill and Mrs. Lula Dukes.

Mrs. Bonwill was a long and patient sufferer, always seeing the bright side of life through her suffering. She was of a kind and loving disposition, always rady to help and to work and to do a good turn for her friends and neighbors.

She was a member of the Episcopal Church, where she was an ardent worker and always planning to help and to make her church and her community better.

Funeral services were held at her home Sunday afternoon at 2 p. m., conducted by Rev. S. S. Hepburn, interment at Still Pond cemetery. Her grand sons acted as pall bearers, as follows: Thomas Bonwill, Shallcross Bonwill, Emory Bonwill, Rodger Harris, Bonwill Dukes. B. R. Fellows, undertaker.

Mrs. Ida M. Price, wife of Louis S. Price, died at her late home near Lynch, on Tuesday last, of complication of diseases, aged 58 years. Besides her husband she leaves two children, Stewart M. and Catherine E. Price. Funeral services were held from her late residence on Friday at 1 p. m., conducted by Rev. A. P. Prettyman, of Galena. Interment at Millington cemetery. C. L. Dodd, undertaker.

Mrs. Elizabeth Robertson Fo[illegible] formerly, of Chestertown, died suddenly in Middletown, Del., July 3.

MAY CUT THROUGH SWAN POINT

Dredging Project Would Cost $12,000 and Would Cut Running Time Of Rock Hall Ferry In Half

Swan Point, at the mouth of the Chester river, is costing the citizens of Maryland one unnecessary hour each time [illegible]ey across the bay at Balti[illegible]e Rock Hall Ferry or the C[illegible]r Line.

The [illegible]ost traveled ferry on the Shore is the Rock Hall ferry line. On the Fourth every ferry was operated until long after the usual time, because of the extra time required to round Swan Point. The Rock Hall boats are compelled to detour around Swan Point, up the Chester river for 25 minutes, and then around the bar for 32 minutes, arriving at the end of that time just opposite their starting point. This is equally true of the M. D. and Va. Co. steamers between Kent landings and Baltimore.

Swan Point Bar, the cause of this loss of time, is a triangular shoal directly opposite the Eastern Shore end of the ferry, and to reach Rock Hall a steamer must go all the way around.

Some years ago the Federal Government cut a channel through the apex of the triangle. It was a ditch about three-fourths of a mile long, 100 feet wide and 10 feet deep. This was long before Maryland had perfected her road plans, and the channel was the national contribution to the local community. Today, with the almost wonderful growth of the ferry system, this channel must need to be widened to 150 feet, with a uniform depth of 10 feet.

The government will be asked to do this for the state and it is hoped that it will do it. If this is accomplished the ferry and boats will be carried as directly as a bird flies from the town of Rock Hall to Bay Shore. It will then require but five minutes to cross the bar.

The dredging project would cost $10,000 or $12,000 and it is stated that the saving in time would more than repay for this in a short time.

Girls' Club To Hold Camp

The Girls' Home Demonstration Club of Kent County will hold the Third Annual Camp at Washington College from July 11 to 14, inclusive.

The first three days will be given to instruction in breadmaking, sewing, poultry, hygiene and household arts.

The last day will be known as boys' and girls' club day and will be open to the public. A splendid program is being arranged by the boys and girls.
