MAIL YOUR PACKAGES EARLY SAYS POSTMASTER

Last year, through the generous cooperation of the press, the movies and other advertising mediums, Christmas mailers were induced to dispatch their Yuletide presents earlier in the month than ever before in the history of the institution of gift exchanging in the holiday season.

As a result, the spectacle of the last minute rush of former years with its attendant heartbreaking labor on the part of wearied and nerve worn store clersk and postal employees, was avoided.

This year Postmaster General New and First Assistant Postmaster General John H. Bartlett have determined to make an even better record and to banish for all time the suffering undergone in the past years by those engaged in the sale or transportation of gifts. They hope to make "Shop Early" a habit with the American people.

Mailing early does not mean December 1st or before, but if everyone could get their holiday tokens in the mail between December 10th and December 20th, the post office could not ask more.

Particular attention this year will be paid to greeting cards. Despite the success last year it was noted the last-minute mail consisted largely of cards. Possibly many of them were returned greetings to friends, heard from on a previous mail, but overlooked on the original Christmas list. Unlike parcels and letters containing money orders cards, of course can not well be marked "Do not Open Until Christmas." Therefore, it is possible that the many mailers this year, however, may find their cards undelivered until after Christmas Day.

Believing that the energies of postal employees should not be sapped to the last degree for any avoidable reason, and, intent upon securing for them the same Christmas privileges enjoyed by others, Postmaster General New asks the hearty cooperation of the public. The last-minute, or zero hour has been moved up so that all postal employees may eat their Christmas dinners at home. Rural carriers will deliver no mail at all on Christmas day and clerks and carriers in the city offices will stop work promptly at noon.

BIG INDOOR CARNIVAL

On the evenings of the 4th, 5th, and 6th of December an indoor Carnival will be held by the Denton Community Club in the building recently vacated by M. K. Newnam.

Extensive preparations have been made for this event. There will be a booth in which aprons of all kinds will be sold and there will be plenty of them for every body.

Much time and work has been spent upon an artificial flower booth. These are very attractive and will brighten our home until flowers bloom again.

The fancy work booth will help you to solve your Christmas present problem, don't fail to pay it a visit.

Good things to eat will be on sale every evening, cake, salads, biscuits and so forth.

And last but not least a "Beano" table where for a very small sum you may obtain a handsome premium and a lot of fun.

Grab bag for the Kiddies. Don't forget the date and everybody come. December 4th, 5th and 6th.
