Concerning Your Telephone

—Attachments—

DIFFICULTIES with the service are sometimes caused by the use of unauthorized mouthpieces, ear-cushions and other unnecessary attachments. They are not only useless but sometimes detrimental to the service.

If there is a real need for special or additional equipment, it can be supplied by the Telephone Company.

Subscribers are asked to refrain from the use of unauthorized attachments.

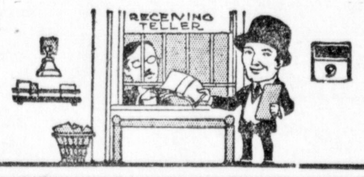
THE PEOPLE'S BANK

CHESTERTOWN, MD.



IF you are a business man, if you are a professional man, if you are employed at a daily wage, make up your mind to deposit weekly a certain sum of money in the bank. You'll be surprised how the sum will grow. Cash in bank gingers up the man who has it there. He has more confidence in himself. The business man is ready for a dull season. He is ready for an opportunity.

So is the professional man. The man who is working for a daily wage and who hasn't any money in bank frequently is fearful of a loss of his situation. He does not work as well or with the confidence in himself as does the man with something laid aside for a rainy day.

ATTRIBUTED by the dealers to an unreasonable panic among housewives, flour prices advanced about 75 cents a barrell in New York Monday, some fancy spring patents being held as high as $14 It is asserted that housewives in some intances are stocking up a year or more ahead fearing still higher prices During the hot months much of this flour will spoil, it was added. Crop conditions have been reported improved lately and dealers contend that normal buying on the part of the consumers would help keep prices down.
