THE TRANSCRIPT

Entered at the Postoffice at Chestertown, Md., as Second Class Matter.

BEFORE another issue of our paper Thanksgiving will have passed. This day the President has appointed for thanksgiving to Almighty God for the blessings of the year. This custom was first institutd by our Puritan Fathers, after the crops had been gatherd in, and has been observed by the nation ever since. Surely grateful hearts should observe this Thanksgiving, for it has been a year of plenty. Amid the financial ruin, famine, war and oppression that are facing so many lands, our government is sound and even the humblest of our citizens are enjoying the liberty of a free country. The world is looking to America as a beacon of light and to be an American citizen should be a source of great thanksgiving. It is a holiday. Banks and business places are closed. Feasting and family gatherings are in the land. But let every citizen remember that the churches are opened everywhere and for a short time all hearts should join in a great Thanksgiving.

THE special session of Congress called by President Harding convened on Monday last. For one day the U. S. Senate had a woman from Georgia as one of its members. The Republican members are confronted with the defeat in the November election as a reproof to the recent tariff bill. The Ship Subsidy Bill is the important issue which President Harding has brought before Congress. The government has invested $3,000,000,000 in ships, most of which are lying idle. The question is whether it is best to tax the people so that a subsidy may be paid to encourage private ownership and in this way to increase our merchant marine, or for the government to sacrifice the ships. In this important issue it is to be hoped partisanship will be forgotten and the members of Congress will make a thorough study of what will be to the best advantage of the country. The recent elections have shown the independent vote is a powerful factor with the mass of the people.

Worton Grange Notes

The next meeting of Worton Grange No. 314 will be held in the Hall Monday night, Nov. 27. This meeting is called "Home Coming" night and we propose to make it a night to be remembered. A most interesting program has been prepared by our lecturer, who after passing through much sorrow and sickness, is again able to be among us. We welcome her. The program, in part, will be as follows: Music; debate, "Resolved, that the frying pan has killed more people than bullets." Song, "Keep the Grange Fires Burning"; dialogue by Julia Williams and Anna Matthews. This, with questions, songs, recitations, etc., will complete the program, so then the meeting will be turned over to the graces who in their turn will have something to satisfy the inner man.

All our old grangers are invited and expected to be present, so don't miss it. Quite a few of our grangers took part in presenting the fifth degree at Kennedyville on Thursday night, while several more from the grange were initiated into the mysteries of this degree. All report a pleasant and profitable evening.

Kent Soccer Champs Win

The Rock Hall soccer team defeated Chesapeake City eleven Wednesday 1 to 0 here. The only tally of the game was made in the first half, when Edmondson made a center shot from the 20-yard line. By winning the game the Rock Hall team will play the winner of the Salisbury-St. Michaels match in the state championship tournament. Rock Hall is champion of Kent county, while Chesapeake City holds the same honors in Cecil.

—The recently built home of Mr. S. T. Manning caught on fire while he was in attendance at the meeting of the Fire Board, being a member of that body. Owing to the presence of mind and quick action of Mrs. Manning, the fire department was soon there and the fire put out before much damage was done. Mrs. Manning was Miss Jennie Vickers, of this town, but now residing in Baltimore. We are exceedingly glad that it was not more serious.

Fifty Durocs, Tuesday, December 12, 1 p. m., Old Field Point Farm, Galena, Md.

We have more than we care to carry over.

Durocs are the greatest money makers in the world. Over 50 per cent of the hogs marketed in the United States are red, conclusive evidence that they are the most profitable.

Our stock is bred right and carefully selected for prolificacy, size and shape. Some of them have farrowed an average of 12 to the litter and some of them have dressed 430 at a year old. The sows and gilts offered for sale will be bred for March farrow to a Defender boar, with the exception of some of the gilts who are too young to breed. The boars are registered. They are all pure-bred, but not all registered, and are all good individuals.

We will offer ten sows, fifteen gilts, thirty fall pigs and two spring boars.
