EXTRA SESSION JUNE 12

Governor Harrington has issued a proclamation calling the Legislature of Maryland to meet in extra session for the purpose of enacting legislation that will prepare the State for exigencies that have arisen because of the world war in which the United States and the State of Maryland is to take part.

This is no time to play politics. Let the people be served faithfully and promptly, and let the business for which the Legislature has been called be the only business considered at this extra session.

LIBERTY LOAN IS CALLING YOU

President Expects Every Marylander To Do Duty—$25,000,000 State's Quota—This Sum Must Be Subscribed By June 15—Pastors and Laymen to Urge the Loan at Church Services on June 2 or 3.

The Liberty Loan is calling you.

President Wilson and every man in authority in the United States government expects every Marylander to do his or her duty on or before June 15, when the time limit on the subscriptions to the $2,000,000,000 Liberty Loan will expire. Only two weeks remain in which Maryland must subscribe $25,000,000, the sum which this State, with an assessed wealth of over one and a half billion dollars, is expected to contribute in aiding the Allies in building bulwarks against the Germans and in preparing for defense on land and sea.

An impression, a wholly erroneous impression, has gotten abroad that the loan has been oversubscribed. The existence of this wrong impression to an alarming extent was discovered after interviewing workers from the counties who attended the convention of Maryland Bankers' Association at Atlantic City. They got a different impression after a spirited address by Mr. Rudd. As a matter of fact, only about one-half of the loan has been subscribed.

Messrs. Allan A. Harris, Chairman, William F. Russell, W. B. Copper, F. E. Maddox and John P. Ahern are a committee from Kent authorized by the Bankers' Convention to solicit subscriptions to this loan.

CONSCRIPTING WEALTH

According to the law the government can conscript the man—call a human being into the army and compel him to lay his life upon the altar. His own ambitions, the hopes of his parents and the happiness of wife and children—all these give way to the country's claims.

If life, why not property?

Heretofore the government has drafted the man but has hesitated to draft property. We are moving forward into a brighter light; we see more clearly what is just. Property is coming in for its share of the burdens in the war—or, at least for more nearly its share.

If the soldiers march to the front without flinching the capitalists should prepare to obey the command: Pocket-books—present.

In the past it has been "a rich man's war and a poor man's fight." This time, let the present generation furnish the money as well as the men. The glory of paying taxes is second only to the glory of personal sacrifice. There is glory enough for all.

W. J. BRYAN.

Dr. G. Allen Jarman, Kent county's leading veterinarian, was in Washington the other day and took the examinations for veternarian in the army. This is quite an important post and the government will, no doubt, be in great need of men in this profession. Dr. Jarman passed with a good percentage.

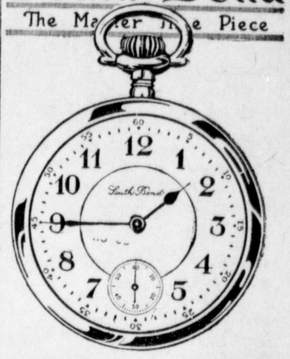
The Master Time Piece



THE South Bend Watch Company might use garnet jewels in their watches instead of ruby and sapphire jewels as many other watch companies do and thus greatly reduce the cost of production.

You would not notice the difference in buying.

But, if garnet jewels were used, the watch would not have any such lasting qualities—

and the South Bend Watch Company believes it is better to have smaller profits and satisfied customers than large profits and dissatisfied customers.

That's the way we feel about it, too, which accounts for our giving *South Bend* watches the preference.
