NOT ENOUGH CHILDREN

ever receive the proper balance of food to sufficiently nourish both body and brain during the growing period when nature's demands are greater than in mature life. This is shown in so many pale faces, lean bodies, frequent colds, and lack of ambition.

For all such children we say with unmistakable earnestness: They need Scott's Emulsion, and need it now. It possesses in concentrated form the very food elements to enrich their blood. It changes weakness to strength; it makes them sturdy and strong. No alcohol.

GRANGE FIELD DAY

Fairlee Grange held its first monthly meeting for the summer at "Saville," the beautiful home of Mr. Wm. G. Smyth Thursday afternoon, 14th inst. The thunder and rainstorm interfered seriously with the attendance, though a goodly number got together after the storm, Galena and Kennedyville both being represented.

This having been announced as milk producers' meeting, persons not Grangers were invited as it was intended as a means of getting together all farmers eligible to membership in the Inter-State Milk Producers' Association. In the absence of Mr. M P. Lee, Master of the Granges, the host of the occasion, Mr. Smyth, called the meeting to order and in a few well chosen sentences cordially welcomed all present and introduced Mr. G. W. Willis, who is president of the Association and also treasurer of Pennsylvania State Grange. Mr. Willis in a plain and straightforward manner spoke of the need of such an organization for the benefit of all concerned since farmers are going out of the business because not remunerative owing to high cost of feed.

Mr. Morris Phillip, an experienced dairyman, stated that the average cost of producing milk prior to war prices were 3.75c a quart. Sept. 30th it had risen to 4.9c, Jan. 1, 1917, it was 5.93c. One cow produces as much food as fifteen steers on an average. Yet the high price of beef and low price of milk is turning an alarming number of dairy cows to the shambles. Thus depriving the people of the cheapest item of nutritious food—an article that should be within reach of all classes. To accomplish this requires sober, systematic management. The price and other details should be worked out and standardized by a power other than the distributor or speculator, who heretofore have set the prices both to the producer and consumer.

Mr. R. W Balderson, Sec. of the Association, urged farmers to seize this opportunity to have some say in the matter of price fixing. Sign up agreements and help in the preservation of the dairy industry as a means of conserving our food supply.

These gentlemen having another meeting on in Pennsylvania at 8 o'clock were obliged to hurry on to Kennett Square. So after assisting in the removal of 15 gallons of ice-ceam and a bountiful lot of cake they were allowed to continue their journey.

The speakers insisted that this is not only wise and legitimate business, but patriotic service at the same time in giving due heed to the country's most serious need, viz., the production of more milk and wheat.

GALENA

Harry Colton and son, Harry, and Harry Fogwell and son, Henry, of Wilmington, Del., spent the week-end with I. L. Dempsey and family.

Andrew Vansant and family spent Sunday at the home of John D. Boyd.

Misses Janey and Lydia Dixon visited relatives in town on Sunday.

Mr. and Mrs. Horace Gambrell, of St. Michaels, spent Sunday in town.

Mr. and Mrs. H. S. Duhamell, of Cecil county, visited relatives in town on Sunday.

Mrs. Walter Hadley and son, Walter, spent the week end at Elkton, where Mrs. Hadley's son, Thos. Brockson, is ill in Emergency Hospital. It is reported that his condition is much improved.

The graduating class of Galena Junior League held their class night exercises at Methodist Episcopal parsonage last Thursday evening. The parents, teachers and a former diploma class were invited. Among the things causing the most merriment were the class song, history of the class, Nellie Dempsey; presentation of gifts with rhymes, Hilda Boyd; class prophecy, Lavelle Dempsey; and the poem by the class poetess, Emily Caldwell. These all contained many jokes on one another and the class also got off several good ones on their teacher, who is also their J. E. L superintendent. Among other enjoyable features were a reading by Blanche Dixon; a duet by Mrs. I. L. Dempsey and Miss Nellie and the splendid address by the pastor and music by Miss White. After the exercises the supt. and teachers gave a reception to class and the supt.'s gifts were presented at table. The entire class roll is Hilda Boyd, Emily Caldwell, Mollie and Blanche Dixon, Lavelle and Nellie Dempsey and Frances Wood. Mollie, being a senior pupil, presided at the exercises; Lavelle led the class with only a small fraction, her general average being 99 4-5 per cent. When we remember that this class has completed a nine year's course we are proud of them. They hold their commencement Sunday evening in the church. All are invited.

John Pennington, who has been quite sick for some time, was removed to the Emergency Hospital last Thursday afternoon. We learn he is doing as well as could be expected.

Miss Bertie Brockson spent Sunday in Elkton with her brother at Union Emergency Hospital.

Mr. and Mrs. Edward Cannan arrived here on Tuesday evening from their honeymoon. The happy couple are residing with Mr. Cannan's parents on Main street.

Dr. Elizabeth Johnson and two sons, Keith and William, of Eureka, Kansas, are visiting at the home of Mrs. Ella Whitaker.
