In these days when our Government is urging more intense farming and the demand for every farm product has been multiplied many times in the last two or three years it becomes necessary for farmers to utilize every improved method that means increased production with less labor and less cost.

The FARM TRACTOR

is now as necessary as the horse. It has passed the experimental stage and is dependable. In the near future we expect to give a demonstration of the latest model 10-20 Titan Tractor which has proven to be the size best suited for regular farm purposes. We hope to be ready to give this demonstration during the Fair, but in any event due notice will be given.

Watch for announcement of place and date and don't miss seeing it.

A MEETING in the interest of "Red Cross work" was held in Turner's moving picture building at Betterton, on Sunday evening, July 8 h, 1917, at 8 30 P. M. The meeting was opened by silent prayer and music by Farson's orchestra. Mrs. Lewis H. Wood, of Chestertown, chairman of the Kent County Red Cross, was introduced by Mr. Howard Turner and she in turn introduced Mr. Frank J. Resler, of Washington, D. C., who gave a very interesting and instructive address on the work of the Red Cross and its needs for service and funds. Four ladies of Chestertown, Mrs. Jane Robinson, Mrs. James G. Beck, Mrs. Frank V. Simpers and Miss Allegra Wood, dressed in Red Cross costumes, went through the audience and made collections for the Betterton Red Cross Circle, soon to be formed. These ladies were successful in collecting $47 28, and in addition $80.00 was subscribed to the National Red Cross $100,000,000 Fund. The meeting proved to be very successful and a great deal of enthusiasm was created.

STILL POND GRANGE held the second of its summer meetings on Thursday last at the home of Dr. and Mrs. S. S. Hepburn, with a goodly attendance of members and guests. Hon. James A. Pearce was a welcome guest and a much appreciated speaker, whose words of patriotism could not but evoke from his hearers a high degree of loyalty to one's country in this time of its dire need. The threatening storm hurried some to their homes, but those who stayed were well repaid, for good things were passed in abundance. All left with the wish that they might spend many more such pleasant hours at the home of their dearly loved host and hostess.

GET BOOZE ONLY BY BOAT OR AEROPLANE

Thirsty "Eastern Sho'men" must get their "booze" in the future by boat or aeroplane and within the state. No more can the habitants of the "gallon-a-month" counties order choice liquors from Philadelphia, New York or some point *outside* the state. Likewise they cannot even order their drinkables from Baltimore *shipped to them by rail*. This because all such shipments would become interstate commerce and the Reed "bone-dry" amendment, which became effective on July 1, covers sections of states which are "dry" as well as whole states operating under prohibition laws.

United States District Attorney Dennis has given an opinion that the Reed amendment applies to all dry counties of Maryland and has announced that his office will prosecute all violators of the amendment.

This opinion thus forces residents of dry Maryland counties to order liquors from some wet point within their own state alone and to transport the supply by some means whereby it will not become interstate commerce.

As all Eastern Shore points are only reached by rail connections through Delaware, the Reed amendment thus forbids rail shipments of intoxicants to "the Shore." Such shipments may, however, be sent by boat from Baltimore and likewise may be sent to all points within the state reached by existing trolley systems. Dry Garrett county is also seriously affected in that its thirsty ones must also do without rail shipments and must depend upon motor-truck or horse service to transport their "joy" water, because both railroads running through Western Maryland skirt over into West Virginia before reaching Cumberland.

WICKES A KENT COUNTIAN

Another Destroyer Is Named After Sailor of Old Line State.

Joseph L. Wickes, Esq., calls attention to the fact that three of the new destroyers are named after Marylanders instead of two—the third being the Wickes, after Captain Lambert Wickes, commander of the Reprisal during the Revolutionary War. Capt. Wickes captured a number of prizes, took Benjamin Franklin on his ship to France and was one of the first, if not the first, American naval officer to carry the Stars and Stripes in European waters. As was Commodore Nicholson, Captain Wickes was a native of Kent county.

ONE of the most enjoyable picnics ever held by Christ M. P. Sunday school was that at Tolchester Thursday. About 25 autos carried the school and each as given a ticket for 10 cents which was good on any amusement or for ice cream. Supt. G. E. Noland set apart the annex for the school's use and granted other concessions which were appreciated, while all the employes welcomed the folks as one of them.

STILL POND

The newly organized Red Cross Circle will meet in the class room of the church Tuesday, July 17, at 2 30 p. m. We have a membership of twenty-five, and extend an invitation to anyone who may wish to join us.
