ROCK HALL

Old Jupiter Pluvius, like the country, has gone crazy on patriotism (so called). He sure is doing his big bit in efforts to submerge old mother earth.

Our farmers are alarmed over the probable damage to the wheat and tomato crops by the heavy rains. They note, too, with worry the decline in wheat prices, which is an annual occurrence about the time of the new crop. War or no war, it's always the same.

Two weeks ago old potatoes couldn't be had here for planting at any price, but since the big drop in prices there seems to be plenty of old potatoes being hauled around for sale.

The funeral services were conducted at his late home by Rev. J. W. Prettyman, of Rock Hall M. E Church, on Friday, July 13th, at 2 p. m ; interment in Wesley Chapel cemetery. He was also a member of the Knights of Pythias, who had their services at the grave. Besides his widow, he is survived by six children: Geo. I. Whaland, Mrs. Wm. DRY COUNTIES' SITUATION

Cannot Use Mails in Sending Orders for Shipments.

Under an opinion by United States District Attorney S. K. Dennis, counties in Maryland in which the sale of liquor is prohibited and which are limited to a gallon a month from outside sources cannot use the United States mails in sending orders for shipments. The telephone and telegraph are still available for forwarding orders. Mr. Denni ssaid in his opinion :

Construing these two statutes together, as they should be, the conclusion is irresistible that it is an offense under the federal statute above quoted to ship liquor in any quantity in interstate commerce to Wicomico county, except for scientific, sacramental, medicinal or mechanical purposes, notwithstanding the provision of the gallon-a-month law. (Chapter 831, Acts of 1914).

While there is no state statute prohibiting generally the sale or manufacture of liquor, etc., in the State of Maryland for beverage purposes, I am of the opinion that your local law prohibiting such sale or manufacture is entirely sufficient to bring your county within the restrictions, as to shipment in interstate commerce, of the federal statute above quoted. Of course, the same reasoning and the same policy will apply to other counties having local laws prohibiting such sale or manufacture.

Hence this office will undertake the prosecution of all persons within the jurisdiction of this court who order, purchase or cause intoxicating liquors to be transported in interstate commerce to Wicomico or other counties having similar prohibition laws as to sale and manufacture, etc., provided, of course, the evidence is reasonably satisfactory.

41 Bakery Companies

The Quartermaster General has been directed to organize at once forty Bakery Companies in addition to the ten companies now within the Continental limits of the United States. These companies will be numbered from No. 1 to 52, Nos. 5 and 6 are in Honolulu and the Philippine Islands. The personnel of these companies will consist of, one 1st lieutenant, one 2nd lieutenant, 1 sergeant, 1st class, $51.00 per month ; 23 sergeants $44.00 per month ; 15 corporals, $36 00 per month ; 45 privates, first class, $33.00 per month ; 15 privates $30.00 per month ; 2 cooks, $38 00 per month. In addition the Government furnishes food, lodging and clothing.

The equipment consists of the Army Field Bakery No. 1 oven with equipage. One of these ovens with equipage is designated as a unit, and is so equipped that it is a Field Bakery complete in itself with a personnel of six men capable of supplying 1800 men per day with bread. Fifteen of these units constitute a bakery company and the company has a capacity of forty thousand pounds of bread per day.

This is an opportunity for strong and energetic young men to learn a trade. Men who volunteer now will have an excellent opportunity for promotion. There are about 800 vacancies in the grade of Sergeant Baker and 600 in the grade of Corporal to be filled by the most capable men.

In addition to this there will be vacancies in the grade of 1st and 2nd Lieutenant for experienced bakers with the necessary educational qualifications. A young man with a good High School education stands a good chance to enlist, learn the baker's trade, and place himself in line for promotion to the grade of Non-Commissioned Officer and Commissioned Officer.

A BIG REAL ESTATE DEAL

W. Irving Walker and Wife Sell Four Farms—1855 Acres, Near Chester Bridge Sold for $150,000 to a Harrisburg Corporation—Office Rented in Chestertown on Cross Street.

One of the biggest sales of Queen Anne's county real eastate in recent years was closed in Baltimore Thursday, when W. Irving Walker and Catherine Ford Walker, his wife sold 1855 acres of land to the Maryland Live Stock and Farm Products Company, a corporation organized in Harrisburg, Pa. The following farms were sold :

Royston Farm of 257 acres.
Royston Farm of 286 acres.
Royston Farm of 300 acres.
Round Top Farm of 1013 acres.

The purchase price was $150,000.

All four of the farms lie in the Rich Neck section of Queen Anne's county, and are among the finest on the Eastern Shore of Marhland.

The Maryland Live Stock and Farm Products Company will take charge of the farms on January 1, 1918, and will place all four farms under the management of expert dairymen, truckers and agricultural experts. The four farms will be managed as one farm with an expert for each branch of work.

The corporation was organized several years ago in Harrisburg, Pa., and it is now the owner of valuable real estate in many parts of the country. This, however, is understood to be the biggest purchase in any one locality.

J. H. C. Legg, of the Centreville Bar, was representative for the real estate syndicate, and Friday filed the deed in the Clerk's Office.

The corporation have rented offices in the Culp Building on Cross street.

ST. JOHN'S BY THE BAY, OPENED

St. John's by the Bay, a chapel built at Betterton, under the auspices of I. U. Parish, was opened for the first service on the 15th when the congregations of I. U., Shrewsbury and Betterton worshipped together. The Rev. T. B. Stauffer, of Kent. and the Rev. E. W Wroth, of All Saints, Baltimore, were in the chancel with the rector of the parish, and all took part in the service. Mr. Wroth being an old I. U. boy, preached a most excellent and appropriate sermon.

This little chapel is beautifully located and is an ornament to the growing town of Betterton. It has been built at a cost of 2100 dollars and has a small debt of less than four hundred dollars resting upon it, which will be easily taken care of For five years a band of faithful, patient and persevering women, and one or two men, have diligently and quietly collected funds to this end. They are now happy that their labor of love and self-denial has borne fruit. Sunday was a day of rejoicing with this little band, who for many weeks to come (when they think of their dear little church) will feel like singing the doxology of praise.

Mrs. Dora B. Green, of Pittsburg, formerly of Betterton, having made the first deposit of fifty dollars, thereby laying the foundation, while Mrs. Floyd Crownhart has collected over one hundred dollars in cash and Mrs. Beauregard Lewis two hundred dollars.
