IMPORTANT TO REGISTER

Another election will soon be held and unless one is registered, he will not be permitted to cast his vote for the men whom he believes would best serve his and the people's interest

If you believe in the principles of the democratic party, your belief will not do that party any good unless you cast a vote in favor of its nominees on election day, and to do this you must first register and get your name upon the voting list.

The democrats who are already registered must remember that it is highly important to get others of the same political faith to go and do likewise, for this is the only way that a party can keep up its strength

Every democrat can help in this work first by registering himself if he is not already registered; secondly, by finding out every man in his neighborhood whose names are not on the books. Report all such cases to the Democratic State Central Committee, or to any man on the democratic ticket, so that the matter may be attended to.

AUTOMOBILE ACCIDENTS

"Safety First" Does Not Seem To Be Motto of Travelieg Public—Number of Accidents Grow In Numbers.

The News would use all its influence in impressing upon automobile drivers the importance of "Safety First." Better get there late than lose your life or a limb. "Make haste slowly," is a motto that should be heeded by all drivers. Here are only a few accidents the last few days:

Sunday morning a motorcycle struck a team on the state road in Queen Annes that was coming from the road that leads to Rolph's wharf and as a result Mr. Neal, rider of the motorcycle, is in the Easton Hospital with concussion of the brain. William Blackiston, accompanied by the McGinnis brothers, of Queen Annes, were driving from the road that leads to Rolph's Wharf onto the state road. On this road it is impossible to see a team on the state road or vice versa. When Mr Blackiston's team emerged from the state road Mr. Neal's motorcycle struck it. Mr. Blackiston had a rib broken and was otherwise bruised, while the McGinnis brothers escaped unhurt. The horse had a leg broken and had to be killed.

Drs. H. G. Simpers and Frank W. Smith attended the injuries of the injured men, while Arthur Bacon took Mr. Neal to Easton Hospital. Mr. Neal is engineer on the "Tangier," one of the down-the-bay boats.

On Wednesday evening Ralph Price, son of Thomas Price, of near Chesapeake City, while driving his automobile, ran through the draw of the "high bridge" at Chesapeake City and man and machine were precipitated several feet into the canal. Ralph was pretty badly cut up and is now in the Union Hospital at Elkton. The machine was pretty well torn up in proceeding to fish it out of the canal.

James W. Hand, aged about 80 years was struck by an automobile and instantly killed Friday morning at eight o'clock. The accident occurred on the state road between Centreville and Church Hill, at a point where the South East Creek road intersects the stone road at the corner of "Medical Hill Farm." The automobile was driven by Harry Jones, of Quantico, Wicomico county. A coroner's jury exonerated Mr. Jones of all blame.

Mr. Hand, who for many years was a well-known farmer in that county, resided with his daughter, Mrs. S. Oscar Sparks, near South East. He left home with a load of milk. Upon reaching the state road, he halted to talk to a friend, who stopped his team on the opposite side of the road. The automobile approached from the direction of Centreville, and just as Mr. Jones was passing between the two teams Mr. Hand stepped directly in front of the machine.

The car was traveling at about 25 miles an hour and when it struck Mr. Hand it crumpled almost ever bone in his body. His skull was fractured in two places.

Mr. Jones stopped and did everything possible, but the man had been instantly killed.

W. J. Daniels, a farmer living on the Lee's Corner road, is suffering with a double fracture of his left leg and a badly cut head and face caused when he was struck by a large touring car said to be owned in Dover and driven by a colored chauffeur, on the causeway near New Castle on Thursday. He was loading can of milk on his right truck when the touring car struck him, throwing him against the rear of the truck. The car was ditched and the driver ran away, but near New Castle jumped into another car and escaped.

One man was killed, another is not expected to live and several others were injured in automobile accidents down the state Saturday and Sunday. The most serious of the two occurred about 4 o'clock Sunday and the other one on Saturday night. Both were due, it is said, to failure of the men driving the cars to slow down while taking curves, and both cars it is said, were traveling at a good rate of speed. That the accident on Saturday night did not result more seriously, it is claimed, was due to the fact that the occupants of the car were all thrown into a ditch alongside of the road. The accident resulting fatally was on a curve below Blackbird hill. The dead man is John Farrar, of West Chester.
