75C TAX RATE FOR CHESTERTOWN

FIREMEN ASK DONATION

The Mayor and Council of Chestertown in regular session on Monday evening of this week declared a 75c tax rate for the coming year. This rate has prevailed in Chestertown for a number of years.

Mr. W. L. Fowler, representing the fire company, appeared before the Council with reference to financial assistance in order to prevent having a carnival this summer. Mr. Fowler stated that a donation of $1,000 would materially aid in this matter.

The Council received a letter from the State engineer asking whether the city of Chestertown was going to use the Federal funds which were applied for last year to build a sewerage disposal plant. The Council voted to reply to the letter to the effect that the town was not in a position at this time to build the plant.

The State Board of Health ordered the plant to be built and completed before February 1st, 1934. Up to the present time the town has not complied nor has the State department made an effort to enforce the order.

EARLE GETS FEDERAL POSITION

Swepson Earle, native Queen Anne's Countian and for twelve years Maryland Conservation Commissioner, has been appointed as a contact officer between the Federal Bureau of Fisheries and State Fisheries officials of seafood producing States.

His appointment, which took effect July 1, was regarded as the first step by the Federal Government is helping the seafood industry to develop better marketing methods as well as to aid in educating the public in the wider use of seafoods.

A member of one of Queen Anne's colonial families, Mr. Earle is the author of 'Chesapeake Bay Country' into which he has collected a history of old families and old estates of Maryland. He was a recent visitor to 'Melfield' home of his brother, William B. Earle on the Corsica River near Centreville.

NEW TELEPHONE DIRECTORY OUT

837 PHONES UNDER CHESTERTOWN EXCHANGE

More than 2,100 copies of the new 1935 Kent and Queen Annes counties telephone directory have just been distributed to the users of the telephones in this area this week, according to an announcement made by R. O. Wright, manager of the Chesapeake and Potomac Telephone Company, of Baltimore City serving the state of Maryland.

This directory contains the listings of subscribers at Centreville served by 451 telephones, Chestertown served by 837 telephone, Galena, 52 telephones, Millington, 163 telephones, Queenstown, 228, Rock Hall, 194, and Still Pond, 193 telephones. There has been a gain of more than 65 telephones in this area since the first of the year.

The front pages of the directory are devoted to general information on how to use the telephone and directory, explanations of various types of calls, rates from this area to selected out-of-town points, rates to various overseas points, and a space for telephone numbers frequently called.

Officials of the company suggest that subscribers look carefully through their old directories before discarding them. Many persons put bank books, leases, insurance policies, letters, birth certificates and even money in the directories and then forget them, it is said. Because of the many changes in directory listings it is urged that all old directories should either be turned in or destroyed when a new directory is published.

JAMES G. BECK,

DEPOSIT INSURANCE
An Extra Measure of Protection

The management of this Bank always has taken every possible precaution to safeguard the funds of its depositors. In keeping with this traditionally conservative policy, deposits made here are now insured by the Federal Deposit Insurance Corporation.

The insurance thus provided applies to all deposits, including personal and corporate deposits deposits of public funds, and trust funds awaiting investment.

At the present time, the maximum amount insured for each depositor is $5,000. This does not mean that a depositor with an account of, say $500, is guaranteed $5,000, but it does mean that this $500 is fully insured. Deposit insurance is for your protection. It is a permanent part of the National law.
