Collector's Second & Last Notice.
FELLOW-CITIZENS:—
I must again call your attention to the payment of your taxes. The time allowed me by law to close the collections of the county, is drawing to a close, and you all know that it is impossible for me to pay of those who have claims against the county, without your first pay me. And I do hope, all who are lovers of the principles of good government, will evince the same, by a speedy payment. Those who do not comply with this notice, by the last day of January, may expect the rigid letter of the Law enforced. However painful such a course may be to me, my duty as an officer will compel me to such a course, to protect myself from injury, and an account of the various interests at stake. Persons holding property in the county, and residing out of it, will do well to attend to this notice. I shall be in Denton every Tuesday, if health and weather permit.
The public's obedient servant,
JOHN A. SANGSTON, Collector of Caroline county.

COMMUNICATION.
AMONG many new inventions of our enlightened age, is a patent Thrashing Machine, which we have heard highly recommended by our neighboring farmers, invented by Dr. C. Clark, residing in Green street, Philadelphia; and which we had the satisfaction to see in complete operation yesterday near this city, moved by one horse with great ease, thrashing at the rate of nearly one bushel of the minute, perfectly clean, taking off nearly every white straw, without breaking the grain.—It throws the straw very straight from the machine, and leaves it in a good condition for binding. We also witnessed one moved by the power of one man, who informed us he could easily thrash ten bushels per hour, with the assistance of one man to feed it. This we understand is from fifteen to thirty dollars, appears to possess the principle which has been so long sought for—which is in thrashing fast with ease. The wreaters are in the form of a coarse screw of wrought iron, and secured in a very permanent manner to the cylinder, which moves with great velocity and ease.—Philadelphia U. S. Gazette.
