Where the Fire is Out.

Magic no more a mystery—seen from across the world: "Haroun of Aleppo," said Sir Philip Derval, "had mastered every secret in nature which the nobler magic seeks to fathom. He discovered that the true art of healing is to assist Nature to throw off the disease—to summon, as it were, the whole system to eject the enemy that has fastened on a part. His processes all included the reinvigoration of the principle of life."

In this the Eastern sage merely anticipated the practice of the best physicians of to-day. What life itself is, nobody knew then—nobody knows now. But we have learned something of the reasons why the mysterious tide rises and falls. Provided the great organs of the body are not irreparably destroyed, medical science can always relieve and often save. Yet no reputable physician now adheres to the barbarous and stupid processes of depletion, such as bleeding, by which it was attempted to cure disease by reducing the patient's ability to resist it. Now-a-days we do not tear down the fort to help the garrison—we strengthen it.

In this intelligent and beneficent work, it is conceded that PARKER'S TONIC leads all other medicines. As an invigorant it acts immediately and powerfully upon the circulation and the organs of digestion, thus giving Nature the assistance she calls for. It follows that all ailments of the stomach, kidneys and liver are at once relieved or cured. No other preparation embodies the same qualities or produces similar results. It is delicious to use and the best anti-intoxicant known. Price 50c and $1. Hiscox & Co., New York. [inst.

Samson's Legs and Locks.

When Delilah clipped off Samson's locks that mighty athlete at once became "as other men." If it could be proved that the possession of luxuriant hair enable men to tear open lion's jaws, Hiscox & Co. would be driven wild in the effort to supply enough of PARKER'S HAIR BALSAM to meet the demand. As it is the Balsam prevents your hair from falling out, and restores the original color if faded or gray. Besides it is a great addition to the toilet table simply as a dressing.

NOTICE TO TAXPAYERS AND ALL WHO ARE INTERESTED IN ROADS. We would call your attention to the

MENDENHALL PATENT ROAD MACHINE

And the many advantages we claim for it over all others: 1. It is a two-horse machine and the only one. 2. It will move as much dirt with two horses as any other machine can with four or six and with less labor for the horses. 3. We claim a more durable machine, as we have a direct draft and use elastic cushions to relieve the jar or strain on machine and horses. 4. We claim it will do its work without sliding sideways, for the reason that the wheels are not lifted off ground as others are. 5. We claim that our machine will pay for itself in three days' work and the roads will be in better condition than it is possible to have them by the old way. 6. We claim that we can turn our machine in a 11-feet road thereby losing no time in finding a convenient place to turn.
