DEMOCRATIC TICKET

FOR COMPTROLLER:
HUGH A. McMULLEN,
of Allegany County.

FOR HOUSE OF DELEGATES:
HARRY GRIFFITH,
S. ELLWOOD BURGESS.

FOR TREASURER:
C. FRANK CROW.

FOR SHERIFF:
WILLIAM E. BROWN.

FOR COUNTY COMMISSIONER:
ARTHUR L. HARRIS.

AGAIN we congratulate the people of Kent for the large subscription to the Liberty Loan. It amounts to about $375,000. The success of the loan was attributed in a large degree to the efforts on the part of the committee chairman, Allan A. Harris, and Mrs. Wilbur W. Hubbard, Chairman of the Woman's Council of Defense.

ON Saturday United States soldiers under Gen. Pershing took their places in the trenches on the battlefield in France, and the first shot fired against Germany was a shell that was sent hurtling against the enemy by a "red-haired" artilleryman whose name has been withheld. And now we must expect casualties on land as well as on sea. May the God of Nations give our patriotic people strength to bear the losses of near and dear ones whose lives are given in defense of their country's rights!

IN reply to a question asked us the other day, "Why are so many people, regardless of party affiliation for William E. Brown, for sheriff, is so easily answered it sounds silly to write it. It is because the people of our good old county know and appreciate a first-class officer, and are not willing to "swap horses" for an unknown and untried. Even those who dislike "Shake" will tell you he is one of the best officers Kent county has ever had. That is why Democrats, Republicans and Independents are going to cast their ballot for him on November 6.

DEMOCRATIC DUTY

There is absolutely no reason why every nominee on the Democratic ticket should not receive the full support o our party people. To knife a candidate for some supposed fancied reason should not be done. The gobbling of our opponents and fault-finding is simply for the purpose of grabbing the offices in the county. This is not the time to howl about the mistake of the other fellow. Go at them, elect every man on our ticket, forget bygones and think only of the future. Stand by the National Government, the State administration, and don't stoop to petty politics by knifing any candidate, which you surely will regret later on.

WHAT IS THEIR RECORD?

Harry Willis And Herbert Urie, Candidates on Republican Ticket For Legislature, Voted Against Abolition of Race Track Gambling—Willis Voted Against State-Wide Prohibition.

In another column of this issue, Harry Willis, candidate for Legislature from Kent on the Republican ticket, publishes a letter from Rev. Ransom P. Nichols, his pastor, which is intended by Mr. Willis to give him a "clean bill of health" on the temperance question. We have no dispute with the honored pastor because we do not believe he would do anything to uphold intemperance nor to deceive anyone for the benefit of any candidate. We will state, however, that had Mr. Nichols known *all* the facts we do not believe he would have written such a letter nor allowed it to be used in a campaign of such vital importance.

What are the facts and what does the record show?

In the Journal of Proceedings of the House under date of March 7th, page 528, we find under 'special order of the day," the following:

"The hour having arrived, the Rules were suspended and the Speaker laid before the House the special order, being House Bill No. 7, entitled "An Act to enable the registered and qualified voters of the State of Maryland to determine by ballot whether or not the sale, manufacture for sale and transportation for sale, of alcoholic, spirituous, vinous, malt and intoxicating liquors for beverage purposes shall be forever prohibited in the State of Maryland from and after May 1st, one thousand nine hundred and eighteen; providing for the submission of such question to the voters of the State and declaring the effect of such election."

Amendments were proposed and various methods used to defeat the Bill and finally it was proposed to divide the State into units which prevailed. The vote on the Bill reported on page 586 shows that Willis voted *with the city* to defeat the State-wide Bill and that Urie voted with the temperance forces. If Willis voted right then Urie voted wrong. The record shows that Willis voted *wrong* from the temperance viewpoint.

Rev. G. W. Crabbe sends out a warning to all voters in which he says, "Kent county was misrepresented during the last session of the Legislature by Harry Willis of Betterton. He surprised and disappointed his friends by his unstinted support of the liquor interests."

The Race Track Gambling Question

The Anti-Race-Track-Gambling Association is making a strong effort to secure from the next Maryland Legislature a law prohibiting race-track gambling in our state. The president, Mr. H. B. Baker, writes:

"Race track gambling has its last resting place in America in Maryland and Kentucky. Because of its geographical location Maryland is the race track gamblers' paradise. Through the gambling machines at Maryland's four race tracks several million dollars annually pass. It is no wonder that lives are ruined and homes wrecked in this mad and saturnalia of race-track gambling."

It is said that the reason the National Government would not tax the Maryland race tracks, notwithstanding the great amount of money needed to carry on the war to a successful end, was that they would not take money that was taken from the people by a sure game, alongside of which the Louisiana lottery was child's play.

Here are the official figures as given out by the mutuel department of Pimlico race-track one day:

Race	Total Amount of Tickets Sold	Total Amount of Losing Tickets sold,
First	$31,558	$23,361
Second	32,010	18,219
Third	52,403	36,037
Fourth	51,947	34,917
Fifth	53,993	54,870
Sixth	56,327	29,393
Seventh	61,388	45,595
Total	$349,558	$242,792

As the Pimlico management takes 5 per cent. of all money handled, also the breakage, which amounts to about 1 per cent., their revenue alone must have amounted to about $21,000 from the betting end of their race track. What their total revenue must have been from their bar, admission tickets and other concessions we cannot imagine.

But we can imagine the feelings of the poor unfortunate men and women who left the Pimlico race track Saturday after purchasing $242,792 of losing tickets. They must be the "weaklings and fools" that Mr. Thomas Clyde, of Pimlico, referred to when he said before a Senate Committee at Annapolis: "I have owned and raced many horses for many years, but I never laid a bet on a horse in my life. I leave that to 'weaklings and fools.'"

The above figures are for one day only. What they will amount to during the spring and fall meeting at Pimlico is horrible to think of.

An effort was made in the last Legislature to get rid of this reproach in Maryland by the passage of the Hall Bill *but Messrs. Willis and Urie voted in the negative and it failed.* The record may be found on page 1304, dated March 28th.

Race Track Gambling is allowed nowhere excepting in Maryland, Kentucky and Mexico, the only three areas on the North American Continent, and Kent should be sure that the men sent to Legislature will vote against this smirch on our fair State.

We herewith present the records of Messrs. Willis and Urie on two of the vital issues of the day and it rests with the voters of Kent to take action. Their opponents, Messrs. Griffith and Burgess are true-blue on these questions and may be depended on to vote right.

CARD TO THE PUBLIC

The Anti-Saloon League has seen fit on the eve of the election to distribute letters throughout the county charging me with not supporting their legislation at the regular session of the Legislature in 1916. My answer to these charges are embodied in the following letter.

HARRY WILLIS.

STILL POND, MD., Oct. 17, 1917.

Mr. Harry Willis, Betterton, Md.

My Dear Bro. Willis: I have carefully examined the Journal of Proceedings of the House of Delegates of Maryland, January Session, 1916, and Special Session, June, 1917, and as a result find that in every proposed legislation—at least, every one falling under my attention—you voted for prohibition in temperance bills and for the introduction of the reading of the Bible in the public schools in House Bill No. 48, entitled an act to provide for the reading of the Holy Bible in each and every public school in the State of Maryland.

Advertise in the "KENT NEWS."

THE "Woman's Suffrage News" says: Two great events scheduled for Tuesday, November 6. One is the general election, the other the return home of one of Maryland's heroines, Miss Lucy Branham. After serving a sentence of sixty weary days, some of it spent in solitary confinement in a wretched prison cell, Miss Branham will be released on November 4, and will return to Baltimore November 6. At least this is the word Superintendent Whitaker of Occoquan has given out, and there seems a good probability that in this instance his message may be relied upon. The Just Government League of Maryland is arranging a reception in Miss Branham's honor, to be held at the Hotel Emerson on Tuesday, November 6, from 3 30 until 5 30 o'clock.

THE electrical storm of Saturday night was probably the most severe within the memory of the present inhabitants, that has ever visited here at this season of the year. For several minutes rain fell in torrents, and the flashes of lightning made the sky as bright as day. Much hail also accompanied the rain, and for a time it looked as if much damage might result. The storm came up so suddenly that hundreds of persons were caught in it before they had time to hunt shelter.

Enjoy the Soft Light of Rayo

Why put up with a flickering, flaring, smoking old lamp when you can buy a Rayo?

RAYO LAMPS give a steady light that is easy on the eyes. You remove neither the chimney nor the shade to light them—as convenient as gas. Artistic in design, they have no cheap filigree ornaments that make cleaning a long job.

Your dealer will be glad to demonstrate Rayo Lamps. Ask for them by name.

WHY ANNEXATION BILL IS UNFAIR

Above all, because it denies the right of the people to be annexed to vote on the question, which right is guaranteed to them by the Constitution of Maryland.

Because it takes from Baltimore County an area one and one-half times the size of the present city, while one fifth of the present city is still vacant land.

Because it takes away 65,000 of the county's whole population of 139,000, or nearly one-half.

Because it takes away about one-half of the county's whole taxable basis, leaving the whole expense of administration to be saddled upon the remainder of the county.

Because it provides that the county's public buildings within the area proposed to be annexed, costing hundreds of thousands of dollars, shall be taken over at what they are worth to the balance of the county after annexation—that is, nothing at all.

Because it provides that all property fronting on the 15 State roads running through the proposed annex shall pay a special paving tax of 15 cents a front foot every year for 10 years. The State built the roads, the city will get the money.

Because it makes no provision for farm lands and woods, which must pay the same rate as built-up ground, and which, in 20 years, will be paying the full city rate—the same as property at Baltimore and Charles streets. The annexation bill of 1888, which was a fair measure, provided for the county rate on such property until it should be given city improvements.

These are the most grossly unfair provisions of the bill, although there are many other features which will work great hardships to the people of the proposed annex. The Democratic party has pledged that this or any other annexation measure should be submitted to the voters of the "Belt," as provided by the Constitution. The Republican party has declared flatly in favor of the Preston-Field Force Bill WITHOUT A REFERENDUM. The only way in which the people of Maryland can prevent this outrage from being perpetrated is to VOTE THE DEMOCRATIC TICKET. We ask you to do this in the the interest of commen honesty and fair dealing. No national issue is to be decided in the election this year; no sacrifice of party principles is involved.
