TO THE PUBLIC.

THE Subscriber, Rector of St. Michaels Parish, intends opening on the first Monday in November next, (the 5th day of the month, a school for boys at the Parsonage of his Parish. The situation of the Parsonage which is about 9 miles from Easton is pleasant and remarkably healthy, being entirely free from those bilious complaints, which prevail in many other parts of the Eastern Shore.—Besides the pleasantness, and healthiness of the place, it possesses other advantages in some measure peculiar to itself, for an institution of the kind proposed. It is secluded, and will hold out to students no temptations to neglect their studies, and to form idle and injurious habits. The dwelling house is commodious, and well adapted to the accommodation of boarders.

The course of instruction in this Seminary will be more extensive than is usual in schools of a similar description. It is intended so to arrange it that students may be fitted, not only for a College course, but for entering immediately on the study of the learned professions, should they not wish to incur further expense of time and money in a preparatory education In addition to the branches commonly taught in Academies, viz. the Latin and Greek languages, English Grammar, Arithmetic, Geography, use of the Globes, Mathematics, History, Chronology, Declamation, &c. pupils will be instructed in Composition, both English and Latin, Grecian and Roman Antiquites, Logic, the Elements of Moral and Natural Philosophy, and the Hebrew language if desired The subscriber hopes, from his long experience in teaching, that he will be able to render his seminary worthy of the attention and patronage of the public. His mode of discipline, though strict, will be mild, and such, he trusts, as will not create in the minds of his pupils a distaste for the knowledge which he designs to impart. His number of pupils will be limited to twenty

Boarding will be provided by Robert Banning, Jr. who has rented the Parsonage expressly for that purpose Mr. Banning pledges himself to the public to do all in his power to give satisfaction in his department of the establishment, and the subscriber has no doubt from Mr B's well known standing and character, that he will fully redeem his pledge. He feels himself happy in being associated, in so important an undertaking, with a gentleman for whom he has so high an esteem, and whom he can so cheerfully and so strongly recommend to the confidence of the Public.

The price of boarding and tuition will be $125 per annum. Should it be inconvenient for students to furnish themselves with bedding and washing, they will be provided for them at an additional expense of not more than $12 per annum. There will be no other extra charges

Communications to the subscriber will meet with an earlier notice by being directed to Easton.
