BILL INTRODUCED GREATLY AID ARMED SERVICES

Annapolis, January 30—Declaring that "Maryland can never fully repay the debt we owe to the men and women of the Armed Services," Governor Herbert R. O'Conor has had introduced in the General Assembly a number of measures designed to insure for returning Veterans benefits commensurate with their sacrifices.

In order that all veterans can receive full information with respect to their rights, and advice and assistance in achieving them, one of the bills provides for the establishment of information centers in convenient locations throughout the State where the returning service men and women can consult with competent and experienced personnel trained for this purpose.

Another measure sponsored by the Governor provides for the reemployment of any veteran who left a permanent position with the State or any of its political subdivisions to enter the Armed Forces. This was necessary, Governor O'Conor explained, since the provisions of the Federal law would not be applicable to States, counties and municipalities.

Other proposals of the Chief Executive extend the Merit System preference now granted to veterans of other wars to veterans of World War II and continue the benefits under the Unemployment Compensation Law to persons in military service to March 31, 1947, a measure expected to bring far-reaching benefits to the veterans.

In order to eliminate possible confusion, a new Article of the Code entitled "Veterans" is proposed and the 23 sections dealing with Veterans Guardianship would be transferred to this Article. Similarly, other sections granting veterans certain privileges in connection with the license laws and the Veterans' Relief Fund provisions also would be amended and transferred to the new Article.

A study of proposed veterans' legislation by the Committee appointed by Governor O'Conor brought out the fact, Governor O'Conor revealed in his message to the Legislature, that the present laws of the State will enable veterans to participate in the loan features of the G. I. Bill of Rights through State Banks and financial institutions, thus avoiding the necessity of special State legislation.

"Our debt to our service men and women is one that cannot be discharged by resolutions and monuments," Governor O'Conor made clear in asking favorable consideration of veterans proposals submitted

"Mail is the biggest morale builder of our armed forces, but it can be delivered promptly overseas only if the American public cooperates by using V-Mail as much as possible," says Rear Admiral Joseph R. Rodman, USN., Director of Naval Communications.

—V—

"With more than 40,000,000 pieces of mail going overseas to American troops every week, it is now more important than ever before that the public use V-Mail in writing to our soldiers stationed abroad," says Maj Gen. J. A. Ulio, Adjutant General of the Army.

—V—

V-Mail saves cargo space. A single reel of V-Mail containing 1,800 letters fits into a three and one-quarter inch square shipping carton weighing about seven ounces. That many ordinary letters weight 45 pounds.

—V—

During November only 54 per cent of the Navy air-mail could be carried by plane because bad weather reduced flight schedules. But there was no delay in the delivery of V-Mail, which always gets the A-1 priority.

If You Had MY JOB

KEEPING HOUSE, helping take care of the family—you would realize that business girls are not the only ones who sometimes get Headache and Tired Aching Muscles. We home girls often work just as hard and have just as many Headaches, just as many Stomach Upsets and get just as Tired.

About a year ago, I first used

ALKA-SELTZER

I find that it eases my Aching Head, takes the kinks out of Tired, Aching Muscles and brings relief when I have Acid Indigestion.

The family says I am a lot easier to live with since I have known about Alka-Seltzer.

Have you tried ALKA-SELTZER? If not, why don't you get a package today? Large package 60¢, Small package 30¢, also by the glass at Soda Fountains. T

GOVERNOR SIGNS BILLS AS THEY PASS

Annapolis, January 31 — Governor Herbert R. O'Conor today signed a second batch of Legislative Acts passed in the current session of the General Assembly, thus establishing, according to those who have followed legislative procedure for many years, a record for pispatch in putting new legislation on the statute books.

Up until recent sessions, it was pointed out by observers here, the custom has been to let the bills accumulate, to be signed by the Chief Executive at the end of the session. In 1943, Governor O'Conor held frequent bill-signings during the legislative session, but not in recent memory have there been so many bills passed and signed during the month of January as is the case this year.

One of the most important bills that has received Governor O'Conor's signature this month eliminates tuition fees at the State Teachers' Colleges for those who contract to teach in Maryland following their graduation.

This is one step promised by Governor O'Conor in an effort to attract more prospective teachers to the training schools.

Other bills signed include provision for permanent automobile license registration and a number that favor members of the Armed Forces and veterans in various ways.

GOV. PROCLAIMS MARYLAND STATE GUARD WEEK

Annapolis, January 31—"Maryland State Guard Week," formally proclaimed by Governor Herbert R. O'Conor to cover the period from February 4 to 11, will be opened with a radio address by Governor O'Conor over Station WBAL on Sunday, 1:15 to 1:30 P. M.

The purpose of the week, as explained by Governor O'Conor in his Proclamation, is to secure recruits for the various State Guard Units to put them at peak efficiency for their vital functions of "providing security for the citizens of our State, protecting vital installations, quelling civil disturbances and assisting in times of emergency or disaster."

In his Proclamation Governor O'Conor urged male citizens of the State between the ages of 16 and 64 "to give consideration to the discharge of their citizenship duties by membership in the State Guard." He also asked mayors and other responsible officials throughout the State to issue similar proclamations to the end that the "maximum personnel, strength and efficiency of the Guard" may be realized and maintained.

London Bridge Chapter Daughters of American Revolution, and guests, were very delightfully entertained at the Sophie Fisher Inn, Friday, January 26, by Miss Ella Hicks. After the dinner, the members went to the home of Miss Hicks and held a very important meeting. A review of the year's work was made, since although there is to be no annual State meeting in March, a summary of the work must be sent to the State Regent. Delegates to the National meeting in Chicago were selected—Miss Bottomley, Mrs. Price, Mrs. Gould and Mrs. Pennington. The high spot of the evening was a talk with Miss Esta V. Harrison, at her home in Springfield, Mo. Miss Harrison was a former member of the Chapter.

LYNCH

Mr. and Mrs. Harry George of Chestertown were visitors here on Sunday with Mrs. S. S. Price.

Mrs. Rasin Carter spent Monday with Mr. and Mrs. Harper Carter of Kennedyville.

Mrs. Robert L. Usilton was a Tuesday guest of Mr. and Mrs. Will Willis in Fairlee.

Mr. and Mrs. John R. Jewell spent several days in Salisbury this week.

Corporal Marion Councell has returned to Camp Meade after a two week furlough with his family.

Miss Eleanor Usilton is spending some time with her aunt, Mrs. Charles Coleman in Chestertown.

Mrs. Sara Cornelius is the guest of her daughter, Mrs. Walter Wolverten, in Camden for a few weeks.

Mr. Frank Hepbron, who has accepted a position in a Wilmington hospital, spent Tuesday at his home here.

We are sorry to hear that Mrs. E. P. Kendall, Virginia Kendall and Arthur Jewell are on the sick list, and we wish each of them a quick recovery.

We are very glad to know that Mr. Herbert Oliver is much improved.

Master Jimmy Wroth and Hanson Meikle were the Friday night and Saturday guests of Mrs. Pauline Stavely at Worton.
