ROCK HALL

A lot of "unpleasant questions" in last Saturday's Sun, asked by the erstwhile correspondent of the Sun, F. A. Richardson, made mighty good reading for not a few of our readers down this way, especially that portion of the correspondence regarding Hooverism. Ve have been pondering along the same line for several months and find nothing doing. F. A. R.'s questions ought to strike home somewhere. A sugar famine has now got us good and hard in its grip, yet there is, so reports have it, plenty of sugar near us, but can only be purchased by our loading up on other commodities that we really don't want. Some here have visited the city and secured all the sugar they needed, while others have gone to the city for the purpose of buying sugar and failed to get even a pound. Surely something is rotten somewhere.

Our citizens here are still moving away to other parts for their betterment, two families going this week. It is reported that an exodus of men will take place about the holidays.

Arthur and George Downey, formerly of this place, but for a year located in New Jersey, were on a visit here from Friday to Wednesday. They are well pleased with their Jersey home and employment.

Druggist T. B. Durding is a believer in plenty of good light. He now has gasoline, electricity and gas lighting in his store, gas lighting being installed this week.

Capt. Edgar Culley, who is conducting an oyster shucking plant on Swan creek, is a big help to the oystermen. While the boatmen are cutting down the price, Culley is keeping prices up to the top-notch.

J. R. Diehl, one of Rock Hall's Sunday school workers and choir singer, has been selected as the superintendent of the Sunday school in Skinner's Neck, vice James Boulter, who has secured paying employment in other parts. A good selection. The people in the Neck will do well if they give him faithful support.

Old Boreas seemed to be the cause of many of our church people becoming slackers on Sunday morning. Only a handful, so to speak, were in attendance at the M. E. Church. They missed the hearing of a splendid sermon by Pastor Prettyman from the text, "Ye are the salt of the earth," illustrating the mission of christians to preserve Truth and Goodness among men.

The weather man gave us all a scare on Tuesday night when he handed out to us a big covering of snow.

MONEY IS PLENTIFUL

But It is Hard To Keep Without A Bank Account

¶ No matter how plentiful money may be, you cannot keep it if you fritter it away.

¶ And to carry money around in your pocket affords an ideal opportunity for frittering.

¶ Any man may spend a dollar foolishly from his pocket when he would hesitate to draw a check.

¶ Money is plentiful in this country—more so than in any other country of the globe.

¶ Make it plentiful for yourself by depositing it in this bank instead of frittering it away.
