THE Easton Ledger has retired from the newspaper field its editors having been called to the colors.

GYPSIES and bootblacks will have to go to work. Their status as idlers was established last week and they will come under the provisions of the Maryland Compulsory Work Law.

ELKTON and Salisbury have the pigpen question up again. Chestertown settled this big matter some years ago by deciding to be sweet. Do likewise. Plenty of room outside towns for hogs.

KENT COUNTY'S part of the Y. M. C. A. fund is still $500 short. Send your part to either C. S. Smith, C. L. Dodd or your district committeeman. It is needed badly.

THE message of President Wilson to Congress is another masterful address filled with statements which shall live for centuries. Its aim and purposes were lofty and just and gives to the world the real motive of our war, viz, to bring about a universal peace based on generosity and justice to the exclusion of all selfish claims.

WISE ACTION OF GOVERNOR

MESSRS. EDITORS KENT NEWS—

In refusing to sign the commission of the new sheriff of Kent county until after the expiration of the present term of the Circuit Court, Gov. Harrington has shown his usual wisdom and levelheadedness, although it seems to be causing the Enterprise editor acute pain to think that he will lose some of the emoluments of the office. The sheriff always enters upon his duties several months before he is called upon to officiate at the semi-annual sessions of the court, and in the interim he has time to familiarize himself with the duties incident to the position. To have put a man in this important place who has had no experience in the office—nor in any other office, so far as we are aware—might have caused embarrassment to both the officer and the court and been the cause of confusion in expediting the business of that body. No more trying task could be put upon a man than being forced to perform duties in which he has had no former experience. So we say again that the Governor acted very wisely in delaying the commission of the newly elected sheriff, and he should hold him in grateful remembrance for relieving him of what might have proved a very embarrassing and trying ordeal.

Plenty of fresh water required, and sufficient labor necessary. The plant should be exempt from taxes for ten years, and at least two acres of land free. Protest Against Appointment of Robert Crain

WHEREAS, Mr. Robert Crain, Attorney for the National Brewers' Association, has been appointed a director of the War Savings Fund Campaign for Maryland; and

WHEREAS, This work will require the support and co-operation of the ministers, Sunday-schools and different church organizations of the State, and since there is at the present time a campaign being waged in the station and nation for the prohibition of the liquor traffic; be it therefore

Resolved, That the Headquarters Committee of the Anti-Saloon League of Maryland earnestly protest to Secretary McAdoo and Frank A. Vanderlip against the appointment of Mr. Crain, for the reason that he stands diametrically opposite to those upon whom he must depend for seccess of the Thrift Movement, as evidenced by the fact that for a number of years Mr. Crain has been the Attorney and recognized lobbyist of the liquor interests of the state and nation, which to-day is wasting foodstuffs in the manufacture of intoxicating liquors.

We further submit that an appeal from the Brewers' Attorney to the children to save their pennies would not be so well received as if it came from a business which had been fair to the childhood of the country.

We further protest against the appointment of the Attorney of the Brewers' Association for this peculiar kind of work at this time.

If you think it unfair to place the attorney and representative of the brewers in a position of prestige which can be used to the advantage of the saloon, write Hon. William G. McAdoo, Washington, D. C., and protest against the appointment of Robert Crain.
