Farmers!

If you want to solve the labor question, one of the most effective ways to help do so, is by the use of the Farm Tractor.

With a 10-20 Tractor and 3 Bottom Plow, one man can do the work of 9 horses and 3 men and do more work in the same length of time.

We represent the I. H. C. line which has passed the experimental stage and shown beyond doubt their ability to perform steady and constant service.

Remember too that these machines use the cheapest kind of fuel reducing the cost of operation to the lowest point.

Now if you are thinking of buying a Tractor anytime this year, better see us and get your order in now, as it will be impossible for all customers to be supplied on account of shortage in material and labor.

We will be glad to furnish any informotion.

Contracting for Tomatoes

John N. Bennett, representing Oliver & Smith, canners at Still Pond, is contracting for tomatoes at 50 cents per ⅝ basket. Mr. Bennett was one of the committee to go to Washington and represent the farmers in having the price of $21 rescinded. He is the first to offer the farmer the increased price. Many other canners are doing the same.

TWO KENT BOYS WOUNDED

A telegram was received Thursday by Charles Kibler stating that his son, First Lieutenant J. Thomas Kibler, has been wounded in action on March 18th. Lieut. Kibler went to France early in September and it was predicted that if there was any fighting Tom would be sure to be in it. Kent is proud of her Lieutenant.

In the list of casualties reported by General Pershing last week was the name of Earl R. Stouffer, corporal, reported as being slightly wounded. Young Stouffer was a Kent county boy and among the first to volunteer after the U. S. entered the war. He is the son of Mrs. Wm. Stouffer, of Chestertown, who received the telegram of the injury Monday. The wound was received somewhere in France.

AT PRIVATE SALE

The Whip

¶ The picture par excellence, the supreme offering of filmdom, is "The Whip," the screen version of the famous play that ran for three years in London and for over two seasons in New York City when it was produced by William A Brady.

¶ It was so vast in its equipment of scenes and effects that it could be produced in only three or four theatres in all America—such as the Manhattan Opera House, New York, the Auditorium, Chicago, etc. For this reason it has been seen by less than ten per cent of the theatre patrons of the United States.

¶ This vastness has been immeasurably increased by the resources of motion picture art. Given such advantages of original magnitude, "The Whip" offered a rarely inviting subject for pictorization at the hands of Maurice Tourneur. Tremendous effects have been secured, as, for instance, the gigantic train wreck in which a whole train was smashed to bits at a huge cost for the sole purpose of securing one scene for this picture.

The wreck scene for this picture was taken near Queenstown, Queen Anne's county.

¶ The story is of the race track and the intrigue revolving around a famous race horse named "The Whip." This intrigue involves an impecunious "gentleman" and his adventuress partner, a handsome young man in love with the charming daughter of the horse-loving Judge who owns "The Whip" the jockey who rides and idolizes the horse, and the unsophisticated and pretty sister of the jockey.

¶ Big race scenes, wonderful hunting scenes, the best train wreck and the most thrilling automobile accident ever seen in pictures, startling scenes in the old Eden Musee filled with wax figures—all these combined with a powerful and attention-riveting story makes this the world's biggest screen play.

HAND OF DEATH

Mrs. Berenece G. Trenchard, wife of William E. Trenchard, died at Johns Hopkins Hospital, Baltimore, Saturday morning, of cereborrhal hemorrage, where she had been carried Friday for treatment at the Phipps Clinic.

Mrs. Trenchard is survived by her husband, William E. Trenchard, and two children, Virginia and George Trenchard.

The shock which caused Mrs. Trenchard's illness was caused by the illness of her mother, who had been stricken with apoplexy in her daughter's presence and who died during Mrs. Trenchard's illness.

Joseph H. Chapman, a former resident of Chestertown, died at his home in Philadelphia, last Sunday, aged about 68 years. The deceased when a resident of this town was engineer on the local train. He married Miss Mary Burk, sister of Messrs. Wm. A. and George H. Burk, who survives him.

Miss Kate Wheatley died at her home on High street Tuesday night after a short illness of pneumonia. The deceased for some years has been the head milliner in Jefferson & Bro.'s store and was skilled in her business besides being popular with a large circle of customers and friends. She was engaged in the postoffice here for some years when her brother was postmaster and there also won the esteem and respect of everyone. She was a most self-sacrificing lady and gave her life for the good of others. If the saying "he who best serves his fellow man, serves his God the holiest he can," then the deceased can claim this honor for she lived to serve. She leaves a sister, Mrs. Sherwood, two brothers, Wm. A. and J. Frank Wheatley, besides a number of nephews and nieces. The funeral took place yesterday interment in Chester Cemetery, Rev. J. L. Ward officiating. The bearers were C. Frank Wheatley, Jr., Joseph N., Charles F., Arthur B. and Wm. A. Wheatley, Jr., and Norman C. Jefferson; C. L. Dodd, undertaker.

Don't forget to be on time for Church Sunday.

"FOLLOW THE CLOCK"

There is no reason why anybody should get confused or mixed up by the new daylight saving regulation that is to go into effect next Sunday. All anyone has to do is to put the watch or clock one hour forward Saturday night when going to bed and "follow the clock" for the next six months. It is the clock's business to keep an account of time, and if we take the clock's word for it, we will keep pace with the rest of the country. The clocks will all keep the same time and railroads, the factories, and business of every description will all follow the clocks. The sun and the sundial will pay no heed to Congress.
