## To Farmers and Gardners.

THE subscribers offer for sale **10,000** barrels of their New and Improved

**POUDRETTE,**

Manufactured from the night soil of New York city, in lots to suit purchasers. This article (greatly improved within the last two years) has been in the market for eighteen years, and still defies competition, as a manure for Corn and Garden Vegetables, being *cheaper, more powerful than any other*, and at the same time *free from disagreeable odor*. Two barrels ($3 worth) will manure an acre of corn in the hill, will save two-thirds in labor, will cause it to come up quicker, to grow faster, ripen earlier, and will bring a larger crop on poor ground than any other fertilizer, and is also a preventative of the cut worm, also it does not injure the seed to be put in contact with it.

The L. M. Co. point to their long-standing reputation, and the large capital ($100,000) invested in their business, as a guarantee that the article they make shall always be of such quantity as to command a ready sale.

Price, delivered in the city free of charge and other expense—

| | |
|---|---|
| One barrel, | $2.00 |
| Two barrels, | 3.50 |
| Five barrels, | 8.00 |
| Six barrels, | 9.50 |

And at the rate of $1.50 per barrel for any quantity over six barrels.

## Singer's Sewing Machines.

THESE celebrated machines are in practical and profitable use in all parts of the civilized world. In all the various trades, and in sewing every sort of fabric, either of cloth or leather, they have been fully tried and approved. Sewing machines of other manufacturers often fail to work, but SINGER'S ALWAYS OPERATE PERFECTLY, being strong, durable and complete in contrivance and workmanship. A perfect sewing machine kept employed affords a clear profit of $1,000 a year; but an imperfect one is a cause of constant vexation and loss. The entire RELIABILITY of our machines is one great reason for their unparalleled popularity.

MACHINES FOR FAMILY SEWING, of a frail and delicate construction, are recommended by other manufacturers. Such machines are made to catch the eye, not to perform substantial work. The truth is, family sewing machines ought to be stronger than any other, because they go into less skilful hands than when sold to manufacturers, and are used for a greater variety of work. The machines which have proved best for family use, are they are Singer's. The speed of our machines has lately been doubled. No other can compare with them in quantitity of work.

☞ New machines of the latest improved style will be exchanged on liberal terms for old sewing machines of our own make, or for operative manufacturers. Local Agents wanted to sell our machines.☞

N. B.—All persons desiring full information about sewing machines, can obtain it by applying for a copy of "I. M. Singer & Co.'s Gazette," a paper devoted entirely to the subject. It will be sent gratis. I. M. SINGER & CO.

## COLLECTOR'S NOTICE.

THE subscriber informs the tax payers of Talbot county that he is prepared to receive their State and County Taxes for the year 1856. I hope they will be promptly paid, as I shall aim to close my collections within the time prescribed by law. To enable persons to save the *four per cent* discount on their State tax, which they may do by paying their taxes during this month (September,) I shall be in Easton every Tuesday, at Trappe every other Saturday, beginning with to-day, and at St. Michaels when not on a cruise in other parts of the county.
