A Farm for Sale

In the Chapel District of Talbot Co.

THE undersigned will sell at private sale a farm which contains about 220 Acres of land. This farm is situated about 2½ miles from the Chapel, and is convenient to Churches, Mills and Schools. This land is naturally very kind for the growing of corn, wheat and oats and might be made one among the best farms in the county—there is plenty of resources on the farm, which is very easily got at to make it produce largely.—

The improvements are a Dwelling somewhat out of order, (but with a small expense might be made good) granery, smokehouse and stable—there is Wood enough for the use of the farm This farm is within 8 miles of Easton—the Md & Del Railroad passes directly thro' the center of the farm, dividing it about equal; both parts will be directly on the road The road takes upwards of 5 acres, in passing through, to which the right of way has been given and a deed for the same One half of said farm will be sold or all of it It is thought unnecessary to go into a full description of the many advantages this farm has, as none that wishes to purchase will do so without examining the premises for themselves Any one that wants a small farm on the Railroad cannot I think but be pleased with it—There will be about 110 Acres more or less, on either side of the Railroad—persons wishing to purchase can call on Mr Robert H. Callahan, who resides thereon, and he will show the land

Possession will be given 1st January, 1858

NOTICE TO TAX-PAYERS.

NOTICE is hereby given to ALL PERSONS indebted for State and County Taxes for 1856, that longer indulgence cannot be given, as the State tax is due, and those having levies on the county are pressing me for payment. All who have not paid the taxes for said year are notified to call on the subscriber *at once*, and settle them, or leave the money with Mr. Chas. Robinson, in Easton, who is authorized to receive it.—Immediate attention to this is imperatively required.

COLLECTOR'S NOTICE.

THE subscriber informs the tax payers of Talbot county that he is prepared to receive their State and County Taxes for the year 1856. I hope they will be promptly paid, as I shall aim to close my collections within the time prescribed by law. The commissions paid for collecting the taxes are not sufficient to justify me in riding the county to make repeated calls on delinquents, therefore I shall expect tax payers to call on me at once, and settle their taxes. To enable persons to save the *four per cent* discount on their State tax, which they may do by paying their taxes during this month (September,) I shall be in Easton every Tuesday, at Trappe every other Saturday, beginning with to day, and at St Michael's when not on a circuit in other parts of the county. Mr. Charles Robinson, in Easton, will receive and receipt for taxes for me during any day in the week for the Easton, Trappe and Chapel Districts.

THE EASTON FOUNDRY

IN FULL BLAST.

THE Farmers of Talbot and adjoining counties are respectfully informed that my NEW FOUNDRY on the front street, at the lower end of the town, on the road leading to Trappe, in Easton, is now in full operation, where all kinds of casting for the farmers can be done at the shortest notice, and in the most satisfactory manner.

I have on hand, and intend keeping a full supply of the following articles:

Plows and Plow Castings of all kinds; Harrows, Cultivators, &c., which will be sold *below Baltimore prices for* CASH. As I have been at great expense to fit up a complete Foundry, I hope the farmers will give me a liberal patronage, and spend their money at home instead of sending it abroad. Nothing will be left undone to give entire satisfaction.

To Farmers and Gardners.

THE subscribers offer for sale **10,000** barrels of their New and Improved

POUDRETTE,

Manufactured from the night soil of New York city, in lots to suit purchasers. This article (greatly improved within the last two years) has been in the market for eighteen years, and still defies competition, as a manure for Corn and Garden Vegetables, being *cheaper, more powerful than any other*, and at the same time *free from disagreeable odor*. Two barrels ($3 worth) will manure an acre of corn in the hill, will save two thirds in labor, will cause it to come up quicker, to grow faster, ripen earlier, and will bring a larger crop on poor ground than any other fertilizer, and is also a preventative of the cut worm, also it does not injure the seed to be put in contact with it.

The L. M. Co. point to their long-standing reputation, and the large capital ($100,000) invested in their business, as a guarantee that the article they make shall always be of such quantity as to command a ready sale.

Price, delivered in the city free of charge and other expense—

One barrel,	$2.00
Two barrels,	3.50
Five barrels,	8.00
Six barrels,	9.50

And at the rate of $1.50 per barrel for any quantity over six barrels.

☞ A Pamphlet, containing every information, will be sent (*free*) to any one applying for the same. Our address is—
