PRESIDENT WILSON WANTS IT!

And what is it? The weight and measurement of every child under 6 in Kent county He not only wants it in Kent, but in every county in the United States. Just as Papa visits the Polls to Register, so must Mama and the children visit them to register the age and weight of the little ones. We are pledged to save the lives of at least 100,000 children in the coming year, and to do so, we must have help.

Kiddies and Kitchens week was a success in every respect but one; that only 33 babies were brought out for examination. The demonstrations were attended by 200 women, and the lectures and moving pictures interested about 800 more, so much useful information was gotten out. Folks understood many of the old, every day sort of things, as never before, and we are sure that what they learned will be passed around to the less fortunate ones who were prevented from attending.

Mrs. LaMoyne and Miss Ward were well posted on their subjects, and as proof of the pudding is in the eating, the samples passed around were generous. Everyone, from press and preachers, down to the floats and store windows, did nobly, and we want to thank every one of them for the part played. Mrs. Scott Beck, as Chairman of the Motor Messenger Service, was instrumental in sending the visitors all over the county, and Mr. Horace Wood, with his Delco Light, made our moving picture feature possible. The ladies at the various centers, served lunches in the famous Maryland style, which completely won the hearts of the helpers.

KENT BOYS READY

Youths 16 to 20 Being Enrolled For Service On Farms—All But 4 At Washington College Enlisted.

Senator Henry Brown is not satisfied to be idle and has enlisted in a fine cause. He was in the "News" office this week on an important mission.

By proclamation of President Wilson, and also of Governor Harrington, Monday, May 13th, was the day appointed to begin the enrollment in what is known as the Boys' Working Reserve. Enlistment in this organization is for the purpose of utilizing boy service on the farms. Boys between the ages of 16 and 21 are eligible and care is taken by the Government to safeguard their every interest. The service is to be honorable as well as useful. After six weeks of service, all in the Reserve receive a bronze badge, and after completing the term of service receive U. S. cheverons, which they wear on their clothing.

Senator Henry Brown, County Agent L. L. Burrell and Superintendent Edward J. Clarke, have been appointed by the Government as Enrolling Officers and have been all this week, and will be the remainder, engaged in enrolling boys for this service to their country.

Let every boy in the county enroll. A boy working on his home farm can enroll and obtain the honors of the service.

Mr. Burrell can be found in the Court House, Mr. Brown on his farm, and Superintendent Clarke, in his office at the Grammar School building.

An enrollment of youths between the ages of sixteen and twenty-one for work on the farms in Maryland is a move that promises substantial aid to the farmers of the State. The plans have already been formulated for this enrollment by Frank B. Cahn, with headquarters at 601 Union Trust Building, who as Federal Director at Washington. The U. S. Boys' Working Reserve is a vital part of the broad general scheme of the National Government to relieve the shortage of farm and factory labor.

ROCK HALL

Mother's Day was appropriately observed by our churches. At the M. E. Rev. T. C. Smoot preached a fine sermon on bearing one and another's burdens. He also made an earnest plea in behalf of the Methodist War Fund, with fair results.

Some road work in the way of filling up holes with shell is being done in this section and a ditch will be dug along the north side of Allen's Lane, so as to divert the flow of water direct to the creek, instead of crossing the land of Mr. Conklin, which has been a source of inconvenience and damage to all the occupants of the farm for many years.

Supt. Wm. I. Ashley, of Tolchester, was a mixer among the large gathering here on Saturday night.

Miss Avis Carter, of New Jersey, and Norris Colyer, of Philadelphia, motored down from Philadelphia last Thursday, a distance of one hundred and half miles, in about four hours, and spent several days among relatives here, returning home on Tuesday.

Mr. and Mrs. James Boulter took their young son to the city last week for the purpose of having the little fellows tonsils removed. The operation was very successful.

J. W. Downey, employed by a moving transfer company in Baltimore, was a week-end visitor to his home here. John says he is making more money than he ever did in his life, and about all he has to do is to sit at a telephone table and listen at growlers.

Wm. L. Wilkins is now enjoying a much needed rest at his home near Grey's Inn. He will resume his duties again in September.

T. B. Durding has discontinued the paint trade, much to the regret of many of our watermen.

Joseph Downey is dispersing large shipments of oyster shells from his cannery.

NEWSY TIDINGS FROM OUR BOYS

The "News" Will Be Glad To Mention Any Items of Interest You May Send About Your Soldier Lad —Let's Help Each Other In This Way.

Mr. and Mrs. J. W. Brown, of Pomona, have just received a letter from their son, Sergeant James Randolph Brown, who is in Monte Cristi, saying he was in fine health, but haven't received any mail from home since March. He qualified as an expert rifleman, score was 287 out of 300. He thinks if he could get a crack at them huns they would know he was shooting their way.

Second Lieutenant Morris Kerr received a royal welcome from his parents and other friends while on his visit of a week from Anniston. He returned on Monday. The boys are partly packed up to go somewhere but have no certainty what the destination is.

Private Clarence Parsons, of Camp Meade, is enjoying a ten day furlough.

Private Rolph Townshend spent a few days the past week in town with his parents.

Several letters were received last week from Lieutenant J. Thomas Kibler by friends in town. "Tom" has fully recovered from his recent injuries and writes hopefully, even confidently, of his safe return home after having "licked the Kaiser."

Jack Enright, former Washington College baseball star twirler, who has been doing service in France, is now in the hospital at Fort McHenry suffering with shell-shock.

Corporal George Biddle, Jr., of Camp Meade, spent Saturday and Sunday at home.

Capt. "Bob" Gill of the One Hundred and Seventeenth Trench Motar Battery, tells interesting facts in a letter to his father, Rev. J. M. Gill, of West Baltimore Methodist Protestant Church. He says he and all the Baltimore boys in the battery are well. He states also that it is a rare thing for any of his men to be on sick leave. "Physically my men are just perfect and they are in good spirits all the time. In other words, we are getting pretty well used to our job, and it is not so bad, after all," he wrote.

A card was received from Charles Lee Gill, son of Mr. and Mrs. Charles L. Gill, that he has sailed for France. He is with the 37th Engineers Corps, Company B., and has been training at Fort Meyer, Va.

Ray N. Stevens, of the U. S. N., spent last week-end with his wife, Mrs. R.N. Stevens, of Philadelphia, who is home now for the summer. Mr. Stevens has left Philadelphia and is now at New London, Conn.

The report that Lieut. Tom Breeding, a Washington College graduate, had contracted tuberculosis in the trenches in France, is a mistake as he has been stationed at the Government Hospital, Washington, since the outbreak of the war.

FARMS WANTED

IN SOUTHEASTERN PENNSYLVANIA
DELAWARE AND EASTERN MARYLAND

I want farms, big and little, corn and grain farms, fruit farms, truck farms, waterfronts and country places to sell to industrial workers and Western farmers.

I have one of the largest real estate agencies in Chester, Pennsylvania, where over 50,000 highly paid shipyard and steel workers, are employed. I am also building up a very large farm agency business covering Southeastern Pennsylvania, Eastern Maryland and Delaware, with offices in Newark, Delaware.

I CHARGE NO COMMISSIONS

Unlike most real estate agencies, I make no charge to owners of farm property for my services in making sales. I pay the owner of the property his full price, free and clear of all expenses and charges.

My method of handling property makes it necessary for me to have the exclusive agency of the property for a specified time so that I may be justified in advertising liberally, printing and mailing descriptions of the property to prospective buyers, and showing same by automobile service.

If you have land for sale, write me full description, stating price, when possession can be had, etc., and if it appears desirable I will promptly make final arrangements for selling.
