NOTICE TO TAX-PAYERS.

NOTICE is hereby given to ALL PERSONS indebted for State and County Taxes for 1856, that longer indulgence cannot be given, as the State tax is due, and those having levies on the county are pressing me for payment. All who have not paid the taxes for said year are notified to call on the subscriber *at once*, and settle them, or leave the money with Mr. Chas. Robinson, in Easton, who is authorized to receive it.—Immediate attention to this is imperatively required.

COLLECTOR'S NOTICE.

THE subscriber informs the tax payers of Talbot county that he is prepared to receive their State and County Taxes for the year 1856. I hope they will be promptly paid, as I shall aim to close my collections within the time prescribed by law. The commissions paid for collecting the taxes are not sufficient to justify me in riding the county to make repeated calls on delinquents, therefore I shall expect tax payers to call on me at once, and settle their taxes. To enable persons to save the *four per cent* discount on their State tax, which they may do by paying their taxes during this month (September,) I shall be in Easton every Tuesday, at Trappe every other Saturday, beginning with to day, and at St Michaels when not on a cruise in other parts of the county. Mr. Charles Robinson, in Easton, will receive and receipt for taxes for me during any day in the week for the Easton, Trappe and Chapel Districts.

To Farmers and Gardners.

THE subscribers offer for sale **10,000** barrels of their New and Improved

POUDRETTE,

Manufactured from the night soil of New York city, in lots to suit purchasers. This article (greatly improved within the last two years) has been in the market for eighteen years, and still defies competition, as a manure for Corn and Garden Vegetables, being *cheaper, more powerful than any other*, and at the same time *free from disagreeable odor*. Two barrels ($3 worth) will manure an acre of corn in the hill, will save two thirds in labor, will cause it to come up quicker, to grow faster, ripen earlier, and will bring a larger crop on poor ground than any other fertilizer, and is also a preventative of the cut worm, also it does not injure the seed to be put in contact with it.

The L. M. Co. point to their long-standing reputation, and the large capital ($100,000) invested in their business, as a guarantee that the article they make shall always be of such quantity as to command a ready sale.

Price, delivered in the city free of charge and other expense—

One barrel,	$2.00
Two barrels,	3.50
Five barrels,	8.00
Six barrels,	9.50

And at the rate of $1.50 per barrel for any quantity over six barrels.

"NO SUCH WORD AS FAIL."
A RESISTLESS REMEDY.

HOLLOWAY'S OINTMENT.

Circular to the Sick.

The first hospital surgeons and medical publicists of Europe, admit the unparalleled anti-inflamatory and healing properties of this Ointment; governments sanction its use in their naval and military services; and the masses in this country and throughout the world repose the utmost confidence in its curative properties. It penetrates the sources of inflamation and corruption which underlie the external evidences of disease, and neutralize the fiery elements which feed and exasperate the malady.

RHEUMATISM, SCROFULA, ERYSIPELAS.

These are among the most terrible and agonizing diseases of the muscles, the fleshy fibre and the skin; yet in their worst forms, and when seemingly incurable, they invariably disappear under a persevering application of this soothing, healing, antidote to pain and inflammation.

Salt Rheum, Fever Sores, Stiff Joints.

In cases of Salt Rheum, where medical waters, lotions, and every recipe of the pharmacopœa have proved useless, the Ointment will accomplish a thorough cure. Fever Sores heal quickly under its influence, and its relaxing effect upon contracted sinews, is truly wonderful.

Discharging Ulcers.

A most remarkable and happy change is produced in the appearence of malignant ulcers after a few applications of this Ointment. The surrounding redness vanishes, and granules of healthy flesh begin to take the place of the discharged matter. This process goes on more or less rapidly, until the orifice is filled up with sound material, and the ulcer radically cured.

A Word to Mothers.

The young are the most frequent sufferers from external injuries, and therefore every mother should have this healing preparation constantly at hand. It is an absolute specific for sore breasts, and quickly removes the encrusted sores which sometimes disfigure the heads and faces of children

Significant Facts.

This Ointment is universally used on board the Atlantic and Pacific whaling fleet as a cure for scorbutic affections and as the best possible remedy for wounds and bruises Large supplies of it have recently been ordered by the Sultan of Turkey for hospital purposes.

Both the Ointment and Pills should be used in the following cases:

Bunions	Rheumatism	Mercurial Eruptions
Burns	Salt Rheum	Sores of all kinds
Chapped hands	Skin-diseases	Sprains Scalds
Chilblains	Sore Legs	Swelled Glands
Piles	Sore throats	Wounds of all kinds.
Lumbago	Sore Heads	Venereal Sores
Fistula, Gout	Sore Breasts	Stiff Joints Ulcers
Scalds	Tetter	Ringworm.

CATHARTIC PILLS

OPERATE by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action. They remove the obstructions of the stomach, bowels, liver, and other organs of the body, and, by restoring their irregular action to health, correct, wherever they exist, such derangements as are the first causes of disease. An extensive trial of their virtues, by Professors, Physicians, and Patients, has shown cures of dangerous diseases almost beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth. Their certificates are published in my American Almanac, which the Agents below named are pleased to furnish free to all inquiring.

Annexed we give *Directions* for their use in the complaints which they have been found to cure.

For Costiveness.—Take one or two Pills, or such quantity as to gently move the bowels. Costiveness is frequently the aggravating cause of Piles, and the cure of one complaint is the cure of both. No person can feel well while under a costive habit of body. Hence it should be, as it can be, promptly relieved.

For Dyspepsia, which is sometimes the cause of *Costiveness*, and always uncomfortable, take mild doses—from one to four—to stimulate the stomach and liver into healthy action. They will do it, and the *heartburn, bodyburn*, and *soulburn* of dyspepsia will rapidly disappear. When it has gone, don't forget what cured you.

For a Foul Stomach, or *Morbid Inaction of the Bowels*, which produces general depression of the spirits and bad health, take from four to eight Pills at first, and smaller doses afterwards, until activity and strength is restored to the system.

For Nervousness, Sick Headache, Nausea, *Pain in the Stomach, Back, or Side*, take from four to eight pills on going to bed. If they do not operate sufficiently, take more the next day until they do. These complaints will be swept out from the system. Don't wear these and their kindred disorders because your stomach is foul.

For Scrofula, Erysipelas, *and all Diseases of the Skin*, take the Pills freely and frequently, to keep the bowels open. The eruptions will generally soon begin to diminish and disappear. Many dreadful ulcers and sores have been healed up by the purging and purifying effect of these Pills, and some disgusting diseases which seemed to saturate the whole system have completely yielded to their influence, leaving the sufferer in perfect health. Patients! your duty to society forbids that you should parade yourself around the world covered with pimples, blotches, ulcers, sores, and all or any of the unclean diseases of the skin, because your system wants cleansing.

To Purify the Blood, they are the best medicine ever discovered. They should be taken freely and frequently, and the impurities which sow the seeds of incurable diseases will be swept out of the system like chaff before the wind. By this property they do as much good in preventing sickness as by the remarkable cures which they are making every where.

Liver Complaint, Jaundice, *and all Bilious Affections*, arise from some derangement—either torpidity, congestion, or obstructions of the Liver. Torpidity and congestion vitiate the bile and render it unfit for digestion. This is disastrous to the health, and the constitution is frequently undermined by no other cause. Indigestion is the symptom. Obstruction of the duct which empties the bile into the stomach causes the bile to overflow into the blood. This produces Jaundice, with a long and dangerous train of evils. Costiveness, or alternately costiveness and diarrhœa, prevails. Feverish symptoms, languor, low spirits, weariness, restlessness, and melancholy, with sometimes inability to sleep, and sometimes great drowsiness; sometimes there is severe pain in the side; the skin and the white of the eyes become a greenish yellow; the stomach acid; the bowels sore to the touch; the whole system irritable, with a tendency to fever, which may turn to bilious fever, bilious colic, bilious diarrhœa, dysentery, &c. A medium dose of three or four Pills taken at night, followed by two or three in the morning, and repeated a few days, will remove the cause of all these troubles. It is wicked to suffer such pains when you can cure them for 25 cents.

Rheumatism, Gout, *and all Inflammatory Fevers*, are rapidly cured by the purifying effects of these Pills upon the blood and the stimulus which they afford to the vital principal of Life. For these and all kindred complaints they should be taken in mild doses, to move the bowels gently, but freely.

As a Dinner Pill, this is both agreeable and useful. No Pill can be made more pleasant to take, and certainly none has been made more effectual to the purpose for which a dinner pill is employed.

INHALATION IN CONSUMPTION.

BRONCHITIS, LARYNGITIS, and other Diseases of the Chest and Throat, successfully treated by the inhalation of Medicated Vapors and Powders, by absorption and constitutional treatment, as practiced at the Stuyvesant Medical Institute, New York City.

The unprecedented success which has attended this method of treating diseases of the Lungs and Throat, has induced us to depart from our usual course, and avail ourselves of the columns of the press, in order to bring it to the knowledge of such as may be laboring under, or predisposed to such affections. The dawn of a brighter day has at length arrived for the Consumptive; the doctrine of the incurability of consumption having at length passed away. We have indubitable proofs in our possession that *Consumption in all its stages can be cured!* in the first, *by transformation of the tubercule into chalky and calcareous concretions;* in the third, *by cicatrices, or scars.* Those wedded to the opinions of the past may assert, that even now, Consumption is incurable; such are behind the age. To all, this great truth must be apparent viz: that the medicines inhaled in the form of Vapor or Powder directly into the Lungs, must be much more effective than that taken into the Stomach, where the disease does not exist. The advantage of Inhalation in Consumption and Throat Diseases is, that medicines in the form of Vapor are applied directly to the Lungs, where the disease exists; the stomach thus left free to aid in restoring health, by administering to it healthy life-giving food. *There is no case so helpless that Inhalation will not reach!* The means, too, are brought within the reach of all, the manner of administering the Vapors being so simple, that the invalid is never required to leave home, where the hand of friendship and affection tends so much to aid the physician's efforts.

The inhaling method is *soothing, safe and speedy*, and consists in the administration of medicine in such a manner that they are conveyed into the Lungs in the form of vapor, and produce their action at the seat of the disease. Its practical success is destined to revolutionize the opinions of the medical world; and *establish the entire curability of Consumption.*

I earnestly appeal to the common sense of all afflicted with Lung diseases, to embrace at once the advantage of Inhalation, and no longer apply medicine to the unoffending stomach. I claim for Inhalation a place amongst the priceless gifts that nature and art hath given us, that "our day may be long in the land," *and as the only ark of refuge* for the Consumptive; a method not only *rational, but simple and efficacious.*

Such of the profession that have adopted Inhalation have found it *efficacious in the highest degree, arresting the progress of the disease, and working wonders in many desperate cases;* in verity, a signal triumph of our Art over this fell destroyer of species.

Note.—Physicians wishing to make themselves acquainted with this practice, are informed that, our time being valuable, we can only reply, as to ingredients used, to such letters that contain a fee.
