FOR SALE

That well known Farm called "ROSE HILL" contiguous to Port Tobacco. The buildings and improvements on this Farm are scarce inferior to any in the state of Maryland, and well suited to a gentleman with a large family. They consist in a spacious Dwelling with four rooms below and above stairs, an extensive passage on each floor, an office and kitchen contiguous to the dwelling, carriage house, stables, a barn with sheds, negro quarters, granary, two large corn houses, gardener's house, smoke house and dairy; all in good repair. It also has extensive apple and peach orchards, consisting of the most delicious fruits. It is abundantly furnished with every fruit, for the perfection of which our climate is suited. To farmers who are conversant with the improved mode of husbandry, this estate would be well worth their attention, as recent experiments have fully convinced all who have seen them, that the plaister acts on it with as much power as in any part in the union, one bushel of which to the acre has produced the most luxuriant crop of clover on places where without its aid, the poorest grapes could scarce vegitate. About ninety acres are well set in clover, and received this spring a dressing of plaister, and as it will neither be cut or pastured, the next years occupant will derive the only benefit. Those who design to be extensively engaged in raising of Merino Sheep will be unable in any part of Maryland to select a more advantageous farm for such an establishment, as by the liberal use of clover and plaister it would afford abundant pasture for 2000 Sheep. Those gentlemen who wish to exchange a town for a country residence would, I am convinced, no where be better suited with every comfort and convenience calculated to render their occupations desirable. Speculators who wish to vest their idle capital in lands will find upon enquiry that in no part of Maryland can there be a more advantageous investment. In point offertility and beauty of situation and the taste and style of its improvements there is scarcely a superior in either of the low counties. There are upwards of 100 acres of rich bottom, which at little expense can be laid down in timothy, a market for which is near at hand at 20 dollars per ton. There are innumerable and never failing springs of the best water in every part of the farm. The resources for fire wood are inexhaustable, and the growth of locust and cedar sufficient to support the farm in fencing. The terms of sale one third cash, the residue in good notes (bearing interest) at one and two years, negotiable and payable at bank. Houses or lots in the city of Baltimore or the neighborhood will be taken in exchange. Possession with all the crop growing can be had instantly. Those who wish a more minute description will please have reference to George Winchester, esq. Baltimore, or to

You are at liberty to use my name in the recommendation of Lee's Elixir, from repeated trials, I have found it an excellent remedy for colds, coughs, &c. RIC'D BARRY.

Balt. June 20, 1810.

Mr. Noah Ridgely,

SIR—My daughter, Sarah Coleman, aged about thirteen years, has been from her infancy greatly afflicted with a distressing cough, which her friends were very fearful would terminate in some fatal disease. A bottle of your Lee's Elixir was procured from you, and given according to the directions. She had taken it but a few days before she found great relief; and strange as it may appear, less than half a bottle entirely removed this tormenting cough —she has not had the least return of it since, although it is now been several months. This excellent medicine has in all probability, (thro' the blessings of Divine Providence) been the means of prolonging her days, and perhaps the saving her life. The high opinion I have of your Lee's Elixir, as a most valuable medicine has induced me to send you this certificate, you are at liberty to make it as public as possible for the benefit of others.

Yours with respect.
