ARTILLERY, *Attention.*

An Artillerist who devotes himself to the profession, must feel the necessity of acquiring first, the knowledge of Infantry discipline, before he is are competent to become a complete Artillerist.

Those gentlemen who will endeavor to reach the height of their profession, are invited to join Colonel DE LA CROIX'S *Military Academy*, which commences with the simplest objects for a recruit, and progressing from the knowledge of Infantry to the perfect knowledge of Artillery, connected with sciences, and all kinds of arms. It is to be observed that Col. De Lacroix was seven years 1st Captain in the 1st and 3d regiments Artillery, in the French service. Colonel De Lacroix has hired the Riding School near the Circus, for the purpose of manoevreing with cannon, and to unite sometimes, all his classes together. After acquiring the manoevres of field pieces, a gun battery will be erected in the riding School, which shall consist of a breast work, parrapet, &c. &c. to learn the exercise of siege pieces, on all kinds of carriages, as well by the word of command as by the beat of the drum.

The gentlemen of Artillery will form their own classes, with Artillerists only; those wishing to be taught Fencing, will be admitted at half price.

For further particulars and terms, apply to *Colonel De La Croix*, at his academy in the rooms lately occupied by Mr. Duclairacq, Water street near Peter's bridge, or at No 8, Water street.

N. B. Any corps or companies wishing to be instructed privately in the modern tactics, will be attended to on moderate terms, by applying as above immediately.

Also, any troops or Infantry companies wishing to drill under cover, during the winter, can be accommodated on moderate terms, with the Riding School, which has been purposely cleaned out.
