ORDER OF COURT ON CREDITORS PETITION

Thomas B. Gardner
versus
John H. Murphy
Eliza Ann Murphy

In the Circuit Court for Kent County
In Equity No. 1977

The object of this suit is to have the surplus proceeds of sale of real estate under mortgage applied to pay creditors of John H. Murphy late of Kent county, deceased mortgagor.

The petition states that said John H. Murphy died before the sale of his real estate under mortgage, indebted to divers persons which debts were made by the petitioner, Morris H. Murphy, as appears by the final administration account filed with said petition as a part thereof of the said Morris H. Murphy, Administrator of the said John H. Murphy of the sum of $59, but the personal property of the said John H. Murphy was insufficient to pay said debts, that the land sold was for more than was sufficient to satisfy the mortgage and his creditors are entitled to the surplus proceeds of the sale of said real estate, that he left a widow, Eliza Ann Murphy, two sons, Morris H. and John W. Murphy one daughter Sarah E. Shelton, all adults and all supposed to be non-residents of the State of Maryland, the residence of the said Eliza Ann Murphy being unknown, but of the sons, Morris H. resides at Smyrna, State of Delaware, and John W. in Germantown, State of Pennsylvania, and Sarah Eschelton at Merchantville, State of New Jersey.

ORDERED this 24th day of July 1918 by the Circuit Court for Kent County in Equity, that the creditors of John H. Murphy, deceased, file their claims with voucher with the Clerk of this court on or before the tenth day of September next A. D. 1918 or be excluded from participation in the distribution of said surplus proceeds of sale.

ORDERED that notice of the object and purpose of said petition given said Eliza Ann Murphy non-resident of the State of Maryland, but whose residence is not certainly known, John W. Murphy, who resides at 1068 Magnolia Ave., Germantown, State of Pennsylvania, Sarah E. Shelton, who resides at Merchantville, State of New Jersey, non-residents, by publishing this order in some weekly newspaper published in said Kent County, Maryland, once in each of four successive weeks before the first day of September, 1918, warning them to appear in this Court in person or by attorney on or before the twentieth day of September, 1918 to show cause if any they have why the petition should not be granted.

PHILEMON B. HOPPER.

Have You a Manure Pile?

If you have, get it out on your fields where it will do some good. No, not with a wagon. You waste a full third of it if you do it that way, and you have a hard, dirty, disagreeable job besides. The easy way is the paying way. Get a Low Corn King spreader that will tear the manure into small pieces, discharge its load in four to seven minutes, and spread it in an even coat over the entire surface of the ground. That's the way to use stable manure. Then you can depend upon an increase of crop yields without having to plant more acreage than you can care for. Look at the present prices of farm produce. Raise all you can. Buy and use a

Low Corn King Manure Spreader

Wheels just the right distance apart, and spread wide enough to top dress three rows of corn at once. Three sizes—small, medium and large. All narrow boxes. All steel frames with working parts of the spreader securely attached to the frame. Turns short. Drive from both rear wheels. Return apron driven by worm gear which insures even spreading up hill and down. Pull comes straight on steel frame. Solid two-inch rear axle working in roller bearings carries seventy-five per cent of the load. All-steel beater cannot warp, shrink or rot. Built up to International Harvester standards of quality in every respect.

Buy a Corn King spreader and use it. The increased yield from a few acres will pay for your spreader this year. Come in and place your order now.
