ENTRANCE EXAMINATIONS

STATE SCHOLARSHIPS IN ENGINEERING COURSES

ENTRANCE EXAMINATIONS for the Department of Engineering, as well as for the College of Arts and Sciences, will be held in Gilman Hall, Homewood, Monday-Thursday, September 16-19, 1918, beginning at 9 a. m. each day.

APPLICATIONS FOR SCHOLARSHIPS IN THE DEPARTMENT OF ENGINEERING, established under the provisions of the Laws of Maryland, Chapter 40, 1912, will now be received. If there is more than one applicant for a particular scholarship, a competitive examination must be taken Friday, September 20, 1918, beginning at 9 a. m. Appointments will be made soon after.

Each Legislative District of Baltimore City and each County of the State, with the exception of Howard and Worcester Counties, will be entitled to one or more scholarships for the year 1918-1919, in addition to those which have already been assigned. In the two counties mentioned above, all the available scholarships have been awarded.

Under the provisions of the Act of Assembly, the County and City Scholarships in the department of Engineering are awarded only to deserving students whose financial circumstances are such that they are unable to obtain an education in Engineering unless free tuition be granted to them. The scholarships entitle the holder to free tuition, free use of text-books, and exemption from all regular fees. One of the scholarships in each County and each Legislative District of the City carries also the sum of $200. The expense of attendance for those who do not receive scholarships is not greater than at other Maryland institutions.

Scholarships may be awarded to graduates of Loyola College, St. John's College, Washington College, Western Maryland College, Maryland Agricultural College, Mt. St. Mary's College, Rock Hill College.

TWO SCHOLARSHIPS WILL BE AWARDED "AT LARGE."

Applicants should address The Registrar, The Johns Hopkins University, for blank forms of application and for further information as to examinations, award of scholarships, and courses of instruction. The session begins Tuesday, Oct. 1.

PLEADS EARNESTLY FOR AMERICANISM AT HOME

Dr. Carolyn E. Geisel Tells How U. S. Man Power Is Wasted—Soldiers Safer Than New York Babies.

With every number of the Chestertown Chautauqua program, rated as above the average, the lecture by Dr. Carolyn E. Geisel, the subject of which was "Miss Columbia, M. D." ranks as the real feature of the entire series.

This lecture, delivered with sincerity and earnestness which was plainly not assumed, was the plea of a woman recently returned from the battle fields and hospitals of France, for more co-operation on the part of the people at home with the boys over there who are bravely facing worse than death that the principles of democracy and righteousness may be so firmly implanted as never again to be uprooted.

"Man power from the United States and the favor of God will win the war for the Allies," said Dr. Geisel; and she explained that the war will be won by the armies of the Entente powers.

However, she said, we people at home have a greater duty to perform than we have yet attempted; and then she explained that authentic statistics show that it is seven times more safe to be a soldier in the trenches in France, than to be a baby in the tenement section of New York city. In other words, there are seven babies killed by the poverty and unsanitary conditions prevailing in these tenement sections, to every one soldier killed by German agencies in France. The man power of the United States is in this way being wasted, she said, and if a farmer of this county lost one of every two pigs born on his farm, he would soon go out of the hog raising business, ranking it as unprofitable. Yet, one out of every two babies born in the United States every year, dies before it reaches maturity. Thus, she said, is just one half of the man power of this great nation being wasted because of improper living conditions.

She said that Germany has been able to hold at bay the great nations of the world for four years because of her conservation of man-power, while that man power is yet in infancy. She explained that every expectant mother of the working classes in Germany is pensioned by the German government and allowed to live in ease and comfort for three months before her child is born, and for three months after its birth; while in the United States expectant mothers of the working classes are forced to work for their livings up to within a few hours of their our of trial. The result in Germany, she said, is a record of healthy infants, while in the United States the record is one of malformed, unhealthy infants born to the working classes.

Dr. Geisel said that when America entered the war, 30 per cent of the troops of our Allies were infected with immoral diseases, thus greatly decreasing the efficiency of their fighting forces. The United States, she said, refused to enter the war until provisions for protective measures could be arranged for the American troops, with the result that within 16 months, official statistics show the number of loathsome diseases contracted through sinful intercourse, reduced to one in 100 men. This, she declared, is to date the greatest victory that America has won.

She pleaded with the young women of 18 to 35 years to enlist as nurses. She told that in some of the reconstruction hospitals where American and Allied soldiers are being treated for wounds, there are nurses only at the rate of one for every 148 men; and she pleaded with the men and women of the city to make surgical bandages saying, that in the hospital where she worked there was but one bandage for every 100 wounds, to be dressed. She pleaded for woolen socks for men, saying that she had helped cut the boots from the wounded men's legs and feet to find no stockings under the rough leather which in many cases had encased the foot for eight consecutive weeks.

She spoke of the wonderful bravery of the American soldiers abroad and told instances of men who though seriously wounded had begged with tears to be allowed to go back to the front and "finish the dirty Hun."

She told how she had seen big strong men, men who had grown careless of their religious lives while at home, tearfully beg that the women of America would pray for them; and she said the very thought of their pleadings filled her throat with sobs and her heart with painful achings.

Dr. Geisel did not make a play upon words. She told facts and called a spade a spade. She said that while the troops abroad are being safeguarded to the limit against sinful diseases and while the ratio of these diseases has been reduced to one per cent there, here at home the cesspools of inquity are wide open and that 22 men out of every 100 citizens are victims of loathsome sinful diseases. "What is the use," she asked, "of keeping the army clean abroad, if when the boys come home they are to be surrounded with these evil conditions?"

She made a wonderfully strong plea for legislation which will prohibit the use of grain in making beer, saying that she had seen babies and aged people starving in Poland and in Belgium for the grain which might go into bread for them, but which is really going into beer for us, here at home.

Dr. Geisel is a wonderfully appealing speaker. A plain woman, she speaks as a plain woman. She does not use references, but speaks authoritatively of facts which she has seen and learned for herself. She must certainly have touched a resounding chord in the heart and minds of those who heard her here.

Whether the lesson she taught will be accepted by her hearers remains to be seen; but the fact remains that Dr. Geisel made a plea for real American patriotism of the broadest kind, based upon arguments to the truth of which there appears to be no grounds for successful contradiction.

Proof that Some Women do Avoid Operations

Mrs. Etta Dorion, of Ogdensburg, Wis., says:

"I suffered from female troubles which caused piercing pains like a knife through my back and side. I finally lost all my strength so I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about Lydia E. Pinkham's Vegetable Compound and tried it. The first bottle brought great relief and six bottles have entirely cured me. All women who have female trouble of any kind should try Lydia E. Pinkham's Vegetable Compound."

How Mrs. Boyd Avoided an Operation.

Canton, Ohio:—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well.

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. MARIE BOYD, 1421 5th St., N. E., Canton, Ohio.

OF KENT COUNTY

TREASURER 'S SEPTEMBER SITTING

In pursuance of an Act of Assembly passed at the session of 1891 Chapter 292, the undersigned, Treasurer of Kent county, hereby gives notice that for the purpose of receiving the

STATE AND COUNTY TAXES

in said county for the year 1918 he will sit for the September sittings in the several Election Districts between the hours of 10 a. m. and 3 p. m. on

THURSDAY, SEPTEMBER 19
Still Pond—Wm. Medders Store.
Millington—Feddeman & Collins Store.

FRIDAY, SEPTEMBER 20
Betterton—Owens & Co.'s Store.
Pomona—T. R. Starr's Store.

THURSDAY, SEPTEMBER 26
Fairlee—Bramble & Kilbourne's Store.

FRIDAY, SEPTEMBER 27
Piney Neck—N. L. Ashley's Store.
Pomona—T. R. Starr's Store.

At all other times will be at the Treasurer's Office in Chestertown. The Treasurer's Office in the Court House will not be open on the above dates.

The Treasurer's Office in the Court House will be open every day except on the above dates from 9 a. m. to 3 p. m. for the receipt of taxes. Tax payers will please take notice that taxes will be due and payable Sept. 1, and that on all bills unpaid on Jan. 1, interest will be charged and collected from September 1. On the first day of January all taxes unpaid are declared by law to be in arrears, and delinquents will be warned that unless settlement in full is made before April 1, the claims against them will be placed in the hands of the Treasurer of the county, who will proceed to seize and sell their property to pay the taxes due with charges and all costs of sale. The Treasurer would, therefore, respectfully urge all tax-payers to pay promptly.

HARRY E. TAYLOR, Treasurer.
