MISS MARY A. SCOFIELD.

Interesting Narrative.

GREAT SUFFERINGS CURED.

Truth Stranger than Fiction.

LET THE AFFLICTED HEAR THE TESTIMONY OF A LADY.—To those who have the pleasure of knowing her we need say nothing; but to others we remark that a desire to benefit the suffering induces her thus to speak.—None can appreciate her joy and gratitude in being relieved from pain, after years of suffering almost unparalleled, but those (if there be any) who have suffered like her.

Miss S. has long been a resident of our city—for the last two years has been successfully conducting a school at No. 630 Baltimore street.—The happy change in her health is a subject of astonishment and joy to her numerous friends. We ask those interested to call on her. She will tell them more of her cure by *Hampton's Tincture* than she has written. Thus it is this remedy goes on giving relief to the sick. We refer the public to them. From more distant places we also hear the same happy results. These facts, with the concurrent testimony of thousands, should cause skepticism and prejudice to hide their heads, and concede that Hampton's Tincture is in truth a wonderful discovery.

BALTIMORE, October 18th, 1855.

Messrs. Mortimore & Mowbray—Gents.: I have delayed entirely too long in writing to you in relation to the virtues of Hampton's Tincture. I fear, even now, that I cannot give the afflicted world a just idea of the good I have derived from its use; the benefits have been so great that I feel inadequate to the task. I was attacked with the chronic rheumatism, in its most malignant form, at the early age of two and a half years, and continued to be so afflicted until I crossed the Atlantic Ocean, on my way to America, at which time it changed its form into a gathering. I had at this time acquired my growth, and never expected to be well again, as the disease came in the first place of my being *vaccinated* from a child who had the white swelling. When my gathering first broke it did not discharge less than one quart, and so continued to trouble me every time I took cold or was in the least fatigued; my bodily strength was reduced to the weakness of infancy; I was several times very near the grave; my hip-joint had been out of place ever since I had the first attack. At the age of thirteen my hands became dislocated. These sufferings, and the general debility I felt from the constant discharge of my gatherings, caused me often to think that I should never be permitted to know how it felt to be free from pain and suffering, even for one hour, until my poor body should be changed and become like unto "Christ's glorious body," at least, until "this mortal have put on immortality."

I have taken so many medicines, and received so little benefit, that I had confidence in *none*. I had used of nearly all the *celebrated liniments*, and other external remedies I had heard of. I had been placed by my friends under some of the best Physicians of England, and all the relief I ever obtained was but of transitory duration.

When I first heard of Hampton's Tincture, had not the slightest confidence in its efficacy, but I had a friend who had known Mr. Jarrett Plummer, when his sufferings were at the worst, and had witnessed the cure wrought upon him. To please her, I consented to try the Tincture, and I had not taken *one bottle* before I began to feel its beneficial effects—my strength returned—my appetite became good—my complexion was clear—I felt like another person. Through the influence of this friend, you became acquainted with my case, and requested to see me; you told me my case was such a peculiar one that you would like to see the effects of the Tincture fully developed in it, and if desired to take it, you would present it to me, if it was for the space of five years—but only eighteen months have *elapsed, and I have lost every symptom of my disease;* I have become strong and hearty—I can stand as much and more fatigue than most of my lady acquaintances. I have a healthful complexion, and all my friends say I am getting quite *fleshy*, one thing is certain, my *lame limb* is quite as large again as it was before, and I can trip all about home without a crutch.

I often wish my parents had known of this remedy when I was a child, as I believe I should have been saved the excruciating pain I have been subjected to, as well as the deformity of body I must carry to the grave, and my parents would not have been under such heavy expenses from doctors' bills, and in sending me, as they did, to the celebrated springs in England in search of health. I wish all the afflicted world could see me, and hear the benefits I have derived from this Tincture of Hampton's. I try to make all acquainted with its virtues with whom I come in contact.

Gentlemen, I am a thousand times obliged to you, and you are at liberty to use my name and case to all.

I remain, yours in gratitude,

Twenty Bbls. No. 1 Potomac Herrings, FOR SALE BY
HALL & GREENWELL.

June 25, 1856.

Wash Need no Longer be one of Tempest and Scold,

NO BLEEDING FINGERS, NO CHAPPING AND CALLUS, SUCH AS WASHERWOMEN'S HANDS SO OFTEN EXHIBIT—no prematurely rubbed and worn-out garments—no boiling and cooking of clothes—filling the house with the fumes of soap suds.

LET THE WOMAN'S FRIEND, LET THE PHILANTHROPIST CALL AND SEE
TWO HUNDRED FLOATING BALLS AT WORK.

Hollingsworth's Patent Knuckle or Floating Ball Washing Machine.

Every day in operation (up stairs) over MORTIMER & MOWBRAY'S, No. 240 Baltimore St., where a *LAUNDRY* has been established that the public may test its great power to do all that is claimed for it, and which no other Washing Machine has heretofore done.

We invite the Ladies to send by their servants soiled clothing, that they may witness its operation. We will wash the article sent—or let them wash them—so quickly and thoroughly as to strike them with astonishment.

Please Take Notice,

That not only great labor is saved, but the Clothes are not injured as by other Machines and Wash Boards; this will be apparent to all who see it in operation. It will wash back notes without tearing or injuring them.

This wonder of the age—this great blessing to every house-keeper, is so simple in its construction that it cannot get out of order unless broken, which cannot be done in using it. Its durability has no other limit but that of the power of wood to resist decay; it will wash one dozen pieces in two minutes in the most beautiful and thorough manner, without injury to the finest material.

In numerous instances the experiment has been tried of putting in bank notes together with shirts considerably soiled. After being washed the required time to make the shirts clean, the notes have presented no change save being made clean and the ink a little faded.

The Machine is so easy to work that small children can take part in it; any half-grown girl, of ordinary strength, however little used to labor, can do a regular week's washing, and derive great benefit from the exercise, it being of the very best kind for strengthening the arms, chest and loins.

We ask the public to call and see for themselves, as it will be impossible for all its merits to be set forth in an advertisement. One sight of its simple operation must convince the most sceptical apart from the numerous certificates of our own citizens who have them in use.

These celebrated Machines are made in the neatest and most substantial manner; and to meet the circumstances of all, we put them at the low price of **$12**, cash. They will soon pay for themselves in the saving of soap, clothes and labor. Persons have done hundreds of washings with them without ever knowing a button to be torn off or broken. All orders must be addressed to MORTIMER & MOWBRAY, Baltimore, who alone are authorized by law to sell them, each Machine being stamped "Hollingsworth's Patent."

☞ RIGHTS TO MAKE AND SELL for the counties in the State and for the District of Columbia for sale.

☞ We refer to Mr. BASIL HALL, of Prince George's County, and Mr. GEORGE MILLER, of Millersville, Anne Arundel County, and others.

LATROBE'S JUSTICE.

LUCAS BROTHERS,
No. 170 MARKET STREET,
BALTIMORE:

HAVE IN PRESS AND WILL PUBLISH ON MONDAY, AUGUST 18, 1856, A NEW EDITION OF

Latrobe's Justices' Practice,

In one Vol., 8vo., of 624 Pgaes, Printed on Superfine Paper, from new type, and Bound in Law Sheep.

PRICE FOUR DOLLARS.

THE last edition of this work was published in 1847. It had been long out of print. Since then there have been material alterations in the laws, and the State has a new Constitution. In the interval, imprisonment for debt has been abolished,—the Justices have had their jurisdiction enlarged. Attachment on judgment, attachment against absent and absconding defendants and replevin have been added to it. The laws relating to the colored population have been modified; the District Court has passed away and the stamp act repealed; married women have had new rights given them; and, though last, not least, the Legislature has adopted a system of pleading which promises to supersede the old one. In no period of ten years, since the publication of the first edition of the Justices' Practice, have there been so many matters to be noticed. A large part of the work has been re-written; a more copious index than heretofore accompanies it, and the acts of Assembly referred to in it, some three hundred and fifty, are enumerated with a reference to the paragraphs relating to them. In every respect, it is believed, that the work is improved as well as enlarged.

☞ Early ORDERS are solicited as the work will not be sent out on sale.

BARNUM'S CITY HOTEL,

BALTIMORE.

THIS very extensive and well-known establishment has for a considerable time been in the hands of a celebrated architect, under whose efficient supervision it is rapidly assuming that splendor of embellishment which is the characteristic of the most famous of American Hotels. New stories will be added along its entire extent upon Calvert and Fayette Streets, and its exterior will be made to conform to the most tasteful designs of a grand and elegant architecture. The interior will be embellished in an unsurpassed style of luxurious splendor. In this connection, the proprietors beg leave to state to the public that so immense is their establishment, that the process of improvement can in no degree disturb the quiet and comfort of its numerous guests.

They have thought it due to themselves to publish this statement, since from the wide spread reports of its improvements, there might arise a supposition that its capacity for the accommodation of guests had been in some degree abridged. The travelling public can confidently rely upon the constant continuance of its unexcelled advantages.

The Lord's Prayer.

A BEAUTIFUL Steel Plate Engraving of the *LORD'S PRAYER.* The idea of representing the LORD'S PRAYER by an engraving, and of ornamenting and arranging it in such a manner as to produce at once a model of neatness and taste, was conceived and carried out by ORMSBY, the celebrated Bank Note Engraver, of New York City. It commences with exquisitely-executed words of "OUR FATHER," and then follow in succession the other parts of the Prayer, every phase of which is engraved in the most elegant and tasteful manner. Near the bottom of the picture is a superbly-executed head of OUR SAVIOUR, and encircling the upper part of the engraving are ten angels, each bearing one of the

TEN COMMANDMENTS.

This engraving has received the most unqualified praise from the religious community, as there is nothing of a sectarian character about it, having been recommended by clergymen of all denominations. As an ornament, it is one of the most splendid in this country, and is destined to take the place of a poorer class of engravings.—The size of the plate is 20 x 28 inches, and is unquestionably the cheapest engraving ever offered in this country. Price $1 00. The undersigned will also furnish frames at manufacturer's prices.

☞ Specimens may be seen at this office, where subscriptions will also be received.
