THAT CHANGE IN WOMAN'S LIFE

Mrs. Godden Tells How It May be Passed in Safety and Comfort.

Fremont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. GODDEN, 925 Napoleon St., Fremont, Ohio.

Such annoying symptons as heat flashes, nervousnss, backache, headache, irritability and "the blues," may be speedily overcome and the system restored to normal conditions by this famous root and herb remedy Lydia E. Pinkham's Vegetable Compound.

If any complications present themselves write the Pinkham Medicine Co., Lynn, Mass., for suggestions how to overcome them. The result of forty years experience is at your service and your letter held in strict confidence.

IN MEMORIAM

In sad but loving remembrance of Mary E. Crouch, devoted wife of Amos Crouch and daughter of the late Henry and Mary A. Jones, who departed this life one month ago today, Oct. 15, 1918.

I can not forget you wife, dear,
Thou long may seem the year
And oft in the lonely hour I wipe away many a tear,
So I'll try and still my heart ache,
And do my best to smile
For God will let me come to you
In after a little while.

By her devoted husband, Amos Crouch.

Home is sad, O God how dreary,
Lonesome, lonesome every spot
Listening for the voice of mother,
Silent for we hear her not.
I can never forget you dear mother,
While in the world I stay
When the form of death over comes me,
Meet me, dear mother, on my way.

By her children.

Oh how hard we tried to save her,
Prayers and tears were all in vain,
Happy angels came and took her
From this world of toil and pain.
Farewell, dear daughter, is an awful word
Which pierces a parent's heart;
But, Oh it is the will of God;
Our dearest ones must part.

By her mother and father.

Rest on dear sister, thy labor is o'er,
Thy willing hands will toil no more,
A faithful sister, both true and kind,
A truer sister you could never find.

By her brother, Sol.

Yes, we miss her, Oh we miss her
When we see her, vacant chair,
But how sad the room is without her
For we see no sister there.
Dear is the grave where our dear sister lies,
Sweet is memory which never shall fade,
Roses may wither, leaves fade and die,
Others have forgotten you but never shall I.

By her sister.

Why Compare Beef and Coal Profits?

Swift & Company has frequently stated that its profit on beef averages only one-fourth of a cent a pound, and hence has practically no effect on the price.

Comparison has been made by the Federal Trade Commission of this profit with the profit on coal, and it has pointed out that anthracite coal operators are content with a profit of 25 cents a ton, whereas the beef profit of one-fourth of a cent a pound means a profit of $5.00 a ton.

The comparison does *not* point out that anthracite coal at the seaboard is worth at wholesale about $7.00 a ton, whereas a ton of beef of fair quality is worth about $400.00 wholesale.

To carry the comparison further, the 25 cent profit on coal is 3½ per cent of the $7.00 value.

The $5.00 profit on beef is only 1¼ per cent of the $400.00 value.

The profit has little effect on price in either case, but has less effect on the price of beef than on the price of coal.

Coal may be stored in the open air indefinitely; beef must be kept in expensive coolers because it is highly perishable and must be refrigerated.

Coal is handled by the carload or ton; beef is delivered to retailers by the pound or hundred weight.

Methods of handling are vastly different. Coal is handled in open cars; beef *must* be shipped in refrigerator cars at an even temperature.

Fairness to the public, fairness to Swift & Company, fairness to the packing industry, demands that these indisputable facts be considered. It is impossible to disprove Swift & Company's statement, that its profits on beef are so small as to have practically no effect on prices.
