## Landon Academy and Military Institute,

**Urbana, Frederick County, Maryland.**

THE Fourth Session of this School will open on first MONDAY in SEPTEMBER next and close on the 4th of JULY, 1856.

LANDON is situated in one of the most beautiful and healthy portions of our country, immediately on the stage road leading from Washington to Frederick, and two-and-a-half miles from the Ijamsville Depot of the Baltimore and Ohio Railroad.

The course of instruction is thorough, and youths will be prepared to enter any class in college, or at once to engage in the business pursuits of life.

The Military Exercises, whilst they do not interfere with the studies of the pupils, are of great advantage in improving their carriage, and promoting their health.

Circulars, containing particulars, may be had by applying to the Principal.

TERMS:

For the session of ten months, $180—one-half on entering and the remainder on the first of February next.

NO. 464 E STREET,
WASHINGTON.

THIS Institution has been in successful operation for several years; and for healthfulness, convenience, and beauty of location, and extent of play grounds, is unsurpassed in the city. The course of instruction comprises all the branches taught in the best seminaries; and to secure great attention to the acquisition of French a native Parisian lady resides in the family.

Terms per session of 10 months, for board and washing, and tuition in English, French, and Drawing $250. Circulars containing full particulars can be had on application to the principals.

TESTIMONIALS.

*From George D. Cummings, Rector of Trinity Church, Washington.*

"I take great pleasure is bearing my testimony to the superior qualifications of the Misses Rooker for the important work of the intellectual and moral culture of girls. Having had a member of my family under their care, I am satisfied that the school is just such an one as a christian parent would desire for a daughter."
June 5, 1856.

*From Hon. W. W. Boyce, M. C., South Carolina.*

"I take great pleasure in expressing the high opinion I entertain of the Misses Rooker's school. My two daughters have been attending for the last session, and the progress has been such as to make me congratulate myself on the selection of the school."
June 11, 1856.

*From Hon. Asa Biggs, U. S. Senator, North Carolina.*

"I have had a daughter attending the Misses Rooker's school, during the session which will soon terminate, and I take great pleasure in saying that I am gratified in the selection I made of their school among the large number in this city."
Washington, June 16, 1856.

*Washington Union, December* 11, 1855.

"In our advertising columns to-day will be found the card of the Misses Rooker, inviting attention to their English and French Boarding and Day School, on E street. At this late day, it is quite unnecessary to speak of the claims and qualifications of these talented and accomplished ladies for the confidence and patronage of the public. Their success and popularity are better attested by the present flourishing condition of the institution over which they have presided so long and so acceptably."
