Wash Need no Longer be one of Tempest and Scold,

NO BLEEDING FINGERS, NO CHAPPING AND CALLUS, SUCH AS WASHERWOMEN'S HANDS SO OFTEN EXHIBIT—no prematurely rubbed and worn-out garments—no boiling and cooking of clothes—filling the house with the fumes of soap suds.

LET THE WOMAN'S FRIEND, LET THE PHILANTHROPIST CALL AND SEE *TWO HUNDRED FLOATING BALLS AT WORK.*

Hollingsworth's Patent Knuckle or Floating Ball Washing Machine.

Every day in operation (up stairs) over MORTIMER & MOWBRAY'S, No. 240 Baltimore St., where a *LAUNDRY* has been established that the public may test its great power to do all that is claimed for it, and which no other Washing Machine has heretofore done.

We invite the Ladies to send by their servants soiled clothing, that they may witness its operation. We will wash the article seat—or let them wash them—so quickly and thoroughly as to strike them with astonishment.

Please Take Notice,

That not only great labor is saved, but the Clothes are not injured as by other Machines and Wash Boards; this will be apparent to all who see it in operation. It will wash bank notes without tearing or injuring them.

This wonder of the age—this great blessing to every house-keeper, is so simple in its construction that it cannot get out of order unless broken, which cannot be done in using it. Its durability has no other limit but that of the power of wood to resist decay; it will wash one dozen pieces in two minutes in the most beautiful and thorough manner, without injury to the finest material.

In numerous instances the experiment has been tried of putting in bank notes together with shirts considerably soiled. After being washed the required time to make the shirts clean, the notes have presented no change save being made clean and the ink a little faded.

The Machine is so easy to work that small children can take part in it; any half-grown girl, of ordinary strength, however little used to labor, can do a regular week's washing, and derive great benefit from the exercise, it being of the very best kind for strengthening the arms, chest and loins.

We ask the public to call and see for themselves, as it will be impossible for all its merits to be set forth in an advertisement. One sight of its simple operation must convince the most sceptical apart from the numerous certificates of our own citizens who have them in use.

These celebrated Machines are made in the neatest and most substantial manner; and to meet the circumstances of all, we put them at the low price of **$12,** cash. They will soon pay for themselves in the saving of soap, clothes and labor. Persons have done hundreds of washings with them without ever knowing a button to be torn off or broken. All orders must be addressed to MORTIMER & MOWBRAY, Baltimore, who alone are authorized by law to sell them, each Machine being stamped "Hollingsworth's Patent."

☞RIGHTS TO MAKE AND SELL for the counties in the State and for the District of Columbia for sale.

☞ We refer to Mr. BASIL HALL, of Prince George's County, and Mr. GEORGE MILLER, of Millersville, Anne Arundel County, and others.

BARNUM'S CITY HOTEL,

BLTIMORE.

THIS very extensive and well-known establishment has for a considerable time been in the hands of a celebrated architect, under whose efficient supervision it is rapidly assuming that splendor of embellishment which is the characteristic of the most famous of American Hotels. New stories will be added along its entire extent upon Calvert and Fayette Streets, and its exterior will be made to conform to the most tasteful designs of a grand and elegant architecture. The interior will be embellished in an unsurpassed style of luxurious splendor. In this connection, the proprietors beg leave to state to the public that so immense is their establishment, that the process of improvement can in no degree disturb the quiet and comfort of its numerous guests.

They have thought it due to themselves to publish this statement, since from the wide spread reports of its improvements, there might arise a supposition that its capacity for the accommodation of guests had been in some degree abridged. The travelling public can confidently rely upon the constant continuance of its unexcelled advantages.

MISSES ROOKER'S

English and French Boarding and Day School for Young Ladies,

NO. 464 E STREET,
WASHINGTON.

THIS Institution has been in successful operation for several years; and for healthfulness, convenience, and beauty of location, and extent of play grounds, is unsurpassed in the city. The course of instruction comprises all the branches taught in the best seminaries; and to secure great attention to the acquisition of French a native Parisian lady resides in the family.

Terms per session of 10 months, for board and washing, and tuition in English, French, and Drawing $250. Circulars containing full particulars can be had on application to the principals.

TESTIMONIALS.

From George D. Cummings, Rector of Trinity Church, Washington.

"I take great pleasure in bearing my testimony to the superior qualifications of the Misses Rooker for the important work of the intellectual and moral culture of girls. Having had a member of my family under their care, I am satisfied that the school is just such an one as a christian parent would desire for a daughter."

June 9, 1856.

From Hon. W. W. Boyce, M. C., South Carolina.

"I take great pleasure in expressing the high opinion I entertain of the Misses Rooker's school. My two daughters have been attending for the last session, and the progress has been such as to make me congratulate myself on the selection of the school."

June 11, 1856.

From Hon. Asa Biggs, U. S. Senator, North Carolina.

"I have had a daughter attending the Misses Rooker's school, during the session which will soon terminate, and I take great pleasure in saying that I am gratified in the selection I made of of their school among the large number in this city."

Washington, June 16, 1856.

Washington Union, December 11, 1855.

"In our advertising columns to-day will be found the card of the Misses Rooker, inviting attention to their English and French Boarding and Day School, on E street. At this late day, it is quite unnecessary to speak of the claims and qualifications of these talented and accomplished ladies for the confidence and patronage of the public. Their success and popularity are better attested by the present flourishing condition of the institution over which they have presided so long and so acceptably."
