There is much discussion these days about the freedom of the seas, which none here about, knows if the point is good or bad, but our watermen are "dumfuzeled" as to why the freedom of our local waters are denied them when they have complied with the license law governing motor boats Several of the watermen were quite heavily fined the past week for pleasure boats on the bay. Some are making huge scrap books for use in the bye and bye politically. But what's the use fellows? They'll all do it when opportunity offers.

In the passing of one of our most beloved citizens, Joseph F. Leary, this community realizes a great loss. Joe was genial, affable and well loved by all our people.

The oyster market was swamped last week. The oystermen had their boats loaded deep with oysters and tied up at their moorings for the want of sales. Some of the buyers got back from the city on Sunday and relieved the congestion, at 25 cents the bushell.

Good Will Given a New Impetus

A statement of Dodge Brothers war activities is due the owners of their cars.

Dodge Brothers refrained, during the progress of the war, from any reference to the performance of the car in Government service.

It seems proper now, however, to disclose the facts, because they are unusual facts—intensifying that good will which owners of Dodge Brothers Cars have always manifested.

Dodge Brothers car was the only one of its class approved and adopted by the War Department.

In a separate Ordnance Works, built especially for the purpose, costing millions of dollars and employing thousands of their skilled motor workmen, Dodge Brothers undertook an important duty designated by the War Department.

Without the aid of their great motor organization, Dodge Brothers could not have fulfilled the heavy obligation which they were asked to assume by the Ordnance Department.

The other service required of Dodge Brothers motor works, by the Government, was to continue to furnish their cars as they were needed.

They *were* furnished, not in hundreds, but in thousands—both for the training camps here, and for service in Belgium, France and Italy.

The record of those thousands of camp and army cars is one in which any owner may feel the utmost pride and satisfaction.

Their performance justified the compliment implied in their selection by the Government.

The great works in which nearly three hundred thousand of their cars have been produced in the past four years furnished a vast store-house of human energy and equipment for the ordnance work.

Naturally, it will take time to adjust the motor works to its full accustomed activity.

Gradually Dodge Brothers will resume the grateful task of continuing to deserve the good will of America—and indeed of the whole world.

Dodge Brothers consider good will their most valuable possession.

They will never knowingly do anything to lessen it

IN MEMORIAM

DEFORD—In loving remembrance of our dear sister and aunt, Katie De Ford, who departed this life one year ago today, Dec. 16, 1917.

We cannot understand why we must part
From those we love so dear;
But God, who doeth all things well,
Will sometime make it clear.
By SISTER EMMA.

On the hill side, softly sleeping,
Far away from care and pain,
May she rest in Jesus' keeping,
For we hope to meet again.
