All figured out

FORD lubrication is no cinch.

"Standard" Polarine (medium) is absolutely the correct oil. Ask for it *by name* and see that you get it. Good for other cars, too.

Buy the best oil, but buy it by name—and the name is "Standard" Polarine

"STANDARD"
Polarine
Medium

BAD WEATHER MAKES CORN PLANTING LATE

Plowing for corn and corn planting have been interrupted by the recent wet spell, and will cause a general lateness in the crop.

Planting of early potatoes and peas in Western Maryland also has been seriously hampered. Fruit prospects are excellent and strawberries are coming into bloom in the western sections, while in some Eastern Shore counties they are ripe.

Tomato and tobacco plants in beds are doing well and setting out of tomato plants in the southern and central sections has begun. The season continues about two weeks behind. Warm, sunshiny weather is needed.

Wheat, grass and asparagus are doing finely. In low places wheat is turning yellow because of the rains. The outlook is for a dry June.

TELEPHONE DIRECTORY

Latest Publication Of Cecil, Kent, Queen Anne's And Talbot And Caroline Counties—Operators When Names Are Given To Stop Work And Look Up Numbers—This Interrupts The Service.

The delivery of the new telephone directory of the Chesapeake and Potomac Telephone Company has just been completed in the five counties and R. C. Harris, Manager says that it will be helpful to the company if all the users would refer to the directory before making a call and give the operator the number of the party desired and not the name.

Continuing, Mr. Harris said: "Frequently subscribers will call by name instead of by number and this makes added work for the operators, causing an unnecessary delay in the completion of calls. He explains that, when the operators are given the name instead of the number, it is necessary for her to refer to the directory to obtain the number before the call may be completed, as the operator cannot be expected to remember the telephone number of each subscriber."

ELKTON YOUTH WAS BURNED TO DEATH

Lee Davis, aged 18 years, son of Mr. and Mrs. William Davis, of near Elkton, was burned to death Sunday morning while at work at the "spit devil" plant of the Victory Sparkler Co.'s Singerly road works, one mile north of Elkton.

Young Davis had left his place of employment about 10.30 a. m. and went to a small building, a storage house for gravel used in packing the manufactured goods. He was not inside the building more than a couple of minutes when he came running out in a mass of flames and before assistance could reach him he was burned to a crisp.

The supposition is that his clothing was saturated with the ingredients used in the manufacturer of the fire works, when he slipped in to the gravel house and that he struck a match to light a cigarette, thus instantly setting himself on fire.

As he ran from the building the frame work was set on fire. An alarm was sounded and the Singerly Fire Co. responded, but in short order the building was destroyed.

The death of young Davis is the first fatality at the Victory Co.'s works since they were located in Elkton, seven years ago. One of the strictest rules the company prohibits is smoking within their grounds or buildings, and several had been dismissed when caught violating this rule.

A fleet of shallow-water speed boats will be added to the oyster navy for a vigorous offensive against oyster pirates. They are for the purpose for chasing into rivers, creeks and shallow bays the illegal "hand scrapers" who clean out the oyster beds in low water places where the larger boats of the oyster navy cannot follow.

New Light On Cause of Asthma and Hay Fever

The medical world has been grouping about in the dark for years in an effort to find a "cure" for Asthma and Hay Fever.

These two ailments are undoubtedly among the most annoying and troublesome ailments man or woman can have.

During recent years, however, clinical experience has proven the fact that Asthma and Hay Fever have their seat of origin in the nerves that emanate from the spine, and the cure of course lies in correcting the trouble from its source.

For every effect (ailment) there must be a cause, and chiropractic is most successful because it strikes at the very source of trouble and removes the cause, so that the effect (ailment) disappears.

William Bright, of Worton, Kent county, suffered with Asthma for a long time. Medicine only seemed to aggravate the trouble, and he found himself on the decline. A friend who hal just been cured of a similar ailment took him to Dr. Dill, the Chiropractor, and after a series of Special Adjustments, he was completely restored to health and is now well and strong and advises all who are sick to try Chiropractic.

If you have been ailing talk to someone who has given Chiropractic a fair trial, and you will hear a story of wonderful recovery.

Does It Pay?

GEORGE W. MOORE, of Betterton, took out a policy for $225 in 1907 in the

MUTUAL FIRE INSURANCE CO. of Kent County, Md.

In March, 1924, he canceled this policy and was paid $24.08

He paid in premiums during the 17 years, $34.00. Thus he got insurance for 17 years for only $10.

Every Policy Holder in the KENT MUTUAL Shares in its Profits.

Corkhill Brand Frankfurters are an excellent luncheon dish

FEW products of the Corkhill Plant are as appetizing as Corkhill Frankfurter Sausage. They are most skillfully blended and have a delicate spiciness that is always delightful.

Remember this. There is no cereal in Corkhill Frankfurters, and no filler. They are prepared from pure, wholesome pork and beef, expertly seasoned—And it's the Corkhill way of seasoning that gives them their distinctive, delicious flavor.

Your dealer has them—or can get them for you if you ask.

Say Corkhill

All Corkhill Products are Government Inspected.
