1770 DECEMBER 15 ROBERT HERRIES & CO. TO JAMES CAMPBELL

SIDE TWO

=should a War as is probable take Place & the present
want of Rain continue some time longer, Prices cannot
fail to be high during the Winter & Spring, notwith=
=standing that the want of the Troops usually quarter'd
in this Province including all their followers must
greatly diminish the former Consumption; but War
on the other hand especially should it become general
must keep down the Prices in America, and if good
wheat could be laid down at Gibraltar freight and
Insurance included at 30/ ℔ English Quarter, it would
be a desirable Object of Speculation since it might be
conveyed from thence on neutral Bottoms at an easy
Charge of freight & Insurance.
Being what offers to communicate to You Were=
=main sincerely,
