## Rural Women's Clubs To Hold Second Annual Short Course

Women from all parts of Maryland are planning to attend the Second Annual Short Course for Rural Women to be held at the University of Maryland, College Park, from June June 16th to 21st inclusive.

Courses will be given in the following subjects: Food, Etc., House Furnishing, Clothing, Etc.

In addition to the splendid course of study which will be given under a skilled force of teachers, plans have been made to provide ample recreation, such as music, speakers, tours, etc.

The course is open to all women of the State but has been planned to meet the needs of the farm home.

Registration fees will be $5.00, which will make it possible for Kent county women to make the trip, including traveling expenses, for $10. All women who are interested should get in touch with Susan V. Hill, County Home Demonstration Agent, by June 1st, who will provide you with a registration card and full information.

This course is too fine for any woman to miss who can possibly take advantage of it. One week of college life is something worth while to look forward to. Don't miss it.

### PLAN NEW HOSPITAL IN BALTIMORE

New institution will have capacity for 700 patients in August. What is said to be the largest hospital in the world devoted strictly to non-medical or drugless healing will be opened this summer to patients at Eccleston Station, in the Green Spring Valley section of Baltimore.

Located in the foothills of the Blue Ridge Mountains, ten miles from Baltimore, overlooking the far-famed and surpassing beauties of the wondrous Green Spring Valley, the institution will be dedicated strictly and solely to the advancement of the wonderful new health science of Chiropractic.

Ground has already been broken, and the million dollar institution is well under way. Over one hundred acres of ground will beautify the Chiropractic Hospital.

### Medical Detachment Preparing For Training Camp At Virginia Beach.

Major F. B. Hines has received definite orders from the Military Department, State of Maryland, for the Summer Training Camp, which will be held this year at Virginia Beach, Virginia, August 3rd to 17th inclusive. It is the present plan for the First Regiment of Infantry of which the Medical Detachment is a part, to go to Norfolk on a large Bay Line Steamer, and unloading at that point, go by trolley or motor trucks to the camp which is located at Virginia Beach on the Atlantic Ocean, about twenty miles from Norfolk. The camp this year of the National Guard is expected to be the most interesting and delightful tour of duty that has ever been held by Maryland troops. The entire brigade, under Brigadier General Milton A. Reckord, will be under canvas at the same time and this will add to the interest of the camp. Sports will play an important part at the camp and there will be keen competition, not only between the companies of the regiment, but also between the First and Fifth Regiments. This camp site will be occupied the two weeks previous by the Virginia Brigade of the 29th Division. There is a large rifle range and the troops will cary on their small arms practice during the period of the camp. There will be interesting military maneuvers and probably one practice march on the schedule of instruction. Special attention will be given to recreational facilities and there will be opportunity for surf bathing every day. It is proposed to organize a sight-seeing trip for the second Sunday in camp, that will include Hampton Roads, Newport News, Fortress Monroe and Norfolk. Medical Detachment expects to go to camp this year with its ranks full and it is suggested that those considering joining the Company do so promptly as it is expected that the Medical Detachment will soon have its full quota.

### GAME KILLED WORTH LARGE SUM

# SAVED FROM AN OPERATION

**Mrs. Shaw Calls Lydia E. Pinkham's Vegetable Compound a God-Send to Sick Women**

Cambridge, Maine.—"I suffered terribly with pains and soreness in my sides. Each month I had to go to bed, and the doctor told me I simply had to go under an operation before I could get help. I saw your advertisement in the paper, and I told my husband one day to get me a bottle of Lydia E. Pinkham's Vegetable Compound. Before I took the third dose I felt better. I took it four times a day for two years, getting better all the time, and now for four years I don't have any pains. After taking the medicine for two years I had another child—a lovely baby girl now four years old—the life of our home. I do praise this medicine. It is a Godsend to women who suffer with female troubles and especially for pains at the periods. I surely was very bad once, and I know that Lydia E. Pinkham's Vegetable Compound saved me from an operation." — Mrs. JOSIE M. SHAW, Route No. 1, Cambridge, Maine.

A country-wide canvass of purchasers of Lydia E. Pinkham's Vegetable Compound reports 98 out of every 100 were benefited by it. For sale by druggists everywhere.
