Movies

"It Happened One Night" comes to the screen of the New Lyceum Theatre Monday and Tuesday evenings with approval of some of the nation's better critics, and, since we haven't seen it, we will but outline its merits for you.

First off, the cast is headed by Clark Gable and Claudette—the former good news for the ladies, and the latter not so hard to take where the gentry is concerned. Then there is Walter Connolly that popular character star, and Roscoe Karns, who will provide many amusing moments.

The story of "It Happened One Night" is concerned with the adventures of an heiress who runs away from her father's wrath, brought on by his objection to her marriage, and a young newspaperman who is out of work. Their struggles to get to New York without sufficient funds, and the manner in which they find love, offers a story filled with fun, and romance.

—o—

For Wednesday and Thursday Janet Gaynor and Charles Farrell divide headline honors at the New Lyceum Theatre in their latest co-starring film, "Change of Heart." Noted for the many hits which they have turned out together, this pair is together again for the first time in many months; and "Change Of Heart" bids fair to the being as good as anything which they have done. James Dunn and Ginger Rogers are also in the cast, which adds much to the fun of the film.

"Change of Heart" gives a vivid picture of the actions of four students from the Pacific Coast who are trying to carve careers for themselves in New York. The story becomes complicated when we find both young ladies in love with the same man, while the young men are both in love with one of the girls. The story moves along briskly and there's lots of fun throughout.

For Friday and Saturday another of the popular double-feature bills has been booked at the New Lyceum Theatre. As one of these, Edgar Allen Poe's "The Black Cat" has been put on the screen with those two blood-curdling stars, Bela Lugosis and Boris Karloff in the leading roles, and it will be offered to local movie-goers who are certain that they can stand shocks. The story is one of Poe's best, and the screen version gets as much horror as possible out of it.

The other attraction for these evenings is "Thrill Hunter," which has as its star Buck Jones. Containing all of the usual western tricks that go to make a film interesting, "Thrill Hunter" has been more to recommend it since it includes lots of modern tricks that are not to be found in the ordinary cowboy yarn.

Norse Sons Have It

Discovery near Lake Winnipeg, in Canada, of a Norse rune stone dated in the Fourteenth century revived dispute over Scandinavian claims that Norsemen not only discovered American land before Columbus, but penetrated far into the continent with expeditions and settlements. This theory had its rise in discovery of a similar rune stone in Minnesota some thirty years ago, says the San Francisco Chronicle. This discovery was hooted by skeptics as a fake. Much plausible evidence has been presented by both supporters and opponents of the Nordic claim, as well as by others who uphold the theory that Asians preceded any Europeans in American discovery, this apart from evidence that the American Indians did not spring from the soil, but came by way of Bering Straits.

Sheep growers in the county are receiving 25 cents a pound for their wool delivered in Chestertown markets, which is a much better price than that received a year ago. Select lambs are also bringing $5 each which is a better price than last year, which indicates that the profits from the sheepgrowing in the county this year will be above the average for the past several years.

Washington Whirl

spent two years at a large eastern university, graduated from here, and is now in his second year of graduate work, is the best lecturer he has ever sat under...and we firmly believe this...Prof. Ford, that international cosmopolitan... one of the most brilliant and interesting men we ever had the pleasure to talk to...then there is Prof. Goodwin...well, the best way to describe him is to say that if you ever have any problem concerning economics or philosophy just ask him... we'll bet our shirt that he can give you the right answer. We could carry this list through the entire faculty...but won't. Instead we suggest that you look up the lives and works of our teachers, you will be surprised to find that they are rated very highly in their respective fields.

****

Much has been said during the past year about the athletics of the college, and there have been reflections cast on our coaching staff. The fault does not lie with them...it lies with the entire student body. When they assume a "winning" attitude so will the teams. We ask for better cooperation of the students and the teams.

No matter what is said of the athletics of this college we can be proud of the fact that we have no subsidized athletes in our midst. Our coaches do not try to bring rings...every boy has an equal opportunity to make the team... and this is more than can be said of most of our neighboring institutions!

****

We can hardly take our leave without taking a final shot at someone...this week it is the chap who signs himself "Dame Rumor" in one of the neighboring rags. The Dame took quite a nasty slap last week at several sisters of this town...in fact it was more than a slap...it was downright nasty and obscene ...totally uncalled for...we are are certainly glad that our boss would be ashamed to print such a thing, even if we were of such a mentality as to write it. One is judged by one's writings.

****

We will always remember Chestertown by a remark made to us on our arrival here four years ago by the colored man who works at the local hostelry. He said, "Come right in and make yourself at home. Chestertown is not a large town but it is a nice town"...and we have discovered that it is most certainly a nice town.

And we say that we hope we have brought some degree of pleasure to all of you, and it is with regret that we turn this column over to more efficient hands.

And so, as the Spanish would say, Naci para servirte.

Hasta luego.

WHEAT CERTIFICATION

Effort of the Extension Service and the Maryland Seed Certification Board to provide adequate amounts of high quality home grown seed wheat and other small grains are called to the attention of Maryland Farmers through the announcement that farmers who have grain crops of high quality, trueness to type, purity as to variety and free from disease and weeds, may have such fields inspected before harvest (and later have samples tested for weight per bushel, germination, freedom from weed seed, etc.,) by notifying the County Agent at once. Such grain sells at a margin above market grain.

Prof. F. W. Oldenburg, of the Extension Service does the inspection work. He is doing much to improve the quality of seed used in Maryland.

Immediate action is necessary by those desiring this service.

Lieut.-Commander W. E. Tarbutton, of the battleship Memphis now anchored in New York harbor, visited his father, Cooper Tarbutton in Crumpton Sunday.

99 GRADUATES AT WESTERN MD.

Ninty-nine students received the degree of Bachelor of Arts at the sixty-fourth commencement exercises at Western Maryland College, Westminster, Md., held Monday in Alumni Hall. Dr. J. M. H. Rowland, dean of the School of Medicine at the University of Maryland, was the commencement speaker. Dr. Albert Norman Ward, president of the college, presided over the exercises. Among those received degrees was Arthur James Downey, of Rock Hall.

The season of the Tockwoch Yacht Club was opened Saturday at the club rendezvous at Fredericktown on the Sassafras River. A meeting of the board of directors was held in the afternoon aboard the yacht of Commodore H. Morton Cole, of Philadelphia, when plans for the season were outlined. In the evening there was a flag raising on the lawn of the clubhouse, followed by dinner. The usual cruise was dispensed with.

Weight Reduced From 180 to 137
"Wonderful", She Says

Here's to-day's story of a woman who knew she carried too much fat and decided the right way to get rid of it—just a few words that wise fat folks should heed—worth reading.

"I use Kruschen Salts to reduce. It's wonderful. Take it daily and eat what I want and still lose. I did weigh 180, now 137. Want to get down to 125." Mrs. Leonard Bass, Ft. Atkinson, Wis., Feb. 6, 1934.

When you take one half teaspoonful of Kruschen in a glass of hot water—you not only lose in weight but you put healthy activity into your whole body—you feel younger and look it—get it at Smith's Kut Rate Drug Store, Chestertown, Md., or any drugstore in the world.
