Proposed sailing days from each port, alternate Thursdays. Farmers can now rely on regular communication with Philadelphia, and at the lowest freights that can possibly be afforded.

Freights of grain respectfully solicited, and, when desired, advances will be made on receipt of grain of receipts at the market quotations.

All orders left at my store, or with the agents in Philadelphia, will receive prompt attention.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out from any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously developed, according to age, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" and oh, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by depositions from the blood of corrupt or tuberculous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumptions which decimate the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, skin, and bones of all the senses, arise from or are complicated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S
Compound Extract of Sarsaparilla.

the most celebrated remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is confidently from the most active remedies that have been discovered for the expurgation of this fearful taint from the blood, and the renewal of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as Erysipelas and Skin Diseases, St. Anthony's Fire, Rose, or Erysipelas, Pimples, Pustules, Blotches, Blains and Boils, Tumors, Tetter and Salt Rheum, Scald Head, Ringworm, Ring-worm, Syphilitic and Mercurial Diseases, Dropsy, Dyspepsia, Debility, and, in fact, all Complaints arising from Vitiated or Impure Blood. The popular belief in a "spring medicine" is founded in truth, for scrofula is the taint of the blood. The particular purifying virtues of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,
FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

are so compounded that they come within the range of their action on nearly every internal organ. Their penetrating properties search out its disorders, and invigorate every portion of the human machine, correcting its diseased action, and restoring it to healthy vigor. As a consequence of these properties, the Pills will be found to cure not only the ordinary complaints of the bowels, stomach, liver, and kidneys, but also many of the more dangerous maladies which lurk within the system. Even where no serious disease is established to find his health or energy restored by a remedy at once so simple and reliable.

Not only do they cure the everyday complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: *Costiveness, Heartburn, Headache, arising from Foul Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice*, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,
FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, confirmed its claims on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

T. C. NICOLS, JR.,
SOLE AGENT FOR
ALLEN & NEEDLES' SUPER-PHOSPHATE OF LIME.
Price $15 for 2000 lbs., Cash.
ALLEN & NEEDLES' FERTILIZER.
Price $30 for 2000 lbs., for approved *endorsed* note at eight months from March 15th, *without* interest. Note to be given *on or before* the delivery of the article. Or for Cash $28 00 for 2000 lbs.

☞ In all cases the freight is $1½ per ton to be paid in Cash.

The subscriber has experienced much satisfaction from the sale of over one hundred tons of "Allen & Needles' New Fertilizer" the past year, from the fact that although *some* persons did not have their expectations realized all unite that it has merits of a high order and nine tenths of the purchasers expressed themselves satisfied that, but for the severe drouth of last summer, it would have paid them handsomely. This concentrated manure is highly ammoniated being composed mainly of BONES, HAIR, ANIMAL MATTER AND SULPHURIC ACID. It is put up in new and sound seamless bags, which when emptied may be used for grain bags or other farm purposes.

The terms on which this manure is sold are such as to place it within the reach of all farmers, enabling them as it does to pay for it out of the crop it assists in producing.

The subscriber has been furnished with numerous verbal and written replies to his questionings concerning it, some of which are very flattering.

One verbal one is from a farmer of high standing in Trappe district who states that his corn crop was greatly benefitted by it and that after his crop of corn was matured he put a piece of the same land in Lucerne and at the time of his report December 10th his Lucerne *was then ten or twelve inches high*, something he never saw before at the same season.

Another report is, that a trial was made in the same field with Guano, Stable Manure, Lime and Marl and where the "Fertilizer" was applied, *though the poorest land in the field*, his corn was the best.

Annexed is a written report.
EASTON, MD., Oct., 13, 1860.

Thos. C. Nicols, Jr., Esq.

Dear Sir:—In reply to your inquiry in regard to the success of "ALLEN & NEEDLES' FERTILIZER" purchased of you last Spring I will say that owing to the drought the corn crop generally was cut short, but where the Fertilizer was applied the corn grew off finely and so continued until the drought stopped its progress. I applied it also to both Sweet and Irish Potatoes *with great success* making the *best crop I ever made*. I applied it also to Garden Vegetables, and notwithstanding the dry season I raised more vegetables than I have for the last *three years all together*. My confidence in it is so strong that I wish you to retain for me five tons to go on my wheat.

Yours Truly,
CHARLES M. JUMP.

Numerous testimonials could be added to the above but it is deemed unnecessary. Few can demn it, numbers applaud it.

Orders are respectfully solicited and the earlier they are given the better as the supply is limited. It can be hauled any time and not affect the date of the falling due of the note, as whether taken before or after March 15th the notes will all bear same date.

I repeat send in your orders early. A small supply on hand to begin with.

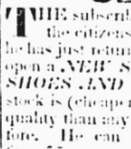

Delivered without extra expense on Tred Haven or Choptank Rivers. Or on any other river on the shore where the orders reach 50 tons or more. [jan 19, 1861.
